

LOCALIZED CORROSION

Edited by

FUMIO HINE

Nagoya Institute of Technology, Japan

KENJIRO KOMAI

Kyoto University, Japan

KOJI YAMAKAWA

University of Osaka Prefecture, Japan

Current Japanese Materials Research - Vol. 4.

ELSEVIER APPLIED SCIENCE
LONDON and NEW YORK

Contents

Foreword

Preface

vn

List of Contributors

xiii

Localized Corrosion

Some Concepts of Corrosion Fundamentals .

NORIO SATO

Factors Affecting Localized Corrosion

TOMOMI MURATA

17

Electrochemical Aspects of Localized Corrosion in Mild Steel

IWAO MATSUSHIMA

31

Formation Mechanism for the Protective Film on Carbon Steel in
Alkaline Cooling Water Containing Inhibitors . . .

MASAKI YASUDA and FUMIO HINE

43

Sulfide Corrosion of Water-Cooled Wall Tubes in Oil-Fired Boilers
under Low-Oxygen Combustion Conditions. . . .

MASAHARU NAKAMORI and YOSHIO HARADA

61

Intergranular Corrosion of Stainless Steels in Urea Plants and its Prevention.	75
KEIICHI MATSUMOTO, YUTAKA KITA and TAKANOBU SHINOHARA	
Pitting Corrosion Behavior of Commercially Pure Titanium in a Hot Bromide Solution.	91
HIROSHI SATOH, KAZUTOSHI SHIMOGORI and FUMIO KAMIKUBO	
Stress Corrosion Cracking	
Hydrogen Content and Hydrogen Attack	101
HARUSHIGE TSUBAKINO and KOJI YAMAKAWA	
Stress Corrosion Cracking of High-Strength Steels under Dynamic Loading Conditions	123
KOHJI MINOSHIMA and KENJIRO KOMAI	
Mechanism for Intergranular Stress Corrosion Cracking Related to the Grain Boundary Structure of Fe-Cr-Ni Alloys	149
MASAMICHI KOWAKA	
Stress Corrosion Cracking Behavior of Stainless Steels under Aging at Low Temperatures.	159
HIROO NAGANO and HIROYUKI TSUGE	
CBB Test Method for Assessing the Stress Corrosion Cracking Susceptibility of Stainless Steels in High-Temperature, High-Purity Water Environments.	175
MASATSUNE AKASHI	
Probability Distribution of the Failure Time due to Stress Corrosion Cracking	197
TOSHIO SHIBATA	
<i>Index</i>	215
