

## Contents

Foreword			
List of Contributors			
<b>Part 1. Introduction</b>			
Chapter 1: Prospectus	11		
Chapter 2: History of Meiofaunal Research	14		
Chapter 3: Ecology of the Marine Meiofauna	18		
Chapter 4: Ecology of the Freshwater Meiofauna	39		
<b>Part 2. Methods</b>			
Chapter 5: Abiotic Factors	61		
Chapter 6: Biotic Factors	79		
Chapter 7: Sampling Equipment	115		
Chapter 8: Sampling Strategies	126		
Chapter 9: Sample Processing	134		
Chapter 10: Organism Processing	146		
Chapter 11: Culture Techniques	161		
Chapter 12: Experimental Techniques	169		
Chapter 13: Energetics	181		
Chapter 14: Data Processing, Evaluation, and Analysis	197		
Chapter 15: The Nanobenthos	232		
<b>Part 3. Meiofaunal Taxa</b>			
Chapter 16. Taxonomic and Curatorial Considerations	238		
Chapter 17. Sarcomastigophora	243		
Chapter 18. Ciliophora	258		
Chapter 19. Cnidaria	266		
Chapter 20. Turbellaria	273		
Chapter 21. Gnathostomulida	283		
Chapter 22. Nemertina	287		
Chapter 23. Nematoda		293	
Chapter 24. Gastrotricha		302	
Chapter 25. Rotifera		312	
Chapter 26. Loricifera		319	
Chapter 27. Priapulida		322	
Chapter 28. Kinorhyncha		328	
Chapter 29. Polychaeta		332	
Chapter 30. Aeolosomatidae and Potamodrilidae		345	
Chapter 31. Oligochaeta		349	
Chapter 32. Sipuncula		355	
Chapter 33. Tardigrada		357	
Chapter 34. Cladocera		365	
Chapter 35. Ostracoda		370	
Chapter 36. Mystacocarida		377	
Chapter 37. Copepoda		380	
Chapter 38. Syncarida		389	
Chapter 39. Thermosbaenacea		393	
Chapter 40. Isopoda		397	
Chapter 41. Tanaidacea		402	
Chapter 42. Amphipoda		409	
Chapter 43. Cumacea		413	
Chapter 44. Halacaroidea		417	
Chapter 45. Pycnogonida		423	
Chapter 46. Palpigradida		425	
Chapter 47. Insecta		428	
Chapter 48. Bryozoa		438	
Chapter 49. Entoprocta		444	
Chapter 50. Brachiopoda		445	
Chapter 51. Aplousobranchia		447	
Chapter 52. Gastropoda and Bivalvia		451	
Chapter 53. Holothuroidea		457	
Chapter 54. Tunicata		461	
Index		465
