

MARTINDALE

The Extra Pharmacopoeia

Thirtieth Edition

Edited by James E. F. Reynolds

Deputy Editor
Kathleen Parfitt

Assistant Editors
Anne V. Parsons
Sean C. Sweetman

*Published by direction of the Council of the
Royal Pharmaceutical Society of Great Britain and prepared
in the Society's Department of Pharmaceutical Sciences*

London
THE PHARMACEUTICAL PRESS
1993

Contents

	Page
<i>Preface</i>	xiii
<i>Abbreviations</i>	xvi
<i>Contracted Names for Ions and Groups</i>	xx
<i>Dissociation Constants</i>	xxi
<i>Atomic Weights of the Elements</i>	xxvi

PART 1 MONOGRAPHS ON DRUGS AND ANCILLARY SUBSTANCES

Analgesics and Anti-inflammatory Agents		Antihypertensive Agents	
Introduction	1	Introduction and Classification	339
Monographs	2	Management of Hypertension	339
		Monographs	341
Anthelmintics		Antimalarials	
Introduction	37	Introduction and Classification	393
Monographs	38	Resistance	393
		Treatment of Malaria	394
Anti-arrhythmic Agents		Prophylaxis and Suppression of Malaria	394
Introduction	56	Monographs	395
Classification of Anti-arrhythmic Agents	56	Antimigraine Agents	
Choice of Anti-arrhythmic Agent	57	Introduction	412
Monographs	57	Monographs	412
Antibacterial Agents		Antimuscarinic Agents	
Introduction	79	Introduction and Classification	418
Choice of Antibiotic	79	Monographs	418
Antibiotic Groups	109	Antineoplastic Agents and Immunosuppressants	
Monographs	113	Introduction and Classification	434
Anticoagulants		Adverse Effects with Antineoplastic Agents and	
Introduction	225	Immunosuppressants	434
Monographs	225	Treatment of the Adverse Effects of Antineoplastic	
Antidepressants		Agents	437
Introduction	243	Precautions for Antineoplastic Agents and	
Monographs	244	Immunosuppressants	438
Antidiabetic Agents		Action	439
Introduction	276	Resistance	439
Monographs	276	Choice of Antineoplastic Agent	439
		Choice of Immunosuppressant	448
Antiepileptics		Monographs	454
Introduction and Classification	292	Antiprotozoal Agents	
Monographs	295	Introduction	508
Antifungal Agents		African Trypanosomiasis	508
Introduction and Classification	315	American Trypanosomiasis	508
Monographs	315	Amoebiasis	508
Antigout Agents		Balantidiasis	509
Introduction	333	Giardiasis	509
Monographs	333	Leishmaniasis	509
		Pneumocystis Carinii Pneumonia	509
		Toxoplasmosis	509
		Trichomoniasis	509
		Monographs	509

Antithyroid Agents		Corticosteroids	
Introduction	531	Introduction and Classification	712
Adverse Effects and Precautions	531	Adverse Effects of Corticosteroids	712
Absorption and Fate	532	Treatment of Adverse Effects of Corticosteroids	714
Uses and Administration	532	Withdrawal of Corticosteroids	714
Monographs	534	Precautions for Corticosteroids	714
Antiviral Agents		Absorption and Fate of Corticosteroids	715
Introduction	536	Uses and Administration of Corticosteroids	715
Monographs	536	Monographs	723
Anxiolytic Sedatives Hypnotics and Neuroleptics		Cough Suppressants Expectorants and Mucolytics	
Introduction	564	Introduction	741
Monographs	564	Cough Suppressants	741
Beta-adrenoceptor Blocking Agents		Expectorants	741
Introduction and Classification	624	Mucolytics	741
Adverse Effects and Treatment	624	Monographs	741
Precautions	625	Dermatological Agents	
Uses and Administration	626	Introduction	754
Monographs	628	Monographs	754
Blood and Blood Products		Diagnostic Agents	
Introduction	642	Introduction	773
Blood Groups	642	Monographs	773
Blood Clotting	642	Disinfectants	
Drugs in Donated Blood	642	Introduction and Classification	781
Transmission of Infections	642	Monographs	782
Monographs	642	Diuretics	
Blood Substitutes and Plasma Expanders		Introduction and Classification	806
Introduction	650	Monographs	807
Monographs	650	Dopaminergic Antiparkinsonian Agents	
Calcium Regulating Agents		Introduction and Classification	833
Introduction	654	Monographs	833
Hypercalcaemia	654	Electrolytes	
Osteoporosis	654	Introduction	851
Paget's Disease of Bone	654	Dialysis Solutions	851
Monographs	655	Oral Rehydration Therapy	851
Cardiac Inotropic Agents		Monographs	851
Introduction	663	Gases	
Monographs	663	Introduction	864
Chelating Agents Antidotes and Antagonists		Refrigerants and Aerosol Propellants	864
Introduction	674	Monographs	864
Monographs	674	Gastro-intestinal Agents	
Colouring Agents		Introduction	867
Introduction	698	Antacids	867
Monographs	698	Antidiarrhoeal Agents	867
Contrast Media		Anti-emetics	867
Introduction and Classification	702	Anti-ulcer Agents	867
Choice of Contrast Medium	702	Laxatives	867
Monographs	703	Monographs	868
		General Anaesthetics	
		Introduction	911
		Adverse Effects of General Anaesthetics	911
		Precautions for General Anaesthetics	911
		Uses of General Anaesthetics	911
		Monographs	911

Haemostatics		Organic Solvents	
Introduction	922	Introduction	1099
Monographs	922	Monographs	1099
Histamine H ₁ -Receptor Antagonists		Paraffins and Similar Bases	
Introduction and Classification	926	Introduction	1107
Adverse Effects	926	Monographs	1107
Treatment of Adverse Effects	927	Parasympathomimetics	
Precautions	927	Introduction	1112
Uses	928	Monographs	1112
Monographs	930	Pesticides and Repellents	
Hypothalamic and Pituitary Hormones		Introduction	1123
Introduction and Classification	948	Carbamate Pesticides	1123
Monographs	948	Chlorinated Pesticides	1123
Iodine and Iodides		Organophosphorus Pesticides	1123
Introduction	970	Pyrethroid Pesticides	1124
Monographs	970	Monographs	1124
Iron and Iron Compounds		Preservatives	
Introduction	974	Introduction	1132
Adverse Effects	974	Antimicrobial Preservatives	1132
Treatment of Adverse Effects	974	Antioxidants	1132
Precautions	974	Monographs	1132
Absorption and Fate	974	Prophylactic Anti-asthma Agents	
Human Requirements	974	Introduction	1140
Uses and Administration	975	Monographs	1140
Monographs	975	Prostaglandins	
Lipid Regulating Agents		Introduction and Classification	1147
Introduction and Classification	979	Uses of Prostaglandins	1147
Hyperlipidaemias	979	Monographs	1147
Ischaemic Heart Disease	979	Radiopharmaceuticals	
Treatment of Hyperlipidaemias	982	Introduction	1161
Monographs	983	Monographs	1162
Local Anaesthetics		Sex Hormones	
Introduction and Classification	995	Introduction and Classification	1166
Adverse Effects of Local Anaesthetics	995	Androgens and Anabolic Steroids	1166
Treatment of Adverse Effects	996	Oestrogens	1167
Precautions for Local Anaesthetics	996	Progestogens	1170
Absorption and Fate of Local Anaesthetics	997	Hormonal Contraceptives	1171
Uses and Administration of Local Anaesthetics	997	Monographs	1178
Monographs	1001	Skeletal Muscle Relaxants	
Nitrates and Other Anti-angina Agents		Introduction and Classification	1199
Introduction	1019	Monographs	1199
Monographs	1019	Soaps and Other Anionic Surfactants	
Nonionic Surfactants		Introduction and Classification	1215
Introduction and Classification	1027	Monographs	1215
Monographs	1027	Stabilising and Suspending Agents	
Nutritional Agents and Vitamins		Introduction	1217
Introduction	1033	Monographs	1217
Nutrition in Health	1033	Stimulants and Anorectics	
Dietary Modification	1033	Introduction	1222
Enteral and Parenteral Nutrition	1034	Monographs	1222
Vitamins	1034		
Monographs	1035		
Opioid Analgesics			
Introduction	1065		
Classification of Opioid Receptors	1065		
Monographs	1065		

xii Contents

Sunscreen Agents		Precautions	1267
Introduction and Classification	1233	Absorption and Fate	1268
Monographs	1233	Uses and Administration	1268
		Monographs	1269
Sympathomimetics		Vaccines Immunoglobulins and Antisera	
Introduction	1236	Introduction	1271
Adverse Effects of Sympathomimetics	1236	Antisera	1271
Precautions for Sympathomimetics	1236	Immunoglobulins	1271
Absorption and Fate of Sympathomimetics	1236	Vaccines	1271
Actions and Uses of Sympathomimetics	1236	Monographs	1273
Monographs	1238		
Thrombolytic Agents		Vasodilators and Other Agents for Peripheral and Cerebral Vascular Disorders	
Introduction	1260	Introduction	1308
Monographs	1260	Monographs	1308
Thyroid Agents		Xanthines	
Introduction	1267	Introduction	1314
Adverse Effects and Treatment	1267	Monographs	1314
PART 2 SUPPLEMENTARY DRUGS AND OTHER SUBSTANCES			1329
PART 3 PREPARATIONS			1429
DIRECTORY OF MANUFACTURERS			1911
GENERAL INDEX			1941

xii Contents

Sunscreen Agents		Precautions	1267
Introduction and Classification	1233	Absorption and Fate	1268
Monographs	1233	Uses and Administration	1268
		Monographs	1269
Sympathomimetics		Vaccines Immunoglobulins and Antisera	
Introduction	1236	Introduction	1271
Adverse Effects of Sympathomimetics	1236	Antisera	1271
Precautions for Sympathomimetics	1236	Immunoglobulins	1271
Absorption and Fate of Sympathomimetics	1236	Vaccines	1271
Actions and Uses of Sympathomimetics	1236	Monographs	1273
Monographs	1238		
Thrombolytic Agents		Vasodilators and Other Agents for Peripheral and Cerebral Vascular Disorders	
Introduction	1260	Introduction	1308
Monographs	1260	Monographs	1308
Thyroid Agents		Xanthines	
Introduction	1267	Introduction	1314
Adverse Effects and Treatment	1267	Monographs	1314
