ACADEMIC PRESS

New York San Francisco London 1972

A Subsidiary of Harcourt Brace Jovanovich, Publishers

Contents

<i>Preface</i>	xi
1 Introduction and Overview	
Plan of the Book	3
2 Environmental Stress and the Adaptive Process	
Psychological Stress	5
Adaptation	7
Costs of Stress and Adaptation	9

Beneficial Aspects of Stress	12
Noise as a Stressor	14
3 Effects of Noise on Physiology and Task Performance	
Physiological Response to Noise	25
Effects of Noise on Task Performance	36
Summary	44
4 Behavioral Aftereffects of Unpredictable Noise	
Aftereffects of Periodic and Aperiodic Noise	47
Aftereffects of Signaled and Unsignaled Noise	55
Conclusions	58
5 Perceived Control and Behavioral Aftereffects of Unpredictable Noise	
Effects of Perceived Control	61
Perceived Control: Variations on a Theme	69
Perceived Control: Avoidable and Unavoidable Noise	78
Proposed Explanation for the Effects of Perceived Control	86
6 Other Cognitive Factors and Behavioral Aftereffects of Unpredictable Noise	
Relative Deprivation	92
Expectation	98
Necessity and Choice	102
Conclusions	107
7 Behavioral Aftereffects of Unpredictable and Uncontrollable Electric Shock	
Experimental Procedure	110
Results	113
Discussion and Conclusions	118
8 Behavioral Aftereffects of Social Stressors	
Bureaucracy	122
Discrimination	130
Discussion and Conclusions	136

9	Psychic Costs of Stress: Exposure or Adaptation	
	Differential Adaptation I	141
	Differential Adaptation II	147
10	Summary and Implications	
	Social Implications of the Noise Research	162
	References	167
	<i>Author Index</i>	175
	<i>Subject Index</i>	179
