Preface ix

The LNR Research Group x

Organization of the Book xi

Acknowledgments xiii

Addresses of the LNR Research Group xv

Part I INTRODUCTION 1

1 Memory and Knowledge 3

DONALD A. NORMAN and DAVID E. RUMELHART

The Analysis of Language 4

The Representation of Information in Memory 8

Conceptual Structures for Perception 21

The Representation of Memories as Plans 29

Summary 32

Part II THEORY 33

2 The Active Structural Network 35

DAVID E. RUMELHART and DONALD A. NORMAN

Structural Networks 35

Predicates, Concepts, and Propositions 40

Primitive Meaning Structures 44

Representation of Quantified Statements 61

Summary 63

3 Reference and Comprehension 65

DONALD A. NORMAN and DAVID E. RUMELHART

The Problem of Reference 65

Conversational Postulates 77

Conversational Postulates and the Problem
of Reference 83

4 Linguistic Theory and the LNR Structural Representation 88
ALLEN MUNRO
Lexical Decomposition 89
The Predicate Approach 97
Referents 102
Generic Quantification 103
Truth in Semantic Representation 105
Presupposition 107
Summary 112

Part III LINGUISTIC ANALYSIS 115

5 On Process Models for Sentence Analysis 117
RONALD M. KAPLAN
Components of Comprehension 117
Augmented Transition Networks 121
Predicting Psychological Processes 134

6 Errors in Reading: Analysis Using an Augmented Transition Network Model of Grammar 136
ALBERT L. STEVENS and DAVID E. RUMELHART
The Syntactical Analysis 137
Experimental Method 144
The Prediction Experiment 146
The Reading Experiments 150
Summary 155

Part IV THE COMPUTER MODEL 157

7 The Computer Implementation 159
DAVID E. RUMELHART and DONALD A. NORMAN
The One-System Hypothesis 159
Basic Units and Operations 161
Interaction between the Parser and the Interpreter 171
Summary 177

8 A Language Comprehension System 179
DAVID E. RUMELHART and JAMES A. LEVIN
Verbworld Definitions 180
Verbworld as a Comprehension System 188
Extensions to Verbworld 203
Summary 208

Part V STUDIES OF LANGUAGE 209

- 9 Evidence for the Psychological Reality of Semantic Components: The Verbs of Possession 211**
 DEDRE GENTNER
 Representation of the Possession Verbs 212
 Memory for Chunks 227
 Semantic Structure and the Acquisition of
 Meaning: An Experimental Analysis 233
 Summary 246
- 10 Experimental Analysis of the Semantics of Movement**
 ADELE A. ABRAHAMSON
 Semantic Analysis of Recall 248
 Analysis of the Recall 250
 Semantic Elements for Animate Movement 261
 The Representation of the Recalls 269
 Summary 272
-

**Part VI STUDIES OF VISUAL PERCEPTION
 AND PROBLEM SOLVING 277**

- 11 Visual Perception and World Knowledge; Notes on a Model of Sensory-Cognitive Interaction 279**
 STEPHEN E. PALMER
 Visual Representation 281
 Visual Processing 294
 Summary 307
- 12 Aspects of Human Problem Solving: The Use of Internal Representations 308**
 MARC EISENSTADT and YAAKOV KAREEV
 Section 1 EXPERIMENTAL ANALYSES 309
 The Games 309
 The Apparatus 313
 Studies of the Internal Representation 314
 Search through the Problem Space 324
 Section 2 THEORETICAL ANALYSES 329
 Theoretical Aspects of Internal
 Representation 330
 Top-Down Analysis: Searching for a Pattern 330
 Bottom-Up Analysis: Suggestions from
 the Stimulus 334
 Theoretical Aspects of Search through the
 Problem Space 339
 Implementation 342
 Summary 345

Part VII EXTENSIONS 347

13 Answering Questions about Processes 349
GREG W. SCRAGG

- LUIGI 350**
- Representational Structures 352
- Answering Questions 363
- Summary 372

14 Memory for Real-World Events 376
MARIGOLD LINTON

- Temporal Judgments of Events 377
- Empirical Studies 381
- The Take-Two-Items-a-Day-for-Five-Years
Study 387
- Reflections on the Study of Memory 402

Epilogue 405

- Higher-Order Conceptual Units: Schemata 406
- Processing Structures 408
- Cognitive Science 409

Bibliography 410

- The Study of Cognitive Processes 410
- References 411

Index 423
