CONTENTS

<i>Preface</i>		xi
<i>Acknowledgments</i>		xiii
<i>Part One.</i> INTRODUCTION		
Chapter 1	Marketing Systems and Econometrics	3
	Basic Marketing Systems	4
	Marketing Research and Aggregation	13
	Econometric Models: An Overview	17
Chapter 2	Models of Marketing Systems	25
	An Outline of the Basic Argument	26
	The Process of Model Building	27
	Decision Models	29
	Sales Response Models	38
	Recapitulation	45
<i>Part Two.</i> THE ECONOMETRIC MODEL-BUILDING APPROACH		
Chapter 3	Linear Econometric Models	51
	The Simultaneous Linear	
	Structural Equation Model	51
	Identification	58
	Choosing an Estimation Method	65
	Ordinary Least Squares	67
	Generalized Least Squares	69
	Seemingly Unrelated Equations	71
	Recursive Equation Systems	73
	Indirect Least Squares	74
	Two-Stage Least Squares	74
	Three-Stage Least Squares	76

Chapter 4	Limitations of Marketing Data	81
	Unobservable Variables	81
	Aggregation in Marketing	87
	Combining Cross-Section and Times-Series Data	93
	Observational Equivalence	97
Chapter 5	Evaluating Econometric Models	99
	Tests of Significance	99
	Specification Error Analysis	100
	Model Selection	110
	Summary	118

Part Three. **ECONOMETRIC RESEARCH IN MARKETING**

Chapter 6	The Development of Marketing Models	123
	Marketing Models and Theories	124
	Marketing Variables and Relationships	130
	The Artist and the Scientist	136
Chapter 7	Sales Response Models	137
	Market Share Research	138
	Sales Research	152
	Time-Varying Parameter Structures	155
	Summary	164
Chapter 8	The Measurement of Carryover Effects	167
	The Lag Structure as a Set of Probabilities	168
	Polynomial Lag Structures	179
	Rational Lag Structures	183
	Reservations	186
Chapter 9	Empirical Decision Models	189
	Marketing Planning and Forecasting	189
	Optimal Marketing Decisions	192
	The Analysis of Competitive Behavior	206
	Marketing Decision Systems	217

Part Four. POLICY AND RESEARCH IMPLICATIONS

Chapter 10	Industry Advertising Effects	223
	Previous Studies of Industry Advertising and Sales	223
	A Theory of Industry Advertising Effects	226
	Measuring Industry Advertising Effects	227
Chapter 11	Implementing Empirical Decision Models	237
	Model Building Paradigms	237
	Theory of Behavioral Model Building	241
	Research on Organizational Validity	245
	Dimensions of Models	249
	Examples of Marketing Decision Models	253
	Attitudes and Implementation	256
Chapter 12	Sales Response and Buyer Behavior	261
	Modeling Intermediate Processes	261
	Econometric Studies of Buyer Behavior	264
	Econometrics and Marketing Science	270
	<i>References</i>	273
	<i>Indexes</i>	295
