

# COLLECTED WORKS OF LEIF JOHANSEN

*Edited by:*  
F.R. FØRSUND

VOLUME 1

1987

NORTH-HOLLAND  
AMSTERDAM · NEW YORK · OXFORD · TOKYO

## CONTENTS

### VOLUME I

Editor's preface	v
R.M. Solow, Leif Johansen (1930–1982): A memorial	1
<i>Originally published in Scandinavian Journal of Economics 85, no. 4, 1983</i>	
PART I: Overview of macroeconomic model building	
Chapter 1	
Economic models and economic planning and policy: Some trends and problems	13
<i>Originally published in M. Hazewinkel and A.H.G. Rinnooy Kan, eds., Current developments in the interface: Economics, econometrics, mathematics (Reidel Publishing Company, Dordrecht, 1982)</i>	
PART II: Economic growth	
<i>Putty-clay</i>	
Chapter 2	
Substitution versus fixed production coefficients in the theory of economic growth: A synthesis	45
<i>Originally published in Econometrica 27, no. 2, 1959</i>	
Chapter 3	
Some problems of pricing and optimal choice of factor proportions in a dynamic setting	65
<i>Originally published in Economica 34, May, 1967</i>	
<i>Multi-sectoral growth</i>	
Chapter 4	
Rules of thumb for the expansion of industries in a process of economic growth	87
<i>Originally published in Econometrica 28, no. 2, 1960</i>	

Chapter 5	
Explorations in long-term projections for the Norwegian economy	101
<i>Originally published in Economics of Planning 8, nos. 1–2, 1968</i>	
Chapter 6	
Saving and growth in long-term programming models	149
<i>Originally published in Econometric Analysis for National Economic Planning, Colston papers, no. 16 (Butterworths, London, 1964)</i>	
Chapter 7	
Some theoretical properties of a two-sector model of optimal growth	175
<i>Originally published in Review of Economic Studies XXXIV, 1967</i>	
<i>Macroeconomic growth</i>	
Chapter 8	
A model of economic growth with increasing efficiency of capital	193
<i>Originally published in Ekonomisk Tidskrift 58, no. 4, 1956</i>	
Chapter 9	
Appendix: Notes to Chapters III and IV (with A. Ghosh)	197
<i>Originally published in Maurice Dobb, An essay on economic growth and planning (Routledge &amp; Kegan Paul, London, 1960)</i>	
Chapter 10	
Durability of capital and rate of growth of national product	209
<i>Originally published in International Economic Review 2, no. 3, 1961</i>	
Chapter 11	
A classical model of economic growth	219
<i>Originally published in C.H. Feinstein, ed., Socialism, capitalism and economic growth (Cambridge University Press, Cambridge, 1967)</i>	
<i>Dynamic input–output models</i>	
Chapter 12	
Simple and general nonsubstitution theorems for input–output models	237
<i>Originally published in Journal of Economic Theory 5, no. 3, 1972</i>	

## Chapter 13

The rate of growth in dynamic input–output models. Some observations along lines suggested by O. Lange and A. Bródy 249

*Originally published in Yearbook of East-European Economics, no. 4, 1973*

## Chapter 14

On the theory of dynamic input–output models with different time profiles of capital construction and finite life-time of capital equipment 269

*Originally published in Journal of Economic Theory 19, no. 2, 1978*

*Complete demand systems*

## Chapter 15

On the relationships between some systems of demand functions 291

*Originally published in The Finnish Journal of Business Economics, no. 1, 1969*

## Chapter 16

Suggestions towards freeing systems of demand functions from a strait-jacket 303

*Originally published in Angus Deaton, ed., Essays in the theory and measurement of consumer behaviour, in honour of Sir Richard Stone (Cambridge University Press, Cambridge, 1981)*

*Production theory*

## Chapter 17

A method for separating the effects of capital accumulation and shifts in production functions upon growth in labour productivity 327

*Originally published in The Economic Journal LXXI, 1961*

## Chapter 18

Notes on the measurement of real capital in relation to economic planning models (with Å. Sörsveen) 335

*Originally published in The Review of Income and Wealth, Series 13, 1967*

## Chapter 19

Production functions and the concept of capacity 359

*Originally published in Recherches Récentes sur la Fonction de Production, Collection 'Economie Mathématique et Econometrie', no. 2, Ceruna, Namur, 1968*

## PART III: Various topics

## Chapter 20

Death rates, age distribution and average income in stationary populations 383

*Originally published in Population Studies XI, no. 1, 1957*

## Chapter 21

A note on the theory of interindustrial wage differentials 397

*Originally published in The Review of Economic Studies XXV, 1957–58*

## Chapter 22

Regional economic problems elucidated by linear programming 403

*Originally published in International Economic Papers, no. 12 (Macmillan, London, 1967)*

## Chapter 23

Some notes on employment and unemployment with heterogeneous labour 423

*Originally published in Economic essays in honour of Jørgen H. Gelting (Nationaløkonomisk Tidsskrift, special issue, Copenhagen, 1982)*

## VOLUME II

## PART IV: Economic planning

## Chapter 24

An examination of the relevance of Kenneth Arrow's general possibility theorem for economic planning 439

*Originally published in Economics of Planning 9, nos. 1–2, 1969*

## Chapter 25

On the optimal use of forecasts in economic policy decisions 477

*Originally published in Journal of Public Economics 1, no. 1, 1979*

## Chapter 26

Optimal use of forecasts in economic policy decisions: An empirical test (with T. Hersoug) 501

*Originally published in Journal of Public Economics 4, no. 4, 1975*

Chapter 27	
Targets and instruments under uncertainty	523
<i>Originally published in W. Sellekerts, ed., Economic Structure and Development (North-Holland, Amsterdam, 1974)</i>	
Chapter 28	
Establishing preference functions for macroeconomic decision models. Some observations on Ragnar Frisch's contributions	541
<i>Originally published in European Economic Review 5, no. 5, 1974</i>	
Chapter 29	
The report of the committee on policy optimisation – UK	567
<i>Originally published in Journal of Economic Dynamics and Control 1, no. 1, 1979</i>	
Chapter 30	
Parametric certainty equivalence procedures in decision-making under uncertainty	577
<i>Originally published in Zeitschrift für Nationalökonomie 40, nos. 3–4, 1980</i>	
PART V: Public economics	
Chapter 31	
The role of the banking system in a macro-economic model	601
<i>Originally published in International Economic Papers, no. 8 (Macmillan, London, 1958)</i>	
Chapter 32	
Some notes on the Lindahl theory of determination of public expenditures	621
<i>Originally published in International Economic Review 4, no. 3, 1963</i>	
Chapter 33	
Some aspects of automatic stabilization	635
<i>Originally published in W.L. Smith and J.M. Culbertson, eds., Public finance and stabilization policy (North-Holland, Amsterdam, 1974)</i>	
Chapter 34	
The theory of public goods: Misplaced emphasis?	663
<i>Originally published in Journal of Public Economics 7, no. 1, 1977</i>	

Chapter 35 Price-taking behavior	669
<i>Originally published in Econometrica 45, no. 7, 1977</i>	
PART VI: Game theory	
Chapter 36 A calculus approach to the theory of the core of an exchange economy	675
<i>Originally published in The American Economic Review 68, no. 5, 1978</i>	
Chapter 37 The bargaining society and the inefficiency of bargaining	687
<i>Originally published in Kyklos 32, no. 3, 1979</i>	
Chapter 38 Interaction in economic theory	713
<i>Originally published in Economie Appliquée 34, nos. 2–3, 1981</i>	
Chapter 39 Cores, aggressiveness and the breakdown of cooperation in economic games	753
<i>Originally published in Journal of Economic Behavior and Organization 3, no. 1, 1982</i>	
Chapter 40 A note on the possibility of an international equilibrium with low levels of activity	791
<i>Originally published in Journal of International Economics 13, 1982</i>	
Chapter 41 On the status of the Nash type of noncooperative equilibrium in economic theory	801
<i>Originally published in Scandinavian Journal of Economics 84, no. 3, 1982</i>	
Chapter 42 Mechanistic and organistic analogies in economics: The place of game theory. Some notes on H. Thoben's article	823
<i>Originally published in Kyklos 36, 1983</i>	

Chapter 43	
Queues (and 'rent-seeking') as non-cooperative games, emphasizing mixed strategy solutions	827
PART VII: Theory of socialist economies	
Chapter 44	
Economic problems in a rich country: Capitalism versus socialism	877
<i>Originally published in Statsøkonomisk Tidsskrift 75, no. 1, 1961</i>	
Chapter 45	
A note on 'Aggregation in Leontief matrices and the labour theory of value'	897
<i>Originally published in Econometrica 92, no. 2, 1961</i>	
Chapter 46	
Labour theory of value and marginal utilities	899
<i>Originally published in Economics of Planning 3, no. 2, 1963</i>	
Chapter 47	
Marxism and mathematical economics	915
<i>Originally published in Monthly Review 14, no. 9, 1963</i>	
Chapter 48	
Soviet mathematical economics	925
<i>Originally published in The Economic Journal LXXVI, 1966</i>	
Bibliography	935
Author index	951
Subject index	957
