Preface xi

**Chapter 1 Introduction to Labor Economics 1**

- 1.1 The Neoclassical Economic Model 2
- 1.2 Economics as a System of Organized Relationships 8
- 1.3 Labor Economics as a Subsystem of the Economic System 9
- 1.4 The Plan of the Book 11
- Questions and Exercises 12
- References for Further Reading 12

**PART 1 LABOR DEMAND AND  
LABOR SUPPLY**

**Chapter 2 The Demand for Labor in the  
Short Run and in the Long Run 17**

- 2.1 The Concept of Demand 18
- 2.2 The Demand for Labor in the Short Run 19
- 2.3 The Demand for Labor in the Long Run 25
- Questions and Exercises 30
- References for Further Reading 30

Appendix to Chapter 2: Output and Substitution Effects in the Long-Run Demand for Labor	31
<b>Chapter 3 Wages and Employment: The Basic Model</b>	<b>33</b>
3.1 The Market Demand for Labor	34
3.2 Equilibrium in the Labor Market	38
3.3 Implications of the Basic Model	39
3.4 The Assumptions of the Basic Model: The Plan of the Book Revisited	42
3.5 The Marginal Productivity Theory in Historical Perspective	45
Questions and Exercises	49
References for Further Reading	50
<b>Chapter 4 The Supply of Labor in the Short Run</b>	<b>51</b>
4.1 The Concept of Supply	53
4.2 A Utility Maximization Model of Individual Choice	53
4.3 Labor Force Participation	69
4.4 The Market Supply Curve of Labor in the Short Run	75
Questions and Exercises	77
References for Further Reading	77
<b>Chapter 5 The Supply of Labor in the Long Run</b>	<b>78</b>
5.1 A Model of the Allocation of Time	79
5.2 Secular Changes in Labor Force Participation	81
5.3 The Fertility Decision and Population	87
Questions and Exercises	90
References for Further Reading	90
Appendix to Chapter 5: Wage Changes in a Model of the Allocation of Time	91
<b>Chapter 6 The Interaction of Labor Demand and Labor Supply</b>	<b>96</b>
6.1 Labor Market Equilibrium	96
6.2 Variations in Average Hours of Work and Employment	99
6.3 The Determinants of the Elasticity of Demand for Labor	102
6.4 Population, the Capital Stock, and Technology	105
6.5 Wage-Price-Productivity Relations	112
6.6 Supply-Side Economics and the Labor Market	113
Questions and Exercises	115
References for Further Reading	116

## **PART 2 WAGE DIFFERENCES IN PURELY COMPETITIVE MARKETS**

<b>Chapter 7 Human Capital</b>	<b>120</b>
7.1 The Concept of Human Capital	121
7.2 Investment versus Consumption	122
7.3 Individual Behavior: Investment in Schooling	123
7.4 The Operation of the Market for College Graduates	127
7.5 Firm Behavior: On-the-Job Training	133
7.6 General versus Specific Training	135
7.7 Human Capital and Adjustments in the Labor Market	137
Questions and Exercises	138
Reference for Further Reading	139
<b>Chapter 8 Long-Run Equilibrium Wage Differences</b>	<b>140</b>
8.1 Why Do Occupational Wages Differ?	140
8.2 Occupational Wage Differences in Perspective	147
8.3 Long-Run Changes in Permanent Occupational Wage Differentials	152
8.4 A Final Caveat	154
Questions and Exercises	155
Reference for Further Reading	156
<b>Chapter 9 Transitional Wage Differences:     Occupational, Industrial, and Regional</b>	<b>157</b>
9.1 Perfect versus Pure Competition in the Labor Market	158
9.2 The Economics of Search and Information Costs	159
9.3 Transitional Occupational Wage Differences	161
9.4 Industrial Wage Differences	167
9.5 Regional Wage Differences	170
9.6 The North-South Wage Differential in the United States	175
Questions and Exercises	178
Reference for Further Reading	178

## **PART 3 WAGE AND EMPLOYMENT DIFFERENCES ATTRIBUTABLE TO IMPERFECTIONS IN COMPETITION**

<b>Chapter 10 Monopoly and Monopsony</b>	<b>183</b>
10.1 Monopoly	184
10.2 The Effect of Monopoly on Wages	187

10.3	The Effects of Monopoly on Output, Employment, and Economic Welfare	188
10.4	The Effects of Monopoly Summarized	191
10.5	Monopsony	192
10.6	The Economic Effects of Monopsony	194
	Questions and Exercises	197
	References for Further Reading	197
<b>Chapter 11 Race and Sex Discrimination</b>		<b>198</b>
11.1	The Economic Analysis of Discrimination	199
11.2	Wage Discrimination	201
11.3	Occupational Discrimination	204
11.4	Measuring Differences in Earnings by Race and Sex	206
11.5	Discrimination and the Role of Government	212
	Questions and Exercises	213
	References for Further Reading	213
<b>Chapter 12 Union Growth and Collective Bargaining</b>		<b>215</b>
12.1	The Ashenfelter-Pencavel Model of Union Growth	217
12.2	The Prospects for Union Growth in the United States	221
12.3	Collective Bargaining	225
	Questions and Exercises	231
	References for Further Reading	232
<b>Chapter 13 The Union Impact on Wages, Employment, and Economic Welfare</b>		<b>233</b>
13.1	The Elasticity of Demand for Union Labor	234
13.2	Estimates of the Union Impact on Relative Wages	238
13.3	The Union Impact on Employment and Economic Welfare	241
	Questions and Exercises	245
	References for Further Reading	245
<b>Chapter 14 Wages and Employment in the Public Sector</b>		<b>247</b>
14.1	Why Is There a Public Sector?	248
14.2	The Political Process	255
14.3	Competition for Rents	258
14.4	Concluding Remarks	262
	Questions and Exercises	263
	References for Further Reading	263

## **Chapter 15 Government Intervention in the Labor Market** **265**

15.1	Why Does Government Regulate the Labor Market?	<b>265</b>
15.2	Wage and Hour Legislation	<b>266</b>
15.3	Income Security Measures	<b>270</b>
15.4	Antidiscrimination Legislation	<b>275</b>
15.5	Occupational Licensing	<b>278</b>
15.6	Occupational Safety and Health	<b>279</b>
15.7	Conclusion	<b>285</b>
	Questions and Exercises	<b>286</b>
	References for Further Reading	<b>286</b>

## **PART 4 MACROECONOMICS AND LABOR MARKETS**

### **Chapter 16 Unemployment** **291**

16.1	Unemployment and Full Employment	<b>292</b>
16.2	Changes in Aggregate Demand	<b>296</b>
16.3	The Incidence of Unemployment	<b>304</b>
16.4	Employment and Unemployment as Indicators of Economic Performance.	<b>307</b>
	Questions and Exercises	<b>307</b>
	References for Further Reading	<b>309</b>

### **Chapter 17 Wages, Employment, and Inflation** **310**

17.1	The Phillips Relation in the Short Run	<b>311</b>
17.2	The Phillips Relation in the Long Run	<b>313</b>
17.3	A Neoclassical Interpretation of United States Experience, 1961 through 1980	<b>315</b>
17.4	Policy Implications of Neoclassical Analysis	<b>317</b>
	Questions and Exercises	<b>321</b>
	References for Further Reading	<b>322</b>

### **Chapter 18 Labor Markets and the Distribution of Income** **323**

18.1	The Functional Distribution of Income	<b>323</b>
18.2	The Size Distribution of Income	<b>330</b>
18.3	Justice and the Distribution of Income	<b>335</b>
	Questions and Exercises	<b>336</b>
	References for Further Reading	<b>337</b>

<b>Chapter 19 Some Final Thoughts</b>	<b>338</b>
Reference for Further Reading	<b>340</b>
