TABLE OF CONTENTS

Part I

FINDINGS AND CONCLUSIONS

I.	OBJECTIVES .....	12
	1. Definition and Economic Scope of Information Technology .....	12
	2. The Analytical Framework .....	13
II.	THE RESULTS .....	14
	1. The Historical Approach .....	14
	2. The Biases .....	14
	3. On Substitution Possibilities .....	14
	4. IT and Demand .....	14
	5. The Case Studies .....	15
	6. Micro/Macro Issues .....	16
III.	POLICY ISSUES .....	19
	1. Use of IT .....	19
	2. Production of IT .....	20
	3. Institutional Flexibility .....	21
	4. Market Flexibility .....	21
IV.	LONGER TERM PROSPECTS .....	22
V.	IMPLICATIONS FOR FUTURE RESEARCH .....	24

Part II

ANALYTICAL SUMMARY

INTRODUCTION .....	26
I. AN HISTORICAL OVERVIEW .....	28
II. CASE STUDIES .....	36
1. Engineering .....	36
2. Office-Based Services .....	38
3. Banking .....	39
4. Clothing .....	40
Conclusion .....	41
III. MICRO/MACRO ISSUES .....	43
IV. ALTERNATIVE CONCEPTUAL FRAMEWORKS .....	53
V. SOME POLICY ISSUES .....	55
1. Diffusion Policy .....	56
2. Education and Training .....	60
3. Trade Policy .....	61
4. Domestic Production Capabilities .....	62
5. Institutional and Market Flexibility .....	64
6. Market Power and Anti-Trust Policy .....	66
CONCLUSIONS .....	67
NOTES AND REFERENCES .....	67

Part III

RESEARCH PAPERS

I. INTRODUCTION .....	70
An Analytical Framework for Analysing the Impact of Information Technologies on Economic Perspectives by Paul Stoneman, University of Warwick ( <u>United Kingdom</u> ) .....	70

1. The Project .....	70
2. Introduction .....	70
3. A Neo-Classical Approach to the Impact of New Technology on Factor Demands .....	74
4. Micro-Macro Issues .....	81
5. The Speed of Diffusion .....	83
6. A Guide to other Contributions .....	83
7. Conclusion .....	84
Notes and References .....	85
Bibliography .....	86
Annex: The Responsiveness of Labour Demand to Technological Change .....	88
II. GENERAL STUDIES .....	94
1. Information Technologies and the Rate and Direction of Technical Change by Pari Patel and Luc Soete ( <u>United Kingdom</u> ) -- Summary ....	94
2. Information Technology, Capital Structure and the Nature of Technical Change in the Firm by Gunnar Eliasson ( <u>Sweden</u> ) .....	97
Abstract .....	97
I. From a Process Towards a Product-Based Industrial Technology .....	98
II. The Modern Manufacturing Firm -- A Knowledge-Using and Information Processing Entity .....	99
III. Finance and Organisation .....	103
IV. Technical Change in a Modern Firm .....	108
V. Why is Technical Change Shifting in a Capital Saving Direction? .....	117
VI. Summing Up .....	120
Notes and References .....	121
Bibliography .....	122
III. PRODUCTION AND DEMAND: ESTIMATION OF ELASTICITIES .....	125
1. Evidence from Econometric Studies of Production Functions by R.A. Wilson ( <u>United Kingdom</u> ) -- Summary .....	125
2. Prices, Costs and Elasticity of Demand by Derek Bosworth ( <u>United Kingdom</u> ) .....	127
Summary .....	127
I. Introduction .....	133
II. Elasticities of Demand .....	136

III.	Price Elasticities of Demand in International Trade .	142
IV.	Technical Characteristics, Prices, Output and Employment .....	147
V.	Quality and International Trade .....	152
VI.	Monopoly Power .....	157
VII.	Summary of Results: With Special Reference to Employment Effects .....	161
VIII.	Conclusions and Suggestions for Future Research .....	166
	Notes .....	167
	Bibliography .....	168
IV.	MICRO-MACRO ANALYSIS .....	174
1.	Dynamic Micro-Macro Market Co-ordination and Technical Change by Gunnar Eliasson ( <u>Sweden</u> ) -- Summary .....	174
2.	Quantifying the Impact of Information Technology on Employment Using a Macroeconometric Model of the United Kingdom Economy by J.D. Whitley and R.A. Wilson ( <u>United Kingdom</u> ) .....	176
I.	Introduction .....	176
II.	The Main Elements of the Debate .....	177
III.	A Macroeconomic Framework .....	181
IV.	The Macroeconomic Model .....	184
V.	The Base Run Simulation: Background Assumptions ....	186
VI.	The Base Run Simulation: Results .....	193
VII.	Alternative Simulations .....	204
	Conclusions .....	211
	Notes and References .....	214
	Appendix -- Tables A1-3 .....	215
	Bibliography .....	219
ANNEX	LIST OF CASE STUDIES .....	221
