

SILENCED RIVERS

The Ecology and Politics of Large Dams

Enlarged and Updated Edition

PATRICK McCULLY

ZED BOOKS
London & New York

Contents

Acknowledgements	viii
Glossary	x
<i>Introduction to the Updated Edition</i>	
A New Order for Rivers and Society: The World Commission on Dams, and Beyond	xv
The Prehistory of the World Commission on Dams	xix
Conspiracies and Consultations	xxiii
Findings	xxvi
Dirty Reservoirs: Greenhouse Gas Emitting Dams	xxxii
A Changing Climate for Dams	xxxvii
The Century of the Small: Alternatives to Dams	xxxviii
Bringing the Harvest Home	xl
We've Got the Power	xliii
Recommendations	l
Reactions	li
Changing the World, Dam by Dam	liv
The Rise of the Dam Decommissioning Movement	lxi
1 The Power and the Water	1
A Short History of Rivers	8
Dams: What They Are and What They Do	11
A Short History of Damming	12
The End of the Big Dam Era?	23
2 Rivers No More: The Environmental Effects of Dams	29
Flooding for Posterity	32
Dams and Geology: Morphological Effects	33
Dirty Dams: Effects on Water Quality	36
They Shall Not Pass: Dams and Migratory Fish	41
Foiled Wanderers: Hydrological Effects	43
The Mitigation Game	49
The EIA Industry	54

3	Temples of Doom: The Human Consequences of Dams	65
	Dammed Lies and Statistics	66
	The Final Blow: Dams and Indigenous People	70
	Waiting for the Dam	72
	After the Deluge	76
	The Failure of Resettlement Policies	82
	Dams and Disease	86
4	When Things Fall Apart: The Technical Failures of Large Dams	101
	Not on Solid Ground: Dams and Geology	102
	Political Hydrology	104
	Mud against Dams: Sedimentation	107
	Reservoir-Induced Seismicity: Dams that Cause the Earth to Move	112
	Iron Dams and Corpses: Dam Safety	115
	Getting Old: Dam Ageing and Decommissioning	125
5	Empty Promises: The Elusive Benefits of Large Dams	133
	Generating Risk and Debt: Hydropower	134
	Dams to the Rescue? Hydro and Global Warming	141
	The Great Illusion: Flood Control	146
	Too Much to Drink: Dams and Public Water Supply	148
	Blocking the Passage: Dams and River Transport	151
	The One that Got Away: Reservoir Fisheries	153
	All the Fun of the Reservoir: Dams and Recreation	155
6	Paradise Lost: Dams and Irrigation	164
	Killing the Land: Irrigation and Soil Degradation	168
	The Social Effects of Large-Scale Irrigation	172
	The Technical and Economic Failure of Large-Scale Irrigation	179
7	The Wise Use of Watersheds	188
	Managing the Land to Manage the Water	189
	Flood Management	192
	Farming Drylands without Large Dams	194
	Going Underground	199
	Traditional Diversions	202
	Modern Irrigation: Back to the Future	205
	Fix the Pipe, Spare the River	208
8	Energy: Revolution or Catastrophe?	217
	The Renewables Are Coming	222
	Bringing Hydro Down to Size	227
	Storming the Palace Gates	232
9	Industry Applies, Man Conforms: The Political Economy of Damming	236
	The Ideology of Dams	237
	Dams and Domination	241

Dams and Pork	242
Technocrats without a Cause: Dam-Building Bureaucracies	243
A Vibrant Corps? Dam-Building Companies	247
The Ties that Bind: Dependent Industries	254
Those Who Pay the Piper: Dams and 'Aid'	255
Incomprehension and Intimidation: The Dam Builders' Reply	263
Nemesis: The Economics of Large Dams	269
10 We Will Not Move: The International Anti-Dam Movement	281
Aesthetics and Taxes: Dam Fights in the US	282
Arrests and Restoration in the Tasmanian Wilderness	287
Eastern Europe: Fight the Dams, Fight the System	289
Warriors and Workers Fight Back: Brazil	292
Struggle Over the River Kwai: Thailand	296
Clinging to the Land: Resistance to Dams in India	299
Dam Fighting on a Global Scale	306
Afterword: From the Dam to the Watershed	312
Appendix 1: The San Francisco and Watershed Management Declarations	313
Appendix 2: Manibeli Declaration	316
Appendix 3: Dams Involving Forced Resettlement	321
Appendix 4: Declaration of Curitiba	343
Contact Addresses	347
Index	349
