# CONTENTS

1. Introduction	
2. The Theory of Domestic Divergences	9
i. A Simple Model: Marginal Divergence and the Optimum Subsidy	9
ii. By-Product Distortion Effect of Tariff	12
in. Elaborations of the Simple Analysis	14
iv. The Second-Best Optimum Tariff	18
v. Marginal Divergence in Factor Cost	21
vi. General Equilibrium and Many Commodities	22
VII. Home-Market Bias	24
VIII. The Hierarchy of Policies	28
ix. Trade Divergences	31
Appendix 1: The Theory of Domestic Divergences in Two-Product Geometry	33
Appendix 2: Theory of Domestic Divergences: Notes on the Literature	40
3. The Four Assumptions of the Theory of Domestic Divergences	42
i. By-Product Distortion Costs of Revenue-Raising: Subsidies Remain First-Best	43
II. Collection Costs	45
in. By-Product Costs of Revenue-Raising: the Need for Trading-off	47
iv. Subsidy Disbursement Costs	48
v. Income Distribution Effects and the Theory of Domestic Divergences	50
vi. Income Redistribution not Costless	52
VII. Illusions and an Imperfect World	54
4. Trade Taxes as Sources of Government Revenue	58
i. Some Simple Principles of Optimum Taxation	59
II. The Importance of Collection Costs	64
in. Smuggling and Under-Invoicing	67
iv. The Optimum Tariff Structure	70
v. Export Taxes	76
vi. The Declining Importance of Trade-Tax Revenue in the Process of Economic Development	77
Appendix: The Optimum Excise Tax and Tariff Mix	80

## 5. Protection and Income Distribution

i. The Effects of Protection on Income Distribution	91
II. The Stolper-Samuelson Model	93
in. Income Distribution Criteria	104
iv. Senescent Industry Protection and Adjustment Assistance	109
v. Interregional Income Distribution	112
vi. Tariffs and the Balance of Payments	114

## 6. Employment and Industrialization

i. Protection to Foster Employment	119'
II. Disguised Unemployment	123
III. Wage-Differential: Simple Model	129
iv. Wage-Differential: Some Qualifications	137
v. Wage-Differential: Dynamic Approach	142
vi. Urban Unemployment	144
VII. Is there a Case for Fostering Industrialization?	154

## 7. The Terms of Trade Argument for Taxes on Trade

i. The Optimum Trade Tax in the Two-Sector Model	160
II. Multi-Commodity Model	168
in. Private Monopoly	171
iv. Foreign Reaction and Retaliation	172
v. Growth and the Terms of Trade	176
vi. Balance of Payments Policy and Optimum Tariffs	179
VII. Practical Significance of the Terms of Trade Argument	181
VIII. Some Refinements and Complications	187
Appendix: The Optimum Export Tax and Optimum Tariff	195

## 8. Monopoly, Market Structure and Economies of Scale

i. The Effects of Protection on Monopoly Profits	201
II. Fragmentation of Production	210
in. Tariffs and Market Structure	215
iv. Made-to-Measure Tariffs	219
v. The X-Efficiency Effects of Protection and "Monopoly"	224
vi. The Rent-Seeking Society	231
VII. Dumping	235

xv

9. The Infant Industry Argument	248
i. Dynamic Internal Economies ••	250
II. Dynamic External Economies	257
in. The Mill-Bastable Test '	265
iv. Wide Application of the Infant Industry Argument	268
v. The Problem of Investment Co-ordination	270
vi. Economies of Scale and the Pseudo-Infant Industry Argument	272
VII. Research and Development, and the Protection of Advanced-Technology Industries	275
10. Protection and Capital Accumulation "	280
I. The Real Income Effect of Protection on Savings and Investment •	280
II. Savings and the Income Distribution Effects of Protection	284
in. Cheap Imported Capital-Goods, Investment and Employment	294
iv. Consumption Postponement and the Demonstration Effect	303
v. The Inducement to Invest and Backward Linkage	304
vi. Learning and the Rate of Growth	309
11. Some Dynamic Aspects of Trade Policy	311
i. The Anticipation of Price Changes	313
II. Fluctuations in Export Earnings	314
in. Risk Avoidance	318
iv. Protection to Employ a Growing Population	322
v. The Cost of Protection and the Rate of Growth	324
vi. The "Dynamic" Effects of Trade on Knowledge	327
12. Protection and Foreign Investment	330
i. The Effect of Protection on Foreign Capital Inflow	331
II. Taxation of Foreign Investment	335
in. Tariffs as Second-Best Taxes or Subsidies on Foreign Capital	347
iv. The Effects of a Given Tariff System on the Gains or Losses from Foreign Investment	349
v. Foreign Investment and the Terms of Trade	350
vi. Multinational Corporations	355

IB. The Optimum Tariff Structure and Effective Protection	366	3(
i. Tariff Rigidity and Tariff Dismantling	375	
II. Uniform Effective Protection	378	
in. The Selection of Industries to Protect and the Made-to-Measure Principle	381	
iv. Uniform Effective Protection for Labour	386	
Appendix: Effective Protection for Labour and the Divergence Between Private and Social Wage Cost		
14. Protection Theory and Cost-Benefit Analysis		
i. The Problem of Implementation	390	
II. Shadow-Pricing and Domestic Divergences	392	
in. Investment Decisions in the Presence of Trade Distortions	394	
iv. Investment Decisions with Terms of Trade Effects	401	
v. The Weighting of Costs and Benefits	405	
15. Conclusion		41
