

Macroeconomics

A European Text • **THIRD EDITION**

Michael Burda and Charles Wyplosz

OXFORD
UNIVERSITY PRESS
2001

Detailed Contents

Part I Introduction to Macroeconomics

| | | |
|------------|-----------------------------------------------------------|-----------|
| | What is Macroeconomics? | 3 |
| 1.1 | Overview | 4 |
| | 1.1.1 Income and Economic Growth | 4 |
| | 1.1.2 Unemployment | 7 |
| | 1.1.3 Factors of Production and Income Distribution | 8 |
| | 1.1.4 Inflation | 8 |
| | 1.1.5 Financial Markets and the Real Economy | 9 |
| | 1.1.6 Openness | 9 |
| 1.2 | Macroeconomics as a Discipline | 10 |
| | 1.2.1 The Genesis of Macroeconomics | 10 |
| | 1.2.2 Macroeconomics and Microeconomics | 12 |
| | 1.2.3 Macroeconomics and Economic Policy | 12 |
| | 1.2.4 Demand and Supply Sides | 12 |
| 1.3 | The Methodology of Macroeconomics | 13 |
| | 1.3.1 What is to be Explained? | 13 |
| | 1.3.2 Theory and Realism | 13 |
| | 1.3.3 Positive and Normative Analysis | 14 |
| | 1.3.4 Testing Theories: The Role of Data | 14 |
| | 1.3.5 Macroeconomic Modelling and Forecasting | 14 |
| 1.4 | Preview of the Book | 16 |
| | 1.4.1 Structure | 16 |
| | 1.4.2 Controversies and Consensus | 16 |
| | 1.4.3 Rigour and Intuition | 16 |
| | 1.4.4 Data and Institutions | 17 |
| | 1.4.5 Europe | 17 |
| | Macroeconomic Accounts | 19 |
| 2.1 | Overview | 20 |
| 2.2 | Gross Domestic Product | 20 |
| | 2.2.1 Three Definitions of Gross Domestic Product | 20 |
| | 2.2.2 Real versus Nominal, Deflators versus Price Indices | 22 |
| | 2.2.3 Measuring and Interpreting GDP | 23 |

| | | | |
|------------|------------------------------------------|----------|-----------|
| 2.3 | Flows of Incomes and Expenditures | | 27 |
| 2.3.1 | The Circular Flow Diagram | | 27 |
| 2.3.2 | Summary of the Flow Diagram | | 28 |
| 2.3.3 | More Detail | | 29 |
| 2.3.4 | A Key Accounting Identity | | 31 |
| 2.3.5 | Identities versus Economics | | 31 |
| 2.4 | Balance of Payments | | 32 |
| 2.4.1 | Commercial Transactions | <i>n</i> | 33 |
| 2.4.2 | Financial Transactions | *'! | 33 |
| 2.4.3 | Errors and Omissions | | 34 |
| 2.4.4 | The Meaning of the Accounts | | 34 |
| | Summary | | 35 |

Part II The Real Macroeconomy **41**

Economic Growth 43

| | | | |
|------------|---------------------------------------------------|--|-----------|
| 3.1 | Overview | | 44 |
| 3.2 | Stylized Facts and Steady States | | 45 |
| 3.2.1 | Five Stylized Facts | | 45 |
| 3.2.2 | Steady States | | 46 |
| 3.3 | Capital Accumulation | | 47 |
| 3.3.1 | The Aggregate Production Function | | 47 |
| 3.3.2 | Savings and Capital Accumulation | | 49 |
| 3.3.3 | Depreciation and the Steady State | | 50 |
| 3.3.4 | The Role of Savings | | 51 |
| 3.3.5 | The Golden Rule | | 52 |
| 3.4 | Population Growth | | 55 |
| 3.5 | Technological Progress | | 58 |
| 3.6 | Putting It All Together: Growth Accounting | | 59 |
| 3.7 | Endogenous Growth: A Primer | | 62 |
| | Summary | | 63 |
| | Appendix | | 66 |

Labour Markets and Unemployment 69

| | | | |
|------------|-----------------------------------------------------|--|-----------|
| 4.1 | Overview | | 70 |
| 4.2 | Demand and Supply in the Labour Market | | 71 |
| 4.2.1 | Labour Supply and the Consumption-Leisure Trade-off | | 71 |
| 4.2.2 | Labour Demand, Productivity, and Real Wages | | 74 |

| | | |
|------------|--------------------------------------------------------------------------|---------------|
| 4.2.3 | Labour Market Equilibrium | 77 |
| 4.2.4 | The Interpretation of Unemployment | 78 |
| 4.3 | A Static Interpretation of Unemployment | 79 |
| 4.3.1 | Involuntary Unemployment and Real Wage Adjustment | 79 |
| 4.3.2 | Collective Bargaining and Real Wage Rigidity | 80 |
| 4.3.3 | Social Minima and Real Wage Rigidity | 83 |
| 4.3.4 | Efficiency Wages and Real Wage Rigidity | 86 |
| 4.4 | A Dynamic Interpretation of Unemployment | 86 |
| 4.4.1 | Labour Market States and Transitions | 86 |
| 4.4.2 | Stocks, Flows, and Frictional Unemployment | 87 |
| 4.4.3 | Job Finding and the Duration of Unemployment | 89 |
| 4.5 | The Equilibrium Rate of Unemployment | 90 |
| 4.5.1 | The Concept | 90 |
| 4.5.2 | The European Experience | 91 |
| 4.5.3 | Actual and Equilibrium Unemployment | 91 |
| | Summary | 93 |
| | Appendix | 97 |
| | Intertemporal Budget Constraints | 99 |
| 5.1 | Overview | 100 |
| 5.2 | Thinking about the Future | 100 |
| 5.2.1 | The Future Has a Price | 100 |
| 5.2.2 | The Rational Expectations Hypothesis | 101 |
| 5.2.3 | The Parable of Robinson Crusoe | 102 |
| 5.3 | The Household's Intertemporal Budget Constraint | 102 |
| 5.3.1 | Consumption and Intertemporal Trade | 102 |
| 5.3.2 | The Real Interest Rate | 103 |
| 5.3.3 | Wealth and Present Discounted Values | 104 |
| 5.4 | The Firm and the Private Sector's Intertemporal Budget Constraint | 105 |
| 5.4.1 | Firms and the Investment Decision | 105 |
| 5.4.2 | The Production Function | 105 |
| 5.4.3 | The Cost of Investment | 106 |
| 5.4.4 | The Intertemporal Budget Constraint of the Consolidated Private Sector | 107 |
| 5.5 | Public and Private Budget Constraints | 109 |
| 5.5.1 | The Public Budget Constraint | 109 |
| 5.5.2 | The Consolidated Public and Private Budget Constraint | 110 |
| 5.5.3 | Ricardian Equivalence: The Benchmark Case | 112 |
| 5.5.4 | Where Ricardian Equivalence Can Fail | 113 |
| 5.6 | The Current Account and the Budget Constraint of the Nation | 116 |
| 5.6.1 | The Primary Current Account | 116 |
| 5.6.2 | Enforcement of Credit Contracts and Sovereign Borrowing | 116 |
| | Summary | 117 |
| | Appendix | 120 |

| | | |
|------------|--------------------------------------------------------------------------------------------|----------------|
| | Private Sector Demand: Consumption and Investment | 123 |
| 6.1 | Overview | 124 |
| 6.2 | Consumption | 124 |
| 6.2.1 | Optimal Consumption | 125 |
| 6.2.2 | Implications | 127 |
| 6.2.3 | Wealth or Income? * | 131 |
| 6.2.4 | The Consumption Function | 134 |
| 6.3 | Investment | 134 |
| 6.3.1 | The Optimal Capital Stock | 134 |
| 6.3.2 | Investment and the Real Interest Rate | 136 |
| 6.3.3 | The Accelerator Principle | 137 |
| 6.3.4 | Investment and Tobin's q | 138 |
| 6.3.5 | The Microeconomic Foundations of Tobin's q | 139 |
| 6.3.6 | The Investment Function | 143 |
| | Summary | 143 |
| | Appendix | 147 |
| | The Real Exchange Rate | 151 |
| 7.1 | Overview | 152 |
| 7.2 | The Real Exchange Rate and the Primary Current Account Function | 152 |
| 7.2.1 | The Real Exchange Rate Defined | 152 |
| 7.2.2 | Measuring the Real Exchange Rate in Practice | 154 |
| 7.2.3 | How the Real Exchange Rate Affects the Primary Current Account | 154 |
| 7.3 | The Real Exchange Rate as the Relative Price of Traded Goods | 156 |
| 7.3.1 | Traded versus Non-traded Goods | 156 |
| 7.3.2 | The Production Possibilities Frontier | 156 |
| 7.3.3 | The Case of a Balanced Primary Current Account | 158 |
| 7.3.4 | The Case of a Non-zero Primary Current Account: The Role of the Real Exchange Rate | 159 |
| 7.4 | The National Intertemporal Budget Constraint and the Equilibrium Real Exchange Rate | 160 |
| 7.4.1 | The Long Run and the Current Account: A Review | 160 |
| 7.4.2 | The Equilibrium Real Exchange Rate and the Primary Current Account in the Long Run | 161 |
| 7.4.3 | The Fundamental Determinants of Real Exchange Rates | 162 |
| | Summary | 166 |

| | |
|--------------------------------------------------------------------|------------|
| Money | 169 |
| Money and the Demand for Money | 171 |
| 8.1 Overview | 172 |
| 8.2 What is Money? | 172 |
| 8.2.1 A Narrow Definition | 172 |
| 8.2.2 Broader Aggregates | 173 |
| 8.2.3 Liquidity versus Yield | 173 |
| 8.3 Why Is This Money? | 174 |
| 8.3.1 Economic Functions of Money | 175 |
| 8.3.2 A Dominated Asset | 175 |
| 8.3.3 A Public Good | 175 |
| 8.4 Money: A Balance Sheet Approach | 177 |
| 8.4.1 Consolidated Balance Sheets | 177 |
| 8.4.2 Currency as a Liability of the Central Bank | 177 |
| 8.4.3 Sight Deposits as a Liability of Commercial Banks | 177 |
| 8.5 The Demand for Money | 179 |
| 8.5.1 The Price Level as a Determinant of Money Demand | 180 |
| 8.5.2 Real Income as a Determinant of Money Demand | 180 |
| 8.5.3 Nominal Interest Rates as a Determinant of Money Demand | 180 |
| 8.5.4 The Money Demand Function | 181 |
| 8.6 Equilibrium in the Money Market: The Short Run | 183 |
| 8.6.1 Money Supply Effects | 184 |
| 8.6.2 Cyclical Fluctuations | 184 |
| 8.6.3 Transaction Costs | 184 |
| 8.6.4 The Equilibrating Role of the Interest Rate and Asset Prices | 185 |
| 8.7 Equilibrium in the Money Market: The Long Run | 185 |
| 8.7.1 Long-Run Inflation | 186 |
| 8.7.2 Inflation and the Fisher Principle | 188 |
| 8.7.3 The Exchange Rate in the Long Run: Purchasing Power Parity | 190 |
| Summary | 192 |
| Appendix | 195 |
| The Supply of Money and Monetary Policy | 197 |
| 9.1 Overview | 198 |
| 9.2 Objectives, Targets and Instruments | 199 |
| 9.3 Money Creation | 200 |
| 9.3.1 The Roles of Central and Commercial Banks | 200 |
| 9.3.2 The Money Multiplier | 203 |

| | | |
|------------|-------------------------------------------------------------------|------------|
| 9.4 | Controlling the Money Supply | 207 |
| 9.4.1 | Derived Demand for Base Money | 207 |
| 9.4.2 | Open Market Operations | 208 |
| 9.4.3 | The Practice of Monetary Policy | 208 |
| 9.4.4 | Reserve Requirements as a Tool of Monetary Policy | 209 |
| 9.4.5 | Monetary Policy Targets | 210 |
| 9.5 | Monetary Policy in an Open Economy | 212 |
| 9.5.1 | Foreign Exchange Market Interventions | 212 |
| 9.5.2 | Sterilization | 212 |
| 9.6 | Monetary Financing of the Government: A Slippery Objective | 213 |
| 9.6.1 | Direct Credit to the Government | 213 |
| 9.6.2 | Indirect Credit: Seigniorage and the Inflation Tax | 214 |
| 9.6.3 | Independence of the Central Bank | 215 |
| 9.7 | Bank Regulation and Monetary Control | 215 |
| 9.7.1 | Central Bank Oversight | 215 |
| 9.7.2 | Lender of the Last Resort | 215 |
| 9.7.3 | Capital Adequacy Ratios | 217 |
| 9.7.4 | Technological Innovation in Banking and Monetary Control | 218 |
| | Summary | 218 |

Part IV Macroeconomic Equilibrium **221**

| | | |
|-------------|-------------------------------------------------------------------------|------------|
| | Output, Employment, and Prices | 223 |
| 10.1 | Overview | 224 |
| 10.2 | The Goods Market and the <i>IS</i> Curve | 225 |
| 10.2.1 | Equilibrium in the Goods Market | 225 |
| 10.2.2 | Desired Demand and Equilibrium Output | 225 |
| 10.2.3 | The <i>IS</i> Curve | 226 |
| 10.3 | The Money Market and the <i>LM</i> Curve | 227 |
| 10.4 | General Equilibrium | 229 |
| 10.4.1 | Goods and Money Markets | 229 |
| 10.4.2 | Output and the Labour Market with Flexible Real Wages | 229 |
| 10.4.3 | General Equilibrium Determination of Output, Interest Rates, and Prices | 230 |
| 10.5 | General Equilibrium with Flexible Prices | 233 |
| 10.5.1 | Supply-Determined Output | 233 |
| 10.5.2 | Dichotomy and Money Neutrality | 234 |
| 10.6 | General Equilibrium with Sticky Prices | 237 |
| 10.6.1 | Demand-Determined Output | 237 |
| 10.6.2 | Non-neutrality of Money | 240 |
| | Summary | 241 |
| | Appendix | 244 |

| | | |
|---------------|------------------------------------------------------------------------------|------------|
| | Aggregate Demand and Output | 247 |
| 11.1 | Overview | 248 |
| 11.2 | Short-Run Fluctuations of Output, Employment and Unemployment | 249 |
| | 11.2.1 Output, Hours, and Employment | 249 |
| | 11.2.2 Output and Unemployment: Okun's Law | 249 |
| | 11.2.3 Aggregate Demand as a Causal Force §*, | 251 |
| 11.3 | The <i>IS-LM</i> Model in the Open Economy | 251 |
| | 11.3.1 Exogenous versus Endogenous Variables | 251 |
| | 11.3.2 The Primary Current Account Function | 252 |
| | 11.3.3 The 45° Diagram Revisited | 253 |
| | 11.3.4 Demand Leakages and the Multiplier | 254 |
| | 11.3.5 The <i>IS</i> Curve | 255 |
| | 11.3.6 International Capital Flows, Interest Parity, and the <i>LM</i> Curve | 257 |
| | 11.3.7 Macroeconomic Equilibrium and the Exchange Rate Regime | 260 |
| 11.4 | Output and Interest Rate Determination under Fixed Exchange Rates | 262 |
| | 11.4.1 Money Supply Disturbances | 262 |
| | 11.4.2 Real Demand Disturbances | 263 |
| | 11.4.3 The Policy Mix | 264 |
| | 11.4.4 International Financial Disturbances | 264 |
| | 11.4.5 How to Think about a Parity Change | 265 |
| 11.5 | Output and Interest Rate Determination under Flexible Exchange Rates | 266 |
| | 11.5.1 Demand Disturbances | 266 |
| | 11.5.2 Money Supply Disturbances | 266 |
| | 11.5.3 The Policy Mix | 269 |
| | 11.5.4 International Financial Disturbances | 269 |
| | 11.5.5 Fixed versus Flexible Rates: Which is Better? | 269 |
| | Summary | 272 |
| | Appendix | 275 |
| Part V | Inflation and Business Cycles | 277 |
| | Aggregate Supply and Inflation | 279 |
| 12.1 | Overview | 280 |
| 12.2 | The Phillips Curve: Chimera or a Stylized Fact? | 281 |
| | 12.2.1 A. W. Phillips's Discovery | 281 |
| | 12.2.2 A Supply Curve Interpretation | 281 |
| | 12.2.3 The Phillips Curve in Demise | 281 |
| 12.3 | Accounting for Inflation: The Battle of the Mark-ups | 285 |
| | 12.3.1 The Battle of the Mark-ups: A Simple Story | 285 |
| | 12.3.2 The Role of Productivity | 287 |
| | 12.3.3 Cyclical Effects on Mark-ups | 287 |
| | 12.3.4 Moving from Price Level to Inflation | 289 |
| | 12.3.5 Completing the Picture: The Effect of Supply Shocks | 289 |

| | | |
|-------------|---------------------------------------------------------------------------|----------------|
| 12.4 | Inflation, Unemployment, and Output | 290 |
| 12.4.1 | The Phillips Curve Rehabilitated | 290 |
| 12.4.2 | Core Inflation and the Long Run | 291 |
| 12.4.3 | Aggregate Supply | 292 |
| 12.4.4 | From the Short to the Long Run | 293 |
| 12.4.5 | Factors that Shift the Phillips and Aggregate Supply Curves | 294 |
| | Summary | 295 |
| | Appendix | 298 |
| | Aggregate Demand and Aggregate Supply | 301 |
| 13.1 | Overview | 302 |
| 13.2 | Aggregate Demand and Supply under Fixed Exchange Rates | 303 |
| 13.2.1 | Aggregate Demand | 303 |
| 13.2.2 | The Complete System | 305 |
| 13.2.3 | Fiscal Policy and Demand Disturbances | 306 |
| 13.2.4 | Monetary Policy and Realignment | 307 |
| 13.3 | Aggregate Demand and Supply under Flexible Exchange Rates | 311 |
| 13.3.1 | Interest Rate Parity Revisited | 311 |
| 13.3.2 | Aggregate Demand and the Complete System | 312 |
| 13.3.3 | Monetary Policy | 313 |
| 13.3.4 | Fiscal Policy | 314 |
| 13.4 | How to Use the AS-AD Framework | 315 |
| 13.4.1 | Supply Shocks | 315 |
| 13.4.2 | Demand Shocks | 318 |
| 13.4.3 | Disinflation | 320 |
| 13.4.4 | Nominal Rigidities and Wage Indexation | 321 |
| | Summary | 322 |
| | Appendix | 326 |
| | Business Cycles | 329 |
| 14.1 | Overview | 330 |
| 14.2 | Stylized Facts about Business Cycles | 331 |
| 14.2.1 | The Duration and Magnitude of Cycles | 331 |
| 14.2.2 | Correlation with Output over the Cycle | 333 |
| 14.2.3 | Leading and Lagging Indicators | 335 |
| 14.2.4 | Relative Variability | 337 |
| 14.3 | Deterministic and Stochastic Interpretations of the Business Cycle | 339 |
| 14.3.1 | Business Cycles as an Endogenous Phenomenon | 339 |
| 14.3.2 | Deterministic Cycles: The Example of the Multiplier-Accelerator | 339 |
| 14.3.3 | Stochastic Cycles: The Impulse-Propagation Mechanism | 341 |

| | | |
|-------------|-------------------------------------------------------------------|----------------|
| 14.4 | Sticky Price Business Cycles | 344 |
| | 14.4.1 Impulses and Propagation in the <i>AS-AD</i> Framework | 344 |
| | 14.4.2 Identifying Demand and Supply Shocks and their Propagation | 345 |
| | 14.4.3 The Contribution of Demand and Supply Shocks | 346 |
| 14.5 | Real Business Cycles | 347 |
| | 14.5.1 Productivity Shocks as Impulses | 347 |
| | 14.5.2 Propagation Channels in Real Business Cycles | 349 |
| | 14.5.3 Optimality Properties of the Cycle | 350 |
| 14.6 | Taking Stock of the Two Theories | 350 |
| | 14.6.1 Productivity, Real Wages, and Employment | 351 |
| | 14.6.2 Money, Credit, and the Cycle | 352 |
| | Summary | 353 |
| | Appendix | 357 |
| | Macroeconomic Policy | 361 |
| | Fiscal Policy, Debt, and Seigniorage | 363 |
| 15.1 | Overview | 364 |
| 15.2 | Fiscal Policy and Economic Welfare | 365 |
| | 15.2.1 Provision of Public Goods and Services | 365 |
| | 15.2.2 Redistributive Goals: Equity versus Efficiency | 366 |
| 15.3 | Macroeconomic Stabilization | 367 |
| | 15.3.1 Long-Run Consumption and Tax Smoothing | 367 |
| | 15.3.2 Short-Run Stabilization | 369 |
| | 15.3.3 Automatic Stabilizers | 371 |
| | 15.3.4 How to Interpret Budget Figures | 372 |
| 15.4 | Deficit Financing: Public Debt and Seigniorage | 375 |
| | 15.4.1 The Public Debt with No Growth and No Inflation | 375 |
| | 15.4.2 The Public Debt with Growth and No Inflation | 376 |
| | 15.4.3 The Public Debt with Growth and Inflation | 378 |
| 15.5 | Three Ways to Stabilize the Public Debt | 378 |
| | 15.5.1 Cutting the Deficit | 378 |
| | 15.5.2 Seigniorage and the Inflation Tax | 378 |
| | 15.5.3 Default | 380 |
| | Summary | 381 |
| | Appendix | 384 |

| | | |
|-------------|--------------------------------------------------------------------|----------------|
| | The Limits of Demand Management | 385 |
| 16.1 | Overview | 386 |
| 16.2 | Policy Activism and Demand Management: What are the Issues? | 387 |
| | 16.2.1 Monetarists and Keynesians: The Debate Made Simple | 387 |
| | 16.2.2 Market-Clearing and Rational Expectations | 388 |
| | 16.2.3 Uncertainty and Policy Lags | 390 |
| | 16.2.4 The Costs of Inflation | 391 |
| 16.3 | Expectations of Policy | 394 |
| | 16.3.1 Policy Regimes: The Lucas Critique | 394 |
| | 16.3.2 Reputation and Credibility | 398 |
| | 16.3.3 Rules versus Discretion | 400 |
| | 16.3.4 Central Bank Independence | 400 |
| 16.4 | Politics and Economics | 405 |
| | 16.4.1 Electoral Business Cycles | 405 |
| | 16.4.2 Partisan Business Cycles | 406 |
| | Summary | 407 |
| | Supply-Side Policy | 411 |
| 17.1 | Overview | 412 |
| 17.2 | Market Efficiency and Equilibrium Output | 413 |
| | 17.2.1 The Benchmark of Efficiency: Perfect Competition | 413 |
| | 17.2.2 Competition in Product Markets | 414 |
| | 17.2.3 Competition in Labour Markets | 414 |
| | 17.2.4 Market Failures and Overall Market Efficiency | 415 |
| 17.3 | Improving the Effectiveness of Goods Markets | 418 |
| | 17.3.1 Dealing with Externalities | 418 |
| | 17.3.2 Taxation and the Provision of Public Goods | 419 |
| | 17.3.3 Dealing with Malfunctioning Markets | 421 |
| 17.4 | Improving the Efficiency of Labour Markets | 424 |
| | 17.4.1 Heterogeneity and Incomplete Information | 424 |
| | 17.4.2 Imperfect Contracts and Labour Market Regulations | 428 |
| | 17.4.3 Incentives and Taxation | 430 |
| | 17.4A The Political Economy of Labour Market Reform | 433 |
| | Summary | 435 |
| | Economic Growth: Theory and Policy | 439 |
| 18.1 | Overview | 440 |
| 18.2 | Growth and Complementary Inputs | 441 |
| | 18.2.1 Convergence and Complementary Inputs | 441 |

| | | |
|-------------|--------------------------------------------|------------|
| 18.2.2 | Human Capital | 442 |
| 18.2.3 | Infrastructure | 443 |
| 18.2.4 | Is it Enough? A Sufficient Condition | 444 |
| 18.3 | Growth, Knowledge, and Innovation | 445 |
| 18.3.1 | Knowledge as a Public Good | 445 |
| 18.3.2 | Patents | 446 |
| 18.3.3 | Technical Innovations | 448 |
| 18.3.4 | Product Variety | 450 |
| 18.4 | Growth and the Economic Environment | 450 |
| 18.4.1 | Property Rights | 450 |
| 18.4.2 | Peace | 451 |
| 18.4.3 | Stable Economic Environment | 453 |
| 18.4.4 | Openness to Trade | 454 |
| 18.4.5 | Health | 455 |
| 18.5 | Growth and Politics | 456 |
| 18.5.1 | Democracy and Growth | 456 |
| 18.5.2 | Inequality and Growth | 456 |
| | Summary | 457 |

Asset Markets and International Financial Architecture 461

Asset Markets and Macroeconomics 463

| | | |
|-------------|--------------------------------------------------------------------------|------------|
| 19.1 | Overview | 464 |
| 19.2 | How Asset Markets Work | 464 |
| 19.2.1 | Facts about Asset Markets | 464 |
| 19.2.2 | Functions of Asset Markets | 466 |
| 19.2.3 | Information and Market Efficiency | 468 |
| 19.2.4 | The Interest Parity Conditions | 469 |
| 19.3 | Linking Asset Markets and Macroeconomics | 474 |
| 19.3.1 | Bond Prices and Interest Rates | 474 |
| 19.3.2 | Stock Prices | 476 |
| 19.3.3 | Nominal Exchange Rates and National Money Markets | 477 |
