# CONTENTS

<b>1</b>	<b>Introduction</b>	<b>1</b>
	Contingency Theory . . . . .	2
	Uncertainty and Information . . . . .	4
	Summary . . . . .	6
<b>2</b>	<b>Information Processing Model</b>	<b>8</b>
	Mechanistic Model . . . . .	8
	Rules, Programs, Procedures . . . . .	10
	Hierarchy . . . . .	11
	Targeting or Goal Setting . . . . .	12
	Design Strategies . . . . .	14
	Creation of Slack Resources . . . . .	15
	Creation of Self-Contained Tasks . . . . .	16
	Investment in Vertical Information Systems . . . . .	17
	Creation of Lateral Relations . . . . .	18
	Choice of Strategy . . . . .	19
	Summary . . . . .	19
<b>3</b>	<b>Information Reduction Strategies</b>	<b>22</b>
	Alternative 1: Creation of Slack Resources . . . . .	22
	Information Processing Effects . . . . .	25
	Costs . . . . .	26

Alternative 2: Creation of Self-Contained Tasks	26
Effects on Information Processing	26
Costs	27
Summary	28
<b>4 Alternative 3: Investment in a Vertical Information System</b>	<b>30</b>
Dimensions of the Vertical Information System	31
Decision Frequency, or Timing	31
Scope of the Data Base	32
Formalization	33
Decision Mechanism	34
Prototype Information Systems	35
Local-Periodic System	36
Local Real-Time System	36
Global-Periodic System	37
On-Line, Real-Time	42
Examples of Information Systems	42
Summary	44
<b>5 Alternative 4: Creation of Lateral Relations</b>	<b>46</b>
Lateral Processes	46
Direct Contact	48
Liaison Roles	50
Task Forces	50
Teams	51
Making Lateral Processes Effective	53
Summary	64
<b>6 A Case Study—Teams</b>	<b>67</b>
Situation Before the Change	67
Organization	67
Workflow	69
Assessment of Decision Processes	71
Organization Design Alternatives	74
Slack	74
Self-Contained Departments	76
Vertical Information System	79
Lateral Relations	80

## xii Contents

Teams in Operation	86
Summary	87
<b>7 Lateral Relations: Integrating Roles and Matrix Designs</b>	<b>89</b>
Differentiation	91
Integrating Role	93
Managerial Linking Roles	99
Matrix Organization	103
Summary	106
<b>8 Review of Model and Empirical Evidence</b>	<b>108</b>
The Framework in Review	108
Lateral Relations and Influence Distribution	111
<b>9 Case Studies</b>	<b>121</b>
Response to a Market Change	121
Coordination in a Product Branch	123
Environmental Changes	128
Organization Design Strategies	130
The 747 Program	134
Organization of a Computer Department	137
Summary	141
<b>10 Authority and Responsibility in Lateral Relations</b>	<b>142</b>
Authority and Responsibility Ambiguities	142
Responsibility Charting	146
Summary	148
Concluding Remarks	148
