CONTENTS

PREFACE

Division 1 GENERAL REQUIREMENTS

Materials Evaluation
References
Trade Associations
Construction Specifications Institute
Reference Standards
Testing Laboratories
Hazardous Materials
Barrier-Free Design
Restoration, Retrofitting, Rehabilitation
Metrication
Questions
References for Further Study

Division 2 SITE WORK

Site Plans
Earthwork
Environmental Concerns
Soil Classification
Soil Behavior
Soil Investigation
Soil Modification
Foundations and Piles
Paving and Surfacing Materials
Questions
References for Further Study

Division 3 CONCRETE

Materials in Concrete
Cement
Aggregate
Admixtures
Water
Strength of Concrete
Design of Mix
Mixing of Concrete
Delivery of Concrete
Placing Concrete
Construction Joints
Finishing and Curing Concrete
Reinforced Concrete
Precast Concrete
Prestressed Concrete
Questions
References for Further Study

ix

1

21

49

Division 4 MASONRY

Mortar
Brick
Manufacture of Brick
Brickwork
Structural Clay Tile
Concrete Block
Bonded Walls
Masonry Panels
Wall-Bearing Construction
Gypsum Block
Glass Block
Stone
Stone Masonry
Masonry Restoration
Questions
References for Further Study

79

Division 5 METALS

Classification of Metals
Iron
Cast Iron
Wrought Iron
Steel
Continuous Casting of Steel
Shaping Steel
Steel Pipe, Tubing, and Wire
Steel Castings
Classification of Steels
Steel Construction
Fire-protective Methods for Exposed Steel
Steel Fasteners
Steel Floor and Roof Framing
Aluminum and Aluminum Alloys
Wrought Aluminum
Aluminum Products
Lead
Zinc and Zinc Coatings
Copper and Copper Alloys
Nickel, Chromium, Cadmium, and Titanium
Combined Metals
Galvanic Action
Questions
References for Further Study

109

Division 6 WOOD AND PLASTICS

153

Characteristics of Wood
 Defects in Wood
 Preparation of Lumber
 Characteristics of Softwoods and Hardwoods
 Lumber Grades
 Treated Lumber
 Glued-Laminated Lumber
 Plywood
 Reconstituted Wood-based Panels
 Wood Fasteners
 Plastics
 Forming Methods
 Foamed Plastics
 Fiberglass Reinforced Plastics
 Plastic Laminates
 Questions
 References for Further Study

Division 7 THERMAL AND MOISTURE PROTECTION

193

Dampproofing and Waterproofing
 Thermal Insulation
 Roofing Materials
 Built-up Roof
 Roll Roofing
 Single-Ply Roofing
 Shingles, Tiles, and Slate
 Wood Shingles and Shakes
 Fire-Retardant Shingles and Shakes
 Metal Roofing
 Weatherproofing and Drainage
 Sealants
 Questions
 References for Further Study

Division 8 DOORS, WINDOWS, AND GLASS

235

Doors
 Metal and Metal-covered Doors
 Wood Doors
 Special-Purpose Doors
 Sliding and Folding Doors
 Windows
 Builders' Hardware
 Glass
 Sheet Glass
 Plate Glass
 Safety Glass
 Tinted and Coated Glass
 Plastic Glazing Materials
 Glazing
 Curtain Walls
 Window Walls
 Questions
 References for Further Study

Division 9 FINISHES

285

Plaster
 Portland Cement Plasters
 Lath
 Lath-and-Plaster Construction
 Drywall Systems
 Ceramic Tile
 Tilesetting
 Terrazzo
 Acoustics
 Acoustical Materials
 Wood Flooring
 Resilient Flooring
 Carpeting
 Paint
 Pigments
 Vehicles
 Solvents
 Clear Coatings and Stains
 Primers and Sealers
 Special-Purpose Paints
 Wall Coverings
 Questions
 References for Further Study

Division 10 SPECIALTIES

343

Chalkboards and Tackboards
 Toilet Compartments
 Louvers and Vents
 Access Flooring
 Fireplaces
 Flagpoles
 Identifying Devices
 Lockers
 Corner Guards
 Interior Partitions
 Sun Control Devices
 Toilet and Bath Accessories
 Questions
 References for Further Study

Division 11 EQUIPMENT

361

Built-in Maintenance Equipment
 Miscellaneous Equipment
 Athletic Equipment
 Parking Equipment
 Waste Handling Equipment
 Loading Dock Equipment
 Residential Equipment
 Questions
 References for Further Study

Division 12 FURNISHINGS	367	Division 15 MECHANICAL SYSTEMS	403
Artwork		Mechanical Trades	
Cabinets and Storage		Water-Distribution Systems	
Window Treatment		Water-Supply Piping	
Fabrics		Drainage Systems	
Furniture		Drainage Pipe and Fittings	
Rugs and Mats		Sewage Disposal	
Seating		Fuel-Gas Piping	
Furnishing Accessories		Plumbing Fixtures	
Questions		Fire Sprinkler Systems	
References for Further Study		Heating Systems	
Division 13 SPECIAL CONSTRUCTION	375	Air Conditioning	
Audiometric Rooms		Questions	
Clean Rooms		References for Further Study	
Instrumentation		Division 16 ELECTRICAL SYSTEMS	435
Insulated Rooms		Electrical Energy	
Integrated Ceilings		Power Generation	
Nuclear Reactors		Geothermal Generation	
Metal Building Systems		Services and Service Equipment	
Special-Purpose Rooms and Buildings		Wiring Materials and Methods	
Radiation Protection		Junction Boxes, Outlets, and Switches	
Sound Vibration Isolation		Lighting	
Swimming Pools		Emergency Lighting	
Active Solar Energy Systems		Fire and Smoke Detection	
Passive Solar Systems		Questions	
Questions		References for Further Study	
References for Further Study		APPENDIX	463
Division 14 CONVEYING SYSTEMS	389	INDEX	472
Dumbwaiters			
Passenger Elevators			
Elevator Safety Devices			
Elevator Operation and Controls			
Hydraulic Passenger Elevators			
Elevator Cars and Entrances			
Freight Elevators			
Hoists and Cranes			
Material-Handling Systems			
Moving Stairs and Walks			
Moving Walks and Ramps			
Questions			
References for Further Study
