TABLE OF CONTENTS

Preface	7
Chapter 1	
INTRODUCTION	9
A few definitions	10
Origins and coverage of the book	12
General outline and main highlights	17
The limitations of the quantitative approach	22
Chapter 2	
THE GROWTH OF APPROPRIATE TECHNOLOGY ACTIVITIES	23
The number of organisations	23
The scale of activities in appropriate technology	26
The different appropriate technology families	29
The location of appropriate technology activities	33
Chapter 3	
THE FIELDS OF ACTIVITY OF APPROPRIATE TECHNOLOGY ORGANISATIONS	37
Concentration and dispersion	37
The 21 main fields of activity	40
The differences between industrialized and developing countries	45
The regional differences	49
The patterns of international specialisation	55
Chapter 4	
THE TYPES OF ACTIVITIES OF APPROPRIATE TECHNOLOGY ORGANISATIONS	62
Global expenditures on appropriate technology	62
Major and minor fields of activity	65
The regional differences	70
The cost of different types of activities	75

Chapter 5

THE FUNDING OF APPROPRIATE TECHNOLOGY ACTIVITIES	78
The global patterns of funding	79
The regional differences	82
The role of governments and foreign aid	88
Diversity and independence in the sources of funding . .	93
The budget distribution of appropriate technology organisations	96

Chapter 6

THE STAFFING OF APPROPRIATE TECHNOLOGY ORGANISATIONS . .	99
The number of staff members	100
The degree of professionalisation	103
The cost of professionals and non-professionals	107
The role of foreign experts	108

Chapter 7

THE DIFFUSION OF INNOVATION	110
The obstacles to the diffusion of innovation	111
The correlations between obstacles to innovation	118
The channels of technology diffusion	122
The linkage with institutional factors	124

Chapter 8

THE COMMUNICATIONS NETWORKS	128
The information flows between major regions	129
The leading appropriate technology organisations	132
The national and international networks	136
Interaction and co-operation between the main networks .	144

Chapter 9

TYPOLGY AND EVOLUTION OF APPROPRIATE TECHNOLOGY ORGANISATIONS	147
The institutional affiliations	148
The typology of appropriate technology organisations . .	151
The patterns of structural evolution	157
The evolution in the mix of activities	159

Chapter 10

GENERAL CONCLUSIONS	162
Appropriate technology as a cultural revolution	162
The strengths and weaknesses of appropriate technology movement	165
The process of technological decision-making	168
Appendices	175
1. Notes on methodology and sources	176
2. List of organisations included in OECD survey	197
3. Text of OECD questionnaire	204
