6.	Conclusion: Tell Me the Truth about Trade Blocs	123
	Trade blocs are political...	123
	The politically feasible alternative to a costly trade bloc is probably a better-designed bloc...	124
	So how does a trade bloc affect people, especially the poorest?	125
	I'm the minister of trade. What bloc design should I choose?	128
	Which countries should I take as partners?	128
	How many blocs should I join?	129
	How much preference should I give?	130
	Should I press for a common external tariff?	130
	How deep should I take liberalization?	130
	How wide should I let negotiations range?	131
	I went to Seattle. How can I use the WTO more effectively?	131
