Communications Policy in Europe

Proceedings of the 4th Annual
Communications
Policy Research Conference,
Held at Kronberg, FRG, October 25-27, 1989

With 34 Figures

Springer-Verlag
Berlin Heidelberg New York
London Paris Tokyo
Hong Kong Barcelona

Contents

Preface	V
Acknowledgments	VII

Part I Introduction

1 Introduction: Current Issues in European Communications Policy

Dieter Elixmann

1. Characteristics of Recent Developments in Communications Policy	4
2. An Introduction to the Studies	7

Part II Tariff and Competition Policies

2 Restructuring Telecommunication Tariffs: Policy Issues, Trends and Implications

Robin Mansell

1. Introduction	19
2. The Cost/Price Controversy	22
3. The Telecommunication User's Perspective	29
4. Selected Trends in Switched Service Pricing	31
5. Conclusion	39

3 The Optimum Access Charge Under Competition

Tsuruhiko Nambu

1. Introduction	41
2. Model	43
3. The Total Social Welfare	47
4. Access Charge: Two Viewpoints	51
5. Concluding Remarks	54

4 The Regulation of Competition and Entry in Markets for U.K. Telecommunications Services

Martin Cave and Stephen Trotter

1. Introduction	57
2. Developments in Telecoms Regulation since 1984	58
3. The Communications Infrastructure, Competition and the Duopoly Review	67
4. Price-Capping and Entry	73
5. Conclusions	82

Comment Part II

<i>Godefroy Dang-Nguyen</i>	85
-----------------------------	----

Part III International and Industrial Aspects of Telecommunications

5 Research and Development in Telecommunications: An International Comparison

Thomas Schnöring

1. Introduction	95
2. Some Theoretical and Methodological Remarks	96
3. International Comparison of R&D Expenditure	103
4. International Comparison of Patents	108
5. Characteristics of the National R&D Systems	114
6. Conclusions	125

6 Alternative Settlement Procedures in International Telecommunications Service

James H. Alleman, Paul N. Rappoport and Kenneth B. Stanley

1. Settlements in Telecommunications Services	131
2. International Settlements Simulation	136
3. Results	140
4. Conclusion	147
APPENDIX A	148
APPENDIX B	154
APPENDIX C	156

Comment Chapters 5 and 6

<i>Hans-Peter Gassmann</i>	161
----------------------------	-----

7 Multinational Banking, the Theory of the Division of Labor and the Information and Communications Technologies

Bernhard Wieland

1. Introduction	165
2. Technology and the Extent of the Market	166
3. Internationalization and Multinationalization of Financial Markets	169
4. A Case Study	174
5. Theories of Internationalization	177
6. The Economic Theory of the Division of Labor	179
7. Banking and the International Division of Labor	181
8. Conclusion	183

Comment Chapter 7

<i>David Allen</i>	187
--------------------	-----

Part IV Regulatory Models and Policies

8 Changing Regulatory Policies: The Danish Case

Ole Jess Olsen

1. Introduction	195
2. Organisation and Regulatory Tradition of the Danish Telecommunications Industry	197
3. Present Development of Regulatory Policies	199
4. Some Theoretical Reflections	209
5. Comparative Advantages of Denmark Facing an Internal Market for the Telecommunications Industry	212
6. Concluding Remarks	217

9 Chances and Problems of Liberalization of Telecommunications in Hungary

Emilia Nyeurikel

1. Economic Problems.- Legislative Changes in Hungary	221
2. The Situation and Future of Hungarian Telecommunications	226
3. Restructuring of the Hungarian PTT	232
Appendix: Comparison of Joint Ventures in the East European Countries	234

10 Regulatory Instruments and EEC Powers to Regulate Telecommunications Services in Europe

Joachim Scherer

1. Regulatory Instruments	236
2. Regulatory Powers in the Telecommunications Field	242
3. Directives and Technical Standards	248
4. European Policy-Making in the Telecommunications Field: Preliminary Remarks	250

Comment Part IV

W.R.B. Wigglesworth

257

Part V Convergence of Broadcasting and Telecommunications

11 Diverging Regulatory Scenarios for Integrating Broadband Communications

Emilio Lera

1. Introduction	265
2. Systems Organization	266
3. Service Requirements	269
4. Regulation Policies	270
5. Evolving Regulatory Scenarios	274
6. Conclusions	275

12 The Convergence of Broadcasting and Telecommunications in Japan

Tatsuro Hanada

1. Introduction	277
2. Background of the Convergence of Broadcasting and Telecommunications	279
3. Main Issues in Policy Making with Regard to Convergence of Broadcasting and Telecommunications	287
4. Theoretical Considerations	296
5. Conclusion	301

13

Telecommunication and Audiovisual Legal Regimes
in France

Bertrand Delcros and Jean Pierre Chamoux

1. Introduction	307
2. Licensing	308
3. Licences	311
4. Concluding Notes	317

Comment Part V

<i>Nicholas Garnham</i>	319
