Early Mining and Metallurgy on the Western Central Iranian Plateau

The first five years of work

**EDITED BY ABDOLRASOOL VATANDOUST, HERMANN PARZINGER
AND BARBARA HELWING**

VERLAG PHILIPP VON ZABERN · MAINZ

Table of Contents

Foreword of the Series Editor	V
1 „Early Mining and Metallurgy on the Western Central Iranian Plateau“: An introduction to the research project Abdolrasool Vatandoust, Hermann Parzinger and Barbara Helwing	1
Part 1: Archaeological excavations at Arismān	9
2 The archaeological site of Arismān Barbara Helwing.....	11
3 Magnetic prospection Helmut Becker, Jörg Fassbinder and Margarete Schloßer	19
4 Excavations at Arismān, Area B Nikolaus Boroffka, Naser N. Chegini and Hermann Parzinger	28
5 Excavations at Arismān, Area C Naser N. Chegini, Hamid Fahimi and Barbara Helwing	40
6 Excavations in the slagheaps in Arismān Daniel Steiniger	69
7 Sialk III pottery from Area B Description, classification, typology Rodica Boroffka and Hermann Parzinger.....	100
Sialk III pottery chronology Hermann Parzinger	128
8 Proto-Elamite pottery from areas A, C, D, and E Barbara Helwing.....	196
9 The small finds from Arismān Barbara Helwing.....	254
10 The Arismān lithic industries Barbara Helwing and Judith Thomalsky	328
11 Radiocarbon datings in Arismān Radiocarbon datings Jochen Görsdorf.....	370
Archaeological comments on the radiocarbon datings Barbara Helwing.....	374
12 Faunal remains of Arismān Norbert Benecke	376
13 Charcoal from the ovens. Botanical remains of Arismān Reinder Neef.....	383
14 Review of post-excavation protection work in Arismān Hamid Fadaei.....	400
15 Report on the conservation of some of the metal objects from the site of Arismān Madjid Ghazian and Mahmoud Ghasemi	409
16 Report on the restoration and protection of the archaeological artifacts from Arismān (Fourth season, fall 2004) Mahmoud Rashidi, Somayyeh Taghi Zowghi and Fatemeh Mirabi	411
17 Archaeological survey in the hinterland of Arismān and Kāšān Naser N. Chegini and Barbara Helwing	421
Appendix to chapter 17: Tappe Mesi. The surface collection of lithic artifacts Judith Thomalsky	452

18 Palaeolithic survey in the Arismān region, western Central Iranian Plateau Saman Heydari Guran and Elham Ghasidian	484
19 Distribution of Iron Age pottery in the southern part of the Central Plateau of Iran. Report on the archaeological site of Milājerd, Natanz Hamid Fahimi	499
20 Conclusions: The Arismān copper production in a wider context Barbara Helwing	523
Part 2: Mining archaeology in Iran – investigations at Vešnāve and a survey on the western Central Iranian Plateau	533
21 Mining archaeology in Iran – investigations at Vešnāve Thomas Stöllner, Mahmood Mireskandari and Kourosh Rostaie, in collaboration with Morteza Momenzadeh, Torsten Riese, Gero Steffens and Gerd Weisgerber with contributions by Monika Doll, Rainer Pasternak and Walter Dörfler.	535
22 Fiber identification of the Vešnāve samples Farah Sadat Madani	609
23 Report on the conservation of selected metal objects from the ancient mines of Vešnāve Madjid Ghazian and Mahmoud Ghasemi	613
24 Report on the restoration and protection of archaeological artifacts from Vešnāve (Fourth season, fall 2004) Mahmoud Rashidi, Somayyeh Taghi Zowghi and Fatemeh Mirabi	616
25 Archaeological survey of ancient mines on the western Central Iranian Plateau Thomas Stöllner	621
Part 3: Archaeometallurgical research on the western Central Iranian Plateau	631
26 Archaeometallurgical research on the western Central Iranian Plateau Ernst Pernicka, Morteza Momenzadeh, Abdolrasool Vatandoust, Kerstin Adam, Maik Böhme, Zahra Hezarkhani, Nima Nezafati, Marcus Schreiner and Bärbel Winterholler	633
Bibliography	688
Summary	706
Persian summary, translated by Hamid Fahimi	712
