CONTENTS

About the Author xiii

Preface xv

Acknowledgments xxi

Part One Introduction to Usability Testing 1

1 The Problem of Unusable Products and Systems 3

Introduction 3

User-Centered Design 10

Three Principles of User-Centered Design 11

Attributes of Organizations that Practice UCD 12

UCD: A Brief Review of Techniques, Methods,
and Practices 19

Contents

2	Overview of Usability Testing	25
	Introduction	25
	Goals of Testing	26
	Limitations of Testing	27
	Basics of Test Methodology	27
	Four Types of Tests: An Overview	30
	Exploratory Test	31
	Assessment Test	37
	Validation Test	38
	Comparison Test	40
	Hypothetical Case Study Using the Four Tests	42
Part Two	Preparing for Usability Testing	47
3	Setting Up a Testing Environment	49
	Introduction	49
	Setting Up the Testing Area	50
	Summary	59
4	Testing Roles with Special Emphasis on the Test Monitor	61
	Introduction	61
	The Different Testing Roles	62
	Role of the Test Monitor	64
	Characteristics of a Good Test Monitor	67
	Typical Test Monitor Problems	71
	Getting the Most Out of Your Participants	73
	How to Improve Your Test Monitoring Skills	76
Part Three	Six Stages of Conducting a Test	79
5	Developing the Test Plan	81
	Introduction	81
	Suggested Format	83
	Sample Test Plan	106

- 6 Selecting and Acquiring Participants 119
 - Introduction 119
 - Characterize the User 120
 - Where to Look for Information About the End User 124
 - Differentiate Between Purchaser and End User 125
 - Divide the User Profile into Distinct End User Categories 126
 - Operationally Define and Document the Criteria for Each Group 127
 - Choose the Number of Participants to Test 128
 - Include a Few Least Competent Users in Every Testing Sample 129
 - Some Other Considerations for Participant Selection 129
 - Acquiring Participants 131
 - Some Thoughts on Participant Compensation 139

- 7 Preparing the Test Materials 141
 - Introduction 141
 - The Screening Questionnaire 142
 - The Orientation Script 145
 - The Background Questionnaire 151
 - The Data Collection Instruments (Data Loggers) 156
 - The Nondisclosure Agreement and Tape Consent Form 169
 - The Pretest Questionnaire 171
 - The Task Scenarios 179
 - The Prerequisite Training Materials (Optional) 185
 - The Written Posttest Questionnaire 199
 - The Debriefing Topics Guide 211

- 8 Conducting the Test 213
 - Introduction 213
 - Guidelines for Monitoring the Test 214
 - Using Checklists 224
 - Some Frequently Asked Questions 234

	What <i>Not</i> to Say to Participants	236
	Variations on the Basic Testing Method	237
9	Debriefing the Participant	243
	Introduction	243
	Purpose	244
	Some General Interrogation Guidelines	244
	Where to Hold the Debriefing Session	245
	Basic Debriefing Guidelines	245
	Advanced Debriefing Guidelines and Techniques	249
10	Transforming Data into Findings and Recommendations	257
	Introduction	257
	Compile and Summarize Data	259
	Analyze Data	274
	Develop Recommendations	283
	Produce the Final Report	288
Part Four	Expanding Usability	295
11	Establishing a Usability Program: Strategies and Tactics	297
	Introduction	297
	Phase I: Getting Started	298
	Phase II: Extending Further	302
	Phase III: Sowing the Seeds	308
	Phase IV: New Horizons	311
	Appendix	313
	References	315
	Index	323
