# Contents

<i>Preface</i>	xiii
<b>Introduction</b>	1
<b>Part I MICROECONOMIC FOUNDATIONS</b>	
<b>Chapter 1 The Basic Concepts</b>	
1. Walrasian Economics and the Problem of Market Clearing	9
2. The Institutional Framework	14
3. Functioning of Nonclearing Markets and Quantity Signals	16
4. Effective Demand	21
5. Non-Walrasian Equilibrium: An Example	25
6. The Role of Expectations	27
7. The Formation of Prices	29
8. Conclusions	33
References	34
<b>Chapter 2 Non-Walrasian Equilibria</b>	
1. Introduction	35
2. Institutional Framework	36
3. Rationing Schemes and Quantity Signals	37
4. Effective Demand	42
5. Fixprice Equilibria	45

6. Expectations and Temporary Equilibrium with Rigid Prices	48
7. K-Equilibrium with Bounded Prices	52
8. K-Equilibrium with Monopolistic Competition	53
9. Conclusions	56
References	56

## *Part II CLOSED-ECONOMY MODELS*

### **Chapter 3 Theories of Unemployment**

1. Classical and Keynesian Theories of Unemployment	61
2. The Model	64
3. Temporary Walrasian Equilibrium and Situations of Unemployment	66
4. The Three Regimes	68
5. A Global Analysis	73
6. Conclusions	76
References	77

### **Chapter 4 Asymmetric Price Flexibility and the Effectiveness of Employment Policies**

1. Introduction	78
2. The Three Regimes	79
3. A Dynamic View	86
4. A Graphical Solution	85
5. Conclusions	90
References	90

### **Chapter 5 Indexation and Employment Policies**

1. Introduction	91
2. The Three Regimes	93
3. A Graphical Solution	96
4. A Particular Case: Rigid Real Wage	99
5. Conclusions	101
References	102

### **Chapter 6 The Three Regimes of the IS-LM Model**

1. Introduction	103
2. The Model	105
3. The Core Equations and IS-LM	107
4. The Three Regimes	110

5. A Graphical Solution	117
6. The IS-LM Model with a Rigid Real Wage	118
7. Conclusions	119
References	120

### *PART III OPEN-ECONOMY MODELS*

#### **Chapter 7 Economic Policies in an Open Economy**

1. Introduction	123
2. The Model	123
3. International Equilibrium	124
4. Flexible Exchange Rates	126
5. Fixed Exchange Rates	127
6. Conclusions	131
References	131

#### **Chapter 8 The Balance of Payments**

1. Introduction	132
2. The Model	132
3. Determination of Incomes and Prices in the Different Regimes	133
4. The Balance of Payments and the Three Traditional Approaches	136
5. The Effects of a Devaluation	137
6. Conclusions	140
References	141

### *Part IV DYNAMIC MODELS*

#### **Chapter 9 Theories of Inflation**

1. Demand and Cost Inflation	145
2. The Model	145
3. Temporary Equilibrium and Dynamics	147
4. Demand Inflation	150
5. Cost Inflation	152
6. Steady States	156
7. Conclusions	161
References	162

**Chapter 10 Phillips Curves, Conflicts, and Expectations**

1. Introduction	163
2. The Model	164
3. The Short Run: Equilibrium and the Phillips Curve	166
4. Steady States and the Unemployment-Inflation Dilemma	168
5. Conclusions	171
References	172

**Chapter 11 A Model of the Business Cycle**

1. Introduction	173
2. The Model	174
3. Short-Run Equilibrium	176
4. Dynamics and Long-Run Equilibrium	179
5. Stability of the Long-Run Equilibrium	181
6. Existence of Cycles	182
7. Conclusions	184
References	185

***Part V EXPECTATIONS*****Chapter 12 The Role of Expectations**

1. Introduction	189
2. The Model	190
3. The Structure of Equilibria	191
4. The Effects of Economic Policies and Expectations	192
5. Global Analysis	195
6. Conclusions	197
References	198

**Chapter 13 Non-Walrasian Prices and Perfect Foresight**

1. Introduction	199
2. The Model	200
3. The Consumption Function	201
4. The Intertemporal Walrasian Equilibrium	202
5. The Structure of Non-Walrasian Equilibria	203
6. The Effects of Economic Policies	203
7. Expectations of Government Policy	207
8. Conclusions	208
References	208

**Chapter 14 Expectations, Information, and Dynamics**

1. Introduction	209
2. The Model	210
3. A Stationary Intertemporal Equilibrium	211
4. A Temporary Deflationary Shock	212
5. An Interpretation	213
6. Conclusions	215
References	216

**APPENDIXES**

<b>Appendix A Existence Theorems</b>	219
<b>Appendix B Manipulation</b>	225
<b>Appendix C Effective Demand under Uncertainty</b>	230
<b>Appendix D The Effects of a Devaluation</b>	235
<b>Bibliography</b>	237
<i>Index</i>	249
