CONTENTS

OPENING SESSION

The contribution of JIT to the achievement of competitive edge from manufacturing R Powell, ICL (UK) Ltd	3
JIT and the small company J Booth, York International Ltd, UK	11

JIT AND THE SMALL COMPANY

The implementation of JIT within Klippon Electricals A L Powell, Klippon Electricals Ltd, UK	17
Just-in-Time in a seasonal environment R Muir, G D Mountfield Ltd, UK	27
JIT or how to achieve a 68% ROA in a £2m turnover capital equipment business D C Tedd, Cityswift Ltd and CSP Knowles, Grant Micro Ltd, UK	33
Supplier development between smaller companies P J Clarke, Reynolds Medical Ltd and R V W Staughton, University of Bath, UK	45
Implementing JIT in a small company: A challenge, a game, or a Chinese Puzzle? G Josseau, CAP SESA Industrie, France	55

JIT IMPLEMENTATION AND ISSUES

Back to the Future – where is JIT going? M V L Oliver, Engineering Industry Training Board, UK	65
JIT – a survival course for plastics processing A Kochhar, University of Bradford and M Tee, Knight Wendling Ltd	75
How to implement kanban combined with bar code in the shopfloor F Peyronnet, Siemens Bendix Automotive Electronics, France	101
JIT in sales and marketing P Thornton, York MDMLtd, UK	111

COSTS FOR JIT

An integrated approach to cost management and performance measurement for Just-in-Time manufacturing G Azzone, U Bertele, Politecnico di Milano and C Masella, Consorzio Universitario MIP, Italy	121
JIT manufacturing – but at what cost? M T Sweeney, Cranfield School of Management and S Carter, Independent Consultant, UK	131

JIT PURCHASING AND SUPPLY

Management control in supply chain JIT L F Baxter, Heriot-Watt University, N Ferguson, D K Macbeth and G C Neil, Glasgow Business School, UK	145
JIT raw materials supply C D R Orford, Apollo Metals Plc and A S Harrison, Warwick Business School, UK	155
Setting up Just-in-Time supply A Harrison and C Voss, University of Warwick, UK	171
International networked manufacturing systems and the JIT concept S Ashman, GE Information Services Ltd, UK	183

DESIGN FOR JIT

World class design for world class production A J Duncan, Worldclass Manufacturing Development Ltd, UK	197
Consequences of high variety products on JIT systems' performance M I Johansson and MCL Strand, Chalmers University of Technology, Sweden	209

INDUSTRIAL CASE STUDIES

JIT applied gives improved performance D Cahill, Baxi Partnership Ltd, UK	221
Implementation: the simple approach J Turner, GEC Alsthom Electromotors Ltd, UK	233
Becoming globally cost-competitive in the office products industry through JIT J Cameron, Rexel Engineering Ltd, UK	237
JIT: Scheduling for success M C Harrison, Synchronised Manufacturing Ltd, UK	245
Process design for CFM S S Duncan, IBM Greenock, UK	255

LATE PAPERS

JIT in UK, US and Japanese companies. The current state and looking to the future C Voss, University of Warwick, UK	275
How production and distribution can respond to market request on a daily/weekly basis I Scullica, Pirelli Logistics, Italy	287
Implementing JIT projects at Renault J Dagois, C Lallemand and G Texier, Production Division, Renault, France	297
