CONTENTS

Editor - Summary and conclusions 1
Volker Hauff - Address at the Opening Session 7
John E. Fobes - Opening statement 9
H.R. Balls - Introductory remarks to the first plenary session 11

- o - o - o - o - o - o -

Aangeenbrug, R.T. - see Failor, Edward D.
Aris, John B.B. - Quantifying the costs and benefits of computer projects 15
Auernhammer, H. - Data protection in the Federal Republic of Germany 25
Banbury, John - The concept of information system effectiveness 28
Bosch-Font, Francisco. - National policies for the supply of computer staff: some economic considerations 37
Bouarfa, M. - The Algerian computerization plan 44
Brodet, David - see Klinkovitsky, Dan
Brussaard, B.K. - The price of privacy 53
Castelli Avolio, Luigi - Computer economics in Italy 63
Coster, M.A. de - Cost allocation in a multi-user environment 76
Donth, Hans H. - Seven years of promotion of research, development and education in data processing by the Federal government of Germany: facts and results 83
Durand, R. - Cost analysis of data processing centres 100
Failor, Edward D. & R.T. Aangeenbrug - Social and economic statistics administration: its policy mechanisms for coordinating data gathering and analysis 113
Flowerdew, A.D.J. & C.M.E. Whitehead - Problems in measuring the benefits of scientific and technical information 119
Genkinger, Peter F. - Implementing "Nutzwertanalyse" 129
Grindley, C.B.B. - The rationale of measuring efficiency 137
Grochla, Erwin - The economics of small computers 144
Hanna Jr., W.E. - A case study in procurement 156
Hawgood, John - Quinquevalent quantification of computer benefits 171
Head, J.G. - Estimating the costs and benefits and monitoring the effectiveness of large government installations 181
Hebenstreit, J. - Training policy problems in the field of informatics 191
Henderson, G.E. - National policies for informatics and the specific needs of public administration 195
Kalman, R.E. - Towards the quantitative measurement of development in informatics 205
Klinkovitsky, Dan & David Brodet - A model for measuring national ADP-expenditure; the Israeli case 212
Kokai, T.R. - Measures toward EDP-appropriate legislation; international cooperation 226
Kraulis, Gunnar - Industrial data processing policy in Sweden 232

Land, Frank F. - Criteria for the evaluation and design of effective systems	239
Leggio, A. - Economic results of technical decisions in large data centres	251
Moore, D.W. - Introducing computers into public administration in less technologically developed countries	258
Moskow, Michael H. & Stephan A. Yedinak - The HUD framework for research and the USAC programme	271
Oorschot, J.M. van - National policies for the acquisition of hardware, software and systems	280
Perret, J.F. - National policies for informatics; an attempt at an overall economic balance	286
Piera, F. - Contracting terms for the acquisition of hardware	295
Pope, Dorothy, J.M. - Estimating the resources needed for ADP-systems	304
Pouzin, L. - The economics of computer networks; the CYCLADES case	314
Prowse, P.H. - Efficiency of logical design of data structures	324
Scheepmaker, Bob - The interdependence of management and automation	330
Schmitz, Carlfried - Performance measurement of operational hardware/software systems: a case study on comparison of methods	336
Seibt, Dietrich - Budgeting and control of information systems development - organizational issues	343
Smith, Caby C. & Robert B. Voight - Building information systems through computerized geo-coding and record linkage	359
Treille, Jean-Michel - Present situation and perspectives of the informatics industry in Europe; an economic analysis	368
Tully, Colin - Standards: lamp-posts and strange devices	376
Van Oorschot, J.M. - see Oorschot, J.M. van	
Verhelst, Maurice - On possible approaches and techniques for determining financial benefits of organizational information	387
Voight, Robert B. - see Smith, Caby C.	
Wallace, J.B. - An experimental evaluation of simulation techniques for analysing costs and benefits of information systems	399
Waters, S.J. - Efficient computer systems design	412
Weir, Mary - The effectiveness of computer systems in creating satisfying jobs for users; a method of assessment	421
Whitehead, C.M.E. - see Flowerdew, A.D.J.	
Willoughby, Theodore C. - Pricing of computer services	427
Yedinak, Stephan A. - see Moskow, Michael H.	
Zangemeister, Christof - Measurement of effectiveness of computerized information systems from a management point of view through utility analysis	440
