Contents

PART ONE	1	PART TWO	53
1. Distribution's Role in the Economy and the Firm	2	3. Customer Service	54
Channels of Distribution: <i>A Typical Channel of Distribution. Physical Distribution and Channel Management.</i> Physical Distribution's Role in the Economy. Physical Distribution's Role in the Firm: <i>Definition of Physical Distribution Management. Development of Physical Distribution Management: Historical Development. Factors Underlying the Development of Interest in Physical Distribution Management. Operationalizing a Physical Distribution Management System.</i>		What is Customer Service?: <i>Customer Service Definitions. Elements of Customer Service. Some Key Industry Demographics.</i> Relationship of Customer Service to Successful Marketing. Customer Service and the Integrated Physical Distribution Management Concept: <i>Cost of Lost Sales. Implementing Cost/Service Trade-offs.</i> Conducting a Customer Service Audit: <i>An ABC Analysis of Customer Service. Developing and Reporting Customer Service Standards.</i> Impediments to an Effective Customer Service Strategy. Improving Customer Service Performance.	
2. The Integrated Physical Distribution Management Concept ..	30	Appendix A: Customer Service Audit, 81	
Reasons for Growth of the Physical Distribution Function. Physical Distribution and the Marketing Function: <i>Price. Product. Promotion. Place.</i> The Total Cost Concept: <i>Customer Service Levels. Transportation Costs. Warehousing Costs. Order Processing and Information Costs. Production Lot Quantity Costs. Inventory Carrying Costs.</i> Physical Distribution and Corporate Profit Performance: <i>The Strategic Profit Model.</i> An Example of Integrated Physical Distribution Management. Conducting a Marketing and Physical Distribution Audit. Developing a Physical Distribution Strategy. Areas Where Physical Distribution Performance Can Be Improved: <i>Forecasting. Order Processing and Communications Systems. Customer Service. Inventory Management. Transportation. Warehousing.</i>		Appendix B: Customer Service/Physical Distribution Audit, 84	
		Appendix C: Customer Service Questionnaire, 95	
		4. The Transportation System	100
		<i>Time and Place Utility. Transportation/Physical Distribution/Marketing Interface.</i> The U.S. Transportation System: <i>Alternative Transport Modes. Intermodal Combinations. Legal Forms of Transportation Carriers. Transportation Regulation. Traffic and Transportation Management.</i>	
		Appendix A: Section-by-Section Summary of the Motor Carrier Act of 1980, 131	
		Appendix B: Standing Congressional Committees Having Jurisdiction over Transportation, 135	

Appendix C: Transportation Responsibilities in the Executive Branch, 137

Appendix D: Department of Transportation—Organization and Responsibilities, 139

Appendix E: Federal Transportation Regulatory Agencies, 141

5. Decision Strategies in Transportation 144

Developing Cost-Effective Transportation. The Transportation-Mode Selection Decision: *Problem Recognition. Search Process. Choice Process. Postchoice Evaluation.* Shipper Response to Transportation Regulatory Reform: *Response to Motor Carrier Reforms. Response to Rail Carrier Reforms. Response to Air Carrier Reforms.* The Private versus For-Hire Decision: *Define the Problem. Develop Transport Objectives. Collect Pertinent Information. Determine Present Cost. Analyze Present Operations. Develop Alternatives. Determine Private Fleet Costs. Consider Indirect Factors. Summarize Alternatives. Make the Decision.* Leasing. Evaluation of Mode/Carrier Performance. Designing an Optimal Transportation System.

Appendix: Key Issues Affecting Future Transportation Decision Making, 176

6. Warehousing 180

Nature and Importance of Warehousing. Types of Warehousing. Warehousing Operations: The Functions of Warehousing. Warehouse Layout and Design. Warehouse Handling Systems. Packaging. Decision-Making Strategies in Warehousing: Public versus Private Warehousing. Measurement and Improvement of Warehouse Performance. Warehouse Site Selection.

Appendix A: Problem 1—Where Should In-Process Parts Be Stored for Minimum Travel Costs? 227

Appendix B: Problem 2—How Do You Assign Storage Locations to Minimize Travel? 230

7. Financial Impact of Inventory 232

Financial Aspects of Inventory Strategy: *Inventory and Corporate Profitability. Inventory and Least Total Cost Physical Distribution.* Inventory Carrying Costs: *Calculating Inventory*

Carrying Costs. The Impact of Inventory Turnover on Inventory Carrying Costs.

Appendix A: Inventory Carrying Costs—Six Case Studies, 261

Appendix B: Inventory Carrying Costs—Forms for Data Collection, 265

8. Inventory Management 274

Basic Inventory Concepts: *Why Hold Inventory? Inventory as a Buffer. Types of Inventory.* Basic Inventory Management: *Inventory Management under Conditions of Uncertainty. Inventory Management under Uncertainty. Calculating Safety Stock Requirements. Inventories and Customer Service. Production Scheduling. Symptoms of Poor Inventory Management.* Improving Inventory Management: *ABC Analysis. Forecasting. Inventory Models. Order Processing Systems.* Impact of an Inventory Reduction on Corporate Profit Performance.

9. Order Processing and Information Systems 306

Customer Order Cycle: *How Do Customer Orders Enter the Firm's Order Processing Function? The Path of a Customer's Order.* The Communications Function: *Advanced Order Processing Systems. Integrating Order Processing and the Company's Physical Distribution Management Information System. Basic Need for Information. Designing the Information System.* A Distribution Data Base for Decision Making. Financial Considerations.

10. Materials Management 338

Scope of Materials Management Activities: *Purchasing and Procurement. Production Control. Inbound Traffic and Transportation. Warehousing and Storage. MIS Control. Inventory Planning and Control. Salvage and Scrap Disposal.* Administration and Control of Materials Management: *Materials Requirements Planning (MRP).*

Appendix: Evaluating Suppliers in a Typical Manufacturing Firm, 365

PART THREE 367

11. Financial Control of Distribution Performance 368

The Importance of Accurate Cost Data: *Total-Cost Analysis. Controlling Physical Distribution Activities. Case Studies. Solving the Problem of Insufficient Cost Data: Standard Costs and Flexible Budgets. Budgetary Practices. Productivity Standards. Physical Distribution Costs and the Corporate Management Information System. The Role of the Order Processing System. Cost Justification of Physical Distribution System Changes.*

Appendix A: An Application of Standard Costs in Physical Distribution, 392

Appendix B: Developing Standard Costs and Flexible Budgets for Warehousing, 397

12. Physical Distribution Organizations 402

Importance of an Effective Physical Distribution Organization. Types of Physical Distribution Organizational Structures. Decision-Making Strategies in Organizing for PDM: Components of an Optimal Physical Distribution Organization. An Approach to Developing an Optimal Physical Distribution Organization. Measuring the Effectiveness of the Physical Distribution Organization.

13. International Physical Distribution 430

International Distribution Channel Strategies: Exporting. Licensing. Joint Ventures. Ownership. Management of the Export Shipment: Export Facilitators. Documentation. Terms of Trade. Free-Trade Zones. The International Marketplace: Uncontrollable Elements. Controllable Elements—Strategic. Controllable

Elements—Managerial. Financial Aspects of International Physical Distribution. Managing International Physical Distribution Activities.

14. The Strategic Physical Distribution Plan 466

Developing a Strategic Physical Distribution Plan: Formulating the Channel Strategy. Formulating the Physical Distribution Plan. Evaluation and Selection of Individual Physical Distribution Channel Members. Performance Evaluation and Channel Modification. Future Challenges: Distribution Accounting. A Need for Broader-Based Management Skills. Energy/Ecological Issues. Regulatory Trends. International Physical Distribution. Consumerism.

Appendix: Transportation Planning—An Overview, 492

CASES 497

1. The Dow Chemical Company, 498
2. Smith Chemical Company, 501
3. Acme Office Products, Inc., 507
4. Favored Blend Coffee Company, 517
5. McGraw-Hill Book Company (A): Location of Western Region Warehouse, 524
6. Giles Laboratories, 536
7. Western Plywood Corporation: Logistics Problems of a Softwood Plywood Producer, 543
8. Riverview Distributing Company, Incorporated (B), 553
9. Ferle Foods, Inc., 559
