## CONTENTS

SUMMARY .....	11
---------------	----

### PART I WHAT WENT WRONG?

#### *Chapter 1*

THE ORIGINS OF PRESENT PROBLEMS .....	37
Introduction .....	37
1965-1969: The Vietnam War and the European Wage Explosion .....	44
1969-1973: The Mild Recession of 1970-71, the Breakdown of the Pegged-Exchange-Rate System, and the 1972-73 Boom .....	51
1973-1975: The Oil Crisis and the 1974-75 Recession .....	66
1975-1977: The Fragile Recovery .....	75

#### *Chapter 2*

SOME LESSONS FROM THE PAST .....	101
An Overall Assessment .....	101
The Short-run Trade-off Between Activity and Inflation .....	104
Monetary Policy .....	108
Fiscal Policy .....	110
Linkages Between Monetary and Fiscal Policy .....	113
The International Monetary System .....	124

### PART II OBJECTIVES AND CONSTRAINTS

#### *Chapter 3*

THE DESIRABILITY OF GROWTH .....	133
The Case for Growth .....	133
Growth and the Environment .....	135
Growth and Income Distribution .....	136
Growth and the Developing Countries .....	137

#### *Chapter 4*

THE FEASIBILITY OF GROWTH .....	141
Introduction .....	141
Labour Supply .....	141
Labour Productivity .....	147
Supplies of Energy, Food and Raw Materials .....	150
Conclusions .....	152

#### *Chapter 5*

COMPETING CLAIMS .....	155
Introduction .....	155
Productive Investment .....	156

Public Expenditure .....	167
Foreign Sector .....	172
Personal Incomes and Consumption .....	173
Conclusion .....	176

### PART III

## TOWARDS FULL EMPLOYMENT AND PRICE STABILITY

### Chapter 6

THE AIMS OF POLICY .....	179
Introduction .....	179
The Role of Expectations .....	180
Aiming at a Progressive Return to Full Employment and Price Stability .....	181
A Policy of Not Accommodating High Rates of Inflation .....	184
Longer-run Improvements in Inflation and Growth Performance .....	186

### Chapter 7

BETTER DEMAND MANAGEMENT POLICIES .....	189
Keeping on the Narrow Path Back Towards Full Employment and Price Stability .....	189
The Case for Steadier Policies .....	192
Monetary Policy .....	193
Financing Budget Deficits and the Monetary/Fiscal Policy Mix .....	197
Fiscal Policy .....	198
Selective Fiscal and Monetary Policies .....	203
Policies Directly Affecting Employment .....	204

### Chapter 8

BETTER RECONCILIATION OF COMPETING CLAIMS .....	207
The Investment Problem .....	207
Public Expenditure .....	210
The Foreign Sector .....	213
Prices and Incomes Policies .....	214

### Chapter 9

BETTER FUNCTIONING OF MARKETS .....	221
Labour Markets .....	221
Capital Markets .....	224
Capital Flows to Developing Countries .....	225
Encouraging Innovation .....	226
Encouraging Competition .....	227
Trade with the Developing Countries .....	228
Energy Policy .....	229
Agricultural Policy .....	231
Commodity Policy .....	231
Environment Policy .....	232
Note on the General Question of Indexation .....	233

### Chapter 10

THE INTERNATIONAL DIMENSION .....	235
Better International Co-ordination of Demand Management Policies .....	235
Exchange Rates .....	237
International Liquidity .....	240

COMMENTS ON THE REPORT BY INDIVIDUAL MEMBERS OF THE GROUP .....	245
---	-----

### Annex

SUPPORTING MATERIAL, NOTES AND REFERENCES .....	257
---	-----

## LIST OF CHARTS
