CONTENTS

Foreword	III
L.A.Zadeh	
Essay on the history of the development of many-valued logics and some related topics	1
H.J.Skala	
1. INTRODUCTORY SECTIONS	
Uncertainty aversion and separated effects in decision making under uncertainty	10
P.C.Fishburn	
Essentials of decision making under generalized uncertainty	26
Th.Whalen and C.Brønn	
Decision evaluation methods under uncertainty and imprecision	48
D.Dubois and H.Prade	
2. BASIC THEORETICAL ISSUES	
Fuzzy random variables	66
W.E.Stein and R.Zwick	
Fuzzy P-measures and their application in decision making	75
K.Piasecki	
Theory and applications of fuzzy statistics	89
A.Kandel	
Confidence intervals for the parameters of a linguistic random variable	113
R.Kruse and K.D.Meyer	
On combining uncertainty measures	124
H.T.Nguyen	
On the combination of vague evidence of the probabilistic origin	135
J.Sustal	
Fuzzy evaluation of communicators	145
A.Muir	

Uncertain associational relations: compatibility and transition relations in reasoning	152
R.R.Yager	
3. FUZZY SETS INVOLVING RANDOM ASPECTS	
Stochastic fuzzy sets: a survey	168
I.B.Turksen	
Probabilistic sets - a survey	184
K.Hirota	
4. DECISION - MAKING - RELATED MODELS INVOLVING FUZZINESS AND RANDOMNESS	
Decision making based on fuzzy stochastic and statistical dominance	197
N.N.Slyadz and A.N.Borisov	
Decision making in a probabilistic fuzzy environment	215
E.Czogała and P.L.Disney	
Randomness and fuzziness in a linear programming problem	227
S.T.Wierzchoń	
Comparison of methodologies for multicriteria feasibility -constrained fuzzy and multiple - objective stochastic linear programming	240
M.Roubens and J.Teghem, Jr.	
Fuzzy dynamic programming with stochastic systems	266
A.O.Esogbue, M.Fedrizzi and J.Kacprzyk	
Probabilistic - possibilistic approach to some statistical problems with fuzzy experimental observations	286
M.Angelès Gil	
Estimation of life-time with fuzzy prior information: application in reliability	307
O.Hryniewicz	
Questionnaires with fuzzy and probabilistic elements	322
B.Bouchon	
From fuzzy data to a single action - a simulation approach	331
S.Chanas and M.Nowakowski	

5. APPLICATIONS

Probabilistic sets in classification and pattern recognition W.Pedrycz and K.Hirota	342
Fuzzy optimization of radiation protection and nuclear safety Y.Nishiwaki	353
Application of fuzzy statistical decision making in countermeasures against great earthquakes Feng Deyi, Lin Mingzhou, Chen Ronghua and Jiang Chen	374
From an oriental market to the European monetary system: some fuzzy - sets - related ideas E.Castagnoli and P.Mazzoleni	389
