ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT

Table of contents

Executive summary	8
Assessment and recommendations	9
Chapter 1- Challenges facing the US economy	17
Longer-term economic Performance	18
The economic Situation	19
The macroeconomic policy stance	23
Near-term prospects and risks	25
Longer-term challenges	25
Bibliography	34
Annex 1.A.1. Progress in structural reform	35
Chapter 2. Potential employment	37
Employment limits are slowing economic growth	38
Labour force participation	42
Policies to increase the participation rate	44
Disability benefits	47
The minimum wage	50
Notes	54
Bibliography	54
Annex 2.A.1. The OECD's decomposition of potential Output	57
Chapter 3. Ensuring fiscal sustainability	59
The federal budget outlook	60
Budget rules	62
Entitlement programmes	64
Taxation	69
Concluding remarks	72
Bibliography	73
Chapter 4. Household debt	75
Household debt and the housing market	76
Vulnerability of indebted households	81
The implication for US policies	84
Conclusion	93
Notes	94
Bibliography	95
Chapter 5. Improving primary and secondary education	97
Dimensions of the problem	98
Why do US school students perform below the international average?	103
Centralisation and academic schooling Standards	108
Past attempts to improve schooling Performance fell Short	109
A stronger federal role to raise academic Standards	110

Early signs of progress	110
The urgent need for challenging Standards	114
Conclusion	115
Notes	118
Bibliography	120
Annex 5.A.I. Further evidence on school Performance	122
Chapter 6. Financing higher education	125
Background	126
More needs to be done	132
Loans	134
Pell grants	140
Tax relief	143
State provision	146
Notes	149
Bibliography	151
Annex 6.A.I. Implementation of income contingent loans	153
Boxes	
2.1. Recommendations on potential employment	54
3.1. Recommendations of the President's Panel on Tax Reforms	71
3.2. Recommendations regarding fiscal sustainability	72
4.1. Neutral taxation of housing	86
4.2. Externalities from housing support	89
4.3. Tax subsidies for households with mortgage loans	91
4.4. Benefits granted to government-sponsored enterprises	91
4.5. Policy recommendations on household debt	94
5.1. Main provisions of the No Child Left Behind Act (NCLB)	111

5.3. Recommendations on schools	118
6.1. Secretary Spellings' action plan for higher education	127
6.2. Recommendations on financing higher education	149
Tables	
1.1. Relative long-term Performance	18
1.2. Contributions to GDP growth	21
1.3. Near-term projections	26
1.4. The contribution of information technology to labour productivity growth	29
2.1. Growth rate of potential Output and its components	38
2.2. Contribution of changing population shares to change in the aggregate labour force participation rate, 1980-2015	45
2.3. Replacement rates for men aged 50-61	48
2.4. Distribution of low-paid workers and EITC payments by family income (after taxes and transfers)	52
3.1. Selected personal income tax expenditures	70
4.1. Rise in household liabilities: a decomposition	76
4.2. Composition of mortgage market, 2003	80
4.3. Median net worth per household	83
4.4. Main characteristics of housing-related tax concessions	85
4.5. Tax expenditures on housing	85
4.6. Taxation of residential property	88
5.1. International comparisons of Student Performance	100

5.2. Test scores: United States versus best-performers, PISA 2003.	100
- 5.3. Dispersion of test results, PISA 2003	103
5.4. Rank of US students in mathematics by parental occupation.	103
5.5. Curriculum-based external exit exams, OECD, 1997.	106
5.6. Changes in reading and math achievement, during early years of NCLB, as measured by NAEP.	112
5.7. Trends in proportion of students at proficient level in reading and mathematics before and after implementation of NCLB, as measured by NAEP.	113
5.8. Advanced placement - trends in coverage, overall enrolments and enrolments of key subgroups, 1995-2005.	116
5.A1.1. Number of states showing an increase in the percentage of 4th grade students performing at or above the state's proficient level from 2000-01 to 2002-03....	122
5.A1.2. Summary of results of selected surveys of achievement trends in states (per cent of states).	123
5.A1.3. Trends in reading and mathematics results, during early years of NCLB, as measured by NAEP.	123
5.A1.4. Changes in reading and math achievement gaps for selected groups during early years of NCLB, as measured by NAEP.	124
6.1. Average tuition and other expenses: 2006-07 academic year.	129
6.2. College enrolment rates by income and achievement levels, 1994.	133
6.3. Limits on Stafford loans.	136
6.4. Percentage of borrowers choosing different repayment options, 2000.	138
6.5. Estimates of federal income tax expenditures on education, 2006.	144
6.A1.1. Income-contingent Student loan schemes.	153

Figures

1.1. Extent of intervention in product and labour markets.	19
1.2. Aggregate economic indicators.	20
1.3. Financial indicators and current account.	22
1.4. Federal budget developments.	24
1.5. Decomposition of economic growth.	27
1.6. Sources of labour productivity growth.	28
1.7. Labour share.	30
1.8. Education Performance at the compulsory level.	33
2.1. Potential GDP and its components. ^x	39
2.2. Components of labour input.	41
2.3. Labour force participation rate.	43
2.4. Labour force participation rate by age.	44
2.5. Distribution of US population by age.	45
2.6. Retirement hazard rate, males.	46
2.7. Disability recipients as share of over-16 population.	48
2.8. Disability benefit reciprocity rates.	50
2.9. Minimum wage as fraction of average hourly earnings.	51
2.10. Minimum wage as fraction of median wage.	52
3.1. Projected federal budget balance.	61
3.2. Long-term projected federal entitlement spending.	65
3.3. Potential range of the OASDI trust fund ratio.	66
3.4. Federal spending for Medicare and Medicaid under different assumptions about cost growth.	68
4.1. Household liabilities and assets. ^A	77
4.2. Household net borrowing and residential investment.	78
4.3. Home equity withdrawal. ⁱ	81

4.4.	Household debt service indicators.	83
4.5.	Tax revenue from property taxes.	89
5.1.	The US Performance in international tests is unimpressive.	99
5.2.	US students should do better.	102
5.3.	Distribution of students by proficiency.	104
6.1.	Expenditure on tertiary education institutions.	128
6.2.	Average tuition fees.	129
6.3.	Internal rates of return to tertiary education, 2001.	130
6.4.	Selected government support for higher education.	131
6.5.	Student loans and enrolment rates, 2003.	135
6.6.	Distribution of Student debt levels.	137
6.7.	Distribution of tax preferences by income, 2002.	145
6.8.	Share of revenue of public tertiary institutions.	147

This Survey is published *on the* responsibility *of* the *Economic and Development Review Committee of the OECD*, which is charged with the examination of the economic Situation of Member countries.

The economic Situation and policies of the United States were reviewed by the Committee on 4 April 2007. The *draft* report was then revised in the light of the discussions and given *final approval* as the agreed report of the whole Committee on 27 April 2007.

The Secretariat's *draft report* was prepared for the Committee by Hannes Suppanz, Peter Tulip and Gregory Wurzburg under the supervision of Patrick Lenain.

The *previous* Survey of the United States was issued in December 2005.
