Chairman: M. Bergounoux, Director, Electricité de France	
Demand-side Management: The Winds of Change in the United States of America Clark W. Gellings and Veronika A. Rabl, Electric Power Research Institute John H. Chamberlin, Barakat & Chamberlin, Inc., United States	67
European Experiences: Eurelectric Report Nicolas Halberg, N.V. Sep (Electricity Generating Board), Netherlands	87
DSM - The Australian and New Zealand Experience R.J. Gallagher, State Electricity Commission of Victoria (SECV), Australia	91

Session 3 : Programmes and Technologies

Chairman: Jeffrey Skeer, International Energy Agency

Technology Assessment

Anibal T. de Almeida, University of Coimbra, Portugal 107

Applicability of U.S. Experiences on Least-Cost Planning to Europe: Case Study Schleswig-Holstein

Andreas Jahn, InnoTec Systemanalyse,
H. Krawinkel, Länder Schleswig Holstein, Germany 119

Demand-Side Management at the Vorarlberger Kraftwerke AG (VKW)

Kurt Schörghuber, Vorarlberger Kraftwerke, Austria 125

Demand-Side Management in France

François Careme, Electricité de France 133

DSM: Programme for Innovative Procurement

Hans Nilsson, NUTEK, Sweden 145

Least-Cost Planning: a Framework for Demand-Side Management: Iberduero's Approach

Maria Cruz Loyo, Iberduero, S.A., Spain 151

Time-of-Day Tariffs and the Tariff Computer, TACOM, as Tools in DSM Programmes

Niels Haase, NES A/S, Denmark 183

Customer-Focused DSM Programmes in Denmark

Vilhelm Morup, NES A/S, Denmark 189

Session 4: Regulations, Rate Setting and Pricing

Chairman: Diane Pirkey, US Department of Energy

How will Demand-Side Management Work in Europe?

John Chesshire, Science Policy Research Unit, United Kingdom 191

The Changing Regulatory Environment

Mary Lou Munts, former Commissioner, Wisconsin Public Service
Commission and former Chair, Energy Conservation Committee,
National Association of Regulatory Utility Commissioners, United States 205

Deregulation and Demand-Side Management

P.A. Boys, Deputy Director General
Office of Electricity Regulation, United Kingdom 217

Session 5: Transferring the Experience

Chairman: J. Finet, Hydro Quebec, Canada

DSM: Technology Transfer and Information Exchange across International Boundaries

Dilip R. Limaye, President, Synergic Resources Corporation,
United States 221

Setting up a Demand-Side Management Programme in the Housing Sector — Experience from a Danish Research Project

Lene Nielsen, AKF, Denmark 235

A Test of a More Informative Energy Bill

Richard Ling and Harold Wilhite, Ressurskonsult A/S, Norway 243

The Development of DSM/LCUP Incentives in Scandinavia: What can be Learned from the U.S. Experience?

Jan Moen, Norwegian Water Resources and Energy Administration (NVE)
Joe Solomon, Synergic Resources Corporation (SRC) 259

Session 6: Issues Affecting Demand-Side Management Programmes

Chairman: M. Verberg, Gasunie, Netherlands

Planning for Evaluation

Elizabeth G. Hicks, New England Power Service Company, United States 269

Harvesting Demand-Side Resources: the Experience of the United States' Electric Utilities

Joseph H. Eto, Lawrence Berkeley Laboratory, United States
Steve Nadel, American Council for an Energy Efficiency Economy 285

The Future of Demand-Side Management in Europe A View from the United Kingdom

Keith Jackson, East Midlands Electricity, UK 295

Concluding Remarks

Derek Fee, Commission of the European Communities

Robert G. Skinner, International Energy Agency 301

Annex 1: Workshop on Conservation Programmes for Electric

Utilities, Paris, September 1988 — Rapporteur's Report 311

List of Participants 317
