

THE SOURCES OF INNOVATION

Eric von Hippel

New York Oxford
Oxford University Press
1988

CONTENTS

1 Overview	3
The Functional Source of Innovation	3
Variations in the Source of Innovation	4
An Economic Explanation	5
Understanding the Distributed Innovation Process: Know-how Trading Between Rivals	5
Managing the Distributed Innovation Process: Predicting and Shifting the Sources of Innovation	6
Implications for Innovation Research	7
Implications for Innovation Management	8
Implications for Innovation Policy	9
2 Users as Innovators	11
The Sources of Scientific Instrument Innovations	11
The Sources of Semiconductor and Printed Circuit Board Assembly Process Innovations	19
The User-Dominated Innovation Process	25
3 Variations in the Functional Source of Innovation	28
Users as Innovators: Pultrusion	28
Manufacturers as Innovators: The Tractor Shovel	30
Manufacturers as Innovators: Engineering Thermoplastics	32
Manufacturers as Innovators: Plastics Additives	34
Suppliers as Innovators	35
Supplier/Manufacturers as Innovators: Wire Termination Equipment	36
Suppliers as Innovators: Process Equipment Utilizing Industrial Gases and Thermoplastics	38
Additional Evidence on Nonmanufacturer Innovation	40

4 The Functional Source of Innovation as an Economic Phenomenon	43
The Hypothesis	43
Necessary Preconditions	44
Patents and Licensing	47
Trade Secrets and Licensing	54
5 Testing the Relationship Between the Functional Source of Innovation and Expected Innovation Rents	57
Five Empirical Tests	57
Pultrusion Process Machinery: Innovation and Innovation Rents	60
The Tractor Shovel: Innovation and Innovation Rents	63
Engineering Plastics: Innovation and Innovation Rents	66
Process Equipment Utilizing Industrial Gases and Thermoplastics: Innovation and Innovation Rents	68
Conclusions and Discussion	70
6 Cooperation Between Rivals: The Informal Trading of Technical Know-how	76
Informal Know-how Trading	76
Case Study: Informal Trading of Proprietary Process Know-how Between U.S. Steel Minimill Producers	77
An Economic Explanation for Know-how Trading	85
Informal Know-how Trading in Context	88
Discussion	90
7 Shifting the Functional Source of Innovation	93
Nature of the Test	93
The Test	95
Commercial Value of User-Developed Innovations	96
Summary	99
8 Predicting the Source of Innovation: Lead Users	102
Root of the Problem: Marketing Research Constrained by User Experience	102
Lead Users as a Solution	106
Testing the Method	108
Discussion	115
9 Epilogue: Applications for Innovation Management	117
Identifying an Innovation Process Role	117
Organizing for an Innovation Process Role	118
The Distributed Innovation Process as a System	120

References	123
Appendix: Innovation Histories	131
Introduction	131
Data Set for Scientific Instrument Innovations	133
Data Set for Semiconductor Process Innovations	163
Data Set for Pultrusion Process Machinery Innovations	182
Data Set for the Tractor Shovel	188
Data Set for Engineering Plastics	195
Data Set for Plastics Additives	199
Index	209
