Suggested Outline for a One-Semester Course

xxvii

Part One BASIC ECONOMIC CONCEPTS AND NATIONAL INCOME

1 Introduction 1

For Whom the Bell Tolls / What Economics Is / Quality of Economic Life / Light and Fruit / The Queen of the Social Sciences / Economic Description and Analysis / Economic Policy and Reform / Methodology of Economics: Brief Preview / The Whole and the Part: The "Fallacy of Composition"

Summary Questions for Discussion

A Preview

2 Central Problems of Every Economic Society 15

A. Problems of Economic Organization

The Law of Scarcity

B. The Technological Choices Open to Any Society

Society's Production-Possibility Frontier / Some Uses of the P-P Frontier / Pictures in an Exhibition / The Law of Diminishing Returns / Economies of Scale, Mass Production / Law of Increasing (Relative) Costs

C. The Underlying Population Basis of Any Economy: Past and Future Population Trends

The Malthusian Theory of Population / Controlling Population Growth / Decline and Rise of Birth Rates / Net Reproduction Rates / Turn of the Tide?

Summary Questions for Discussion

3 Price Functioning of a "Mixed Economy" 37

The Mixed Economy

A. How a Free Enterprise System Solves the Basic Economic Problems

Not Chaos but Economic Order / The Invisible Hand and "Perfect Competition" / The Price System / A Picture of Prices and Markets / Ethical Aspects of Income Distribution / Imperfections of Competition / Economic Role of Government

B. Capital, Division of Labor, and Money

Capital and Time / The Need to Forgo Present Consumption / Capital and Private Property /

Specialization, Exchange, and Division of Labor / Specialization and Alienation / Specialization and Interdependence / The Use of Money

Summary Questions for Discussion

4 Supply and Demand: The Bare Elements 52

The Market Mechanism / The Demand Schedule / The Demand Curve / Reasons for the Law of Downward-Sloping Demand / The Supply Schedule / Equilibrium of Supply and Demand / Effect of a Shift in Supply or Demand / Two Stumbling Blocks / What Supply and Demand Accomplished: General Equilibrium / Perfection and Imperfections of Competition

Summary Questions for Discussion

Appendix: Stock-Market Fluctuations 66

People's Capitalism / The Great Crash / The Postwar Boom / An Efficient Market: "Random Walks" / Favorable Odds / Outguessing the Market? / Science of Stocks

5 Incomes and Living Standards 75

The Decline of Poverty / Two Worlds? / Distribution of Income in the United States / How to Measure Inequality among Income Classes / Trends of Inequality / Distribution of Wealth / Income Differences among Occupations / Is College Worthwhile? / Differences in Ability and Incomes / Economic Stratification and Opportunity / Definition of Poverty / The Position of Minorities / Conclusion

Summary Questions for Discussion

6 Business Organization and Income 94

Big, Small, and Infinitesimal Business / The Single Proprietorship / Business Growth and the Need for Short-Term Capital / The Partnership / "This Is the Way We Grow" / New Needs and Sources for Capital / Disadvantages of the Partnership Form / The Corporation / Advantages and Disadvantages of the Corporate Form / How a Corporation Can Raise Capital / Advantages of Different Securities / The Giant Corporation / Divorce of Ownership and Control in the Large Corporation / Leadership and Control of the Large Corporation / A Managerial Revolution in the New Industrial State? / The Evil of Monopoly / The Curse of Bigness? / Business in the Doghouse

Summary Questions for Discussion

Appendix: Elements of Accounting 111

The Balance Sheet / The Statement of Profit and Loss, or Income Statement / Depreciation / The Relation between the Income Statement and the Balance Sheet / Summary of Elementary Accounting Relations / Depreciation Allowances and Funds / Intangible Assets / Accounting Abuses / Conclusion

Summary to Appendix Questions for Discussion

7 Labor and Industrial Relations 126

Who Belongs to Unions? / National and Local Unions / National Unions and the Federation / The Urge to Unionize / Brief History of the American Labor Movement / Communism and Corruption in Unions / How Democratic Are Unions? / How Collective Bargaining Works / Role of Government in Collective Bargaining / Current Bargaining Problems

Summary Questions for Discussion

8 Economic Role of Government: Expenditure, Regulation, Finance 140

The Growth of Government Expenditure / The Growth of Government Controls and Regulation / Federal, State, and Local Functions / Federal Expenditure / The Changing Functions of Government / Transfers and Taxes in the Welfare State / Graphical Analysis of Government Activity / Waste in Government and Scope / Social and Private Wants

Summary Questions for Discussion

9 Economic Role of Government: Federal Taxation and Local Finance 154

Economic Nature of Taxation / Pragmatic Compromises in Taxation / Federal Taxation / The Progressive Personal Income Tax / Progressive Taxes, Investment, and Spending / State and Local Expenditures / State and Local Taxes / Intergovernmental Grants-in-Aid / Conclusion: The Thorny Problem of Tax Incidence

Summary Questions for Discussion

10 National Income and Product 168

The Yardstick of an Economy's Performance / Two Measures of National Product: As Goods-Flow or Earnings-Flow / Real versus Money National Product: "Deflating" by a Price Index / Avoiding "Double Counting" of Intermediate Goods / Net Investment, Capital Formation / Net Investment Equals Gross Investment minus Depreciation / Gross National Product versus Net National Product / Government Expenditure on Goods and Services / GNP and NNP / Digression on Disposable, Personal, and National Incomes / Beyond GNP to Net Economic Welfare (NEW)

Summary Questions for Discussion

Appendix: The Official National-Income Data 187

The Official Statistics / A Few Brain Teasers / International Aspects of Income / The Identity of Measured Saving and Investment

Part Two DETERMINATION OF NATIONAL INCOME AND ITS FLUCTUATIONS

11, Saving, Consumption, and Investment 195

The Cleavage between Saving and Investment Motivations / The Variability of Investment / Budgetary Expenditure Patterns / The Propensity to Save and the Propensity to Consume / The Propensity-to-Consume Schedule in Detail / The Marginal Propensity to Consume / The Marginal Propensity to Save / Brief Review of Definitions / The Community's Overall Consumption Schedule / Qualifications

Summary Questions for Discussion

12 Income Determination: Simple Multiplier Theory 209

Using the Consumption and Saving Schedules / How Income Is Determined at the Level Where Saving and Investment Schedules Intersect / Income Determination by Consumption and Investment / Arithmetic Version: A Digression / The "Multiplier" / Graphical Picture of the Multiplier / The Simplified Theory of Income Determination Restated

Summary Questions for Discussion

- 13 Income Determination: Fiscal Policy, Inflation, and Thriftiness 222**
- The Wasteful "Production Gap" / How Thriftiness Shifts CC and SS Schedules, and Income / Induced Investment / The Paradox of Thrift / The Deflationary Gap / The Process of Price Inflation / Fiscal Policy in Income Determination: Expenditure / Taxation and CC Schedule Shifts / Qualifications*
- Summary Questions for Discussion**
- 14 Business Cycles and Forecasting 236**
- Prosperity and Depression / Measuring the Business Cycle / Statistical Correction for Seasonal Variation and for Trends / The Four Phases of the Traditional Cycle / A First Clue to Business Fluctuations: Capital Formation / How Saving and Investment Schedules Apply / A Few Theories of the Business Cycle / External and Internal Factors / Purely Internal Theories / Combining External and Internal Elements / The Acceleration Principle / Interactions of Accelerator and Multiplier / Predicting the Future of Business Activity / The Business Cycle Today*
- Summary Questions for Discussion**
- 15 Prices and Money 254**
- A. Prices and the Supply of Money**
- Inflation, Deflation, Income Redistribution among Groups / Effects of Changing Prices on Output and Employment / Galloping Inflation / Goals of Long-Term Price Behavior / Barter versus the Use of Money / Historical Stages of Money / Three Kinds of Money: Coins, Currency, Bank Deposits / Why Checkable Demand Deposits Are Considered to Be Money / Time Deposits, Liquid Assets, and Other Near-Money*
- B. The Demand for Money and the Quantity Theory**
- Money and Prices / Velocity of Circulation of Money / The Quantity Equation of Exchange: An Identity / The Quantity Theory of Money and Prices: A Hypothesis / Governmental Control of the Supply of Money*
- Summary Questions for Discussion**
- 16 The Banking System and Deposit Creation 274**
- A. Nature and Functioning of the Modern Banking System**
- Creation of the Federal Reserve System / Banking as a Business / How Banks Developed out of Goldsmith Establishments / Modern Fractional-Reserve Banking / Legal Reserve Requirements / The Government Stands behind the Banks / Keeping Each Bank Safe: A Final Checklist*
- B. The Process of Creation of Bank Deposits**
- Can Banks Really Create Money? / How Deposits Are Created: The First-Bank Stage / Chain Repercussions on the Other Banks / A "Monopoly Bank" versus Simultaneous Expansion / Two Qualifications to Deposit Creation*
- Summary Questions for Discussion**
- 17 Federal Reserve and Central Bank Monetary Policy 295**
- How Monetary Policy Works to Control Spending / Recapitulation / Balance Sheet of the Federal Reserve Banks / Discretionary Monetary Policies by the Federal Reserve: Open-Market Operations / Discount-Rate Policy: A Second Weapon / Changing Reserve Requirements:*

A Drastic, Rarely Used Weapon / Minor Weapons: Qualitative versus Quantitative Controls / International Reserves Movements / Recent Monetary Theory / Monetarism and "Rational Expectations" Schools

Summary Questions for Discussion

18 Synthesis of Monetary Analysis and Income Analysis 313

Money, Liquidity Preference, Marginal Efficiency, Multiplier / Fiscal Policy and Income Determination / Budget Deficits Interact with M Changes / Macro Tools at Work: Technological Unemployment? / The New Mixed Economy

Summary Questions for Discussion

Appendix: Mechanisms of Monetarism and Income Determination 325

Behavior of Velocity / Classical Price Flexibility / Liquidity Preference and Income

Summary to Appendix Questions for Discussion

19 Fiscal Policy and Full Employment without Inflation 333

Old-Fashioned Finance

A. Short-Run and Long-Run Fiscal Policy

Our Important "Built-in Stabilizers" / Limitations of Automatic Stabilizers / Discretionary Fiscal Policy / Surplus and Deficit Financing: Stagnation, Exhilaration, and Contrived Growth / The Full-Employment Budget Surplus / Open Issues

B. The Public Debt and Modern Fiscal Policy

Burdens and Benefits of the Public Debt / Effects on Private Emotions and Investment / The Quantitative Problem of the Debt / Private and Public Analogies / Conclusion: Macroeconomics of the Mixed Economy

Summary Questions for Discussion

Appendix: False and Genuine Burdens of the Public Debt 351

A Dialogue

Summary of Debt Burdens-Benefits

Part Three THE COMPOSITION AND PRICING OF NATIONAL OUTPUT

20 Determination of Price by Supply and Demand 355

Preview / Microeconomics versus Macroeconomics? / Review of Fundamentals of Supply and Demand

A. Elasticity of Demand and Supply

Elasticity of Demand / Numerical Measurement of Elasticity: A Digression / Graphical Measurement of Elasticity: A Digression / Elasticity of Supply / Momentary, Short-Run, and Long-Run Equilibrium

B. Applications and Qualifications of Supply and Demand

Incidence of a Tax / A Common Fallacy / Is the Law of Supply and Demand Immutable? / Prices Fixed by Law / Efficiency of Supply-Demand Pricing and "Equity" / Monopoly

Interferences with Supply and Demand / Government Interferences with Supply and Demand Evaluated

Summary Questions for Discussion

Appendix: Cases on Supply and Demand 376

21 Supply and Demand as Applied to Agriculture 385

The Long-Run Relative Decline of Agriculture / Agriculture's Long-Run Decline: Graphical Analysis / Short-Run Instability in Agriculture / Government Aid to Agriculture / Forms of Government Aid / Economics of Two Main Aid Programs / World Food Scarcity Ahead?

Summary Questions for Discussion

Appendix: Economics of Speculation, Risk, and Insurance 393

Geographical Price Patterns / Speculation and Price Behavior over Time / Gambling and Diminishing Marginal Utility / Why Ideal Stabilization by Speculators Is Optimal / Economics of Insurance / What Can Be Insured

Summary to Appendix Questions for Discussion

22 The Theory of Demand and Utility 405

Summing Individual Demands to Get Market Demand / Demand Shifts from Income and Other Changes / Cross Relations of Demand / The Law of Diminishing Marginal Utility / Equilibrium Condition: Equal Marginal Utilities per Dollar for Every Good / Substitution-Effects and Income-Effects: A Digression / The Paradox of Value / Consumer's Surplus

Summary Questions for Discussion

Appendix: Geometrical Analysis of Consumer Equilibrium 416

The Indifference Curve / The Indifference Map / Budget (or Consumption-Possibility) Line / The Equilibrium Position of Tangency / Changes in Income and Price

Summary to Appendix Questions for Discussion

23 Competitive Supply 426

Summing All Firm Supply Curves to Get Market Supply / Definition of Marginal Cost Numerically and Graphically / How to Determine Maximum-Profit Competitive Supply by MC / Deriving the Firm's Supply Curve from Its MC Curve / Total Cost and Short-Run Shutdown Conditions / Synthesis of Marginal Cost and Marginal Utility / Efficient Market Allocation of Production / Final Summary of Efficiency of Marginal-Cost Pricing / Nonoptimality of Competitive Laissez Faire Pricing

Summary Questions for Discussion

24 Analysis of Costs and Long-Run Supply 439

Total Cost: Fixed and Variable / Marginal Cost Review / Average or Unit Cost / Long-Run Planning Envelope Curve / Tasks Accomplished and Tasks Yet to Come / Total Cost and Long-Run Break-Even Conditions / Implicit- and Opportunity-Cost Elements: A Digression / Decreasing Costs and the Breakdown of Perfect Competition / External Economies and Diseconomies

Summary Questions for Discussion

25	Maximum-Profit Equilibrium: Monopoly	456
	A. Overview of Market Structure, and the Concept of Marginal Revenue	
	<i>Perfect Competition Contrasted with Imperfect Competition / Imperfect Competition Defined / Cost Patterns and Structure of Market Imperfection / Differentiation of Products / Imperfect Competition: Monopoly, Oligopoly, and Differentiated Products</i>	
	B. Maximum-Profit Monopoly Equilibrium: Divergence of P and Marginal Cost	
	<i>Price, Quantity, and Total Revenue / Marginal Revenue and Price Graphed / Point of Maximum Profit / Graphical Depiction of Firm's Maximum-Profit Position / Perfect Competition: A Special Case of Imperfect Competition / Bygones and Margins / How Imperfection of Competition Hurts Resource Allocation</i>	
	Summary Questions for Discussion	
	Appendix: Monopoly Regulation and Exploitation	474
	<i>Ideally Regulated Pricing</i>	

26	Imperfect Competition and Antitrust Policy	477
	A. Analytical Patterns of Imperfect Competition	
	<i>Do Firms Maximize Profits? / Markup Pricing / Galbraith's New Industrial State / Oligopoly: Competition among the Few / Many Differentiated Sellers: Waste under Large-Group Free Entry</i>	
	B. Modern Antitrust Problems and Policies	
	<i>Some Wastes of Imperfect Competition Recapitulated / Dynamic Research and Monopoly / What to Do about Monopoly Imperfections / Public-Utility Regulation / Overview of Antitrust Policy / Brief History of Antitrust Policy / Modern Antitrust / Conglomerates and Backlash / Future of Antitrust Policy / Finale</i>	
	Summary Questions for Discussion	

Part Four DISTRIBUTION OF INCOME: THE PRICING OF THE PRODUCTIVE FACTORS

27	Theory of Production and Marginal-Products	499
	<i>Demand for Factors a Jointly Interdependent Demand / Technical Law Relating Output to Inputs: The "Production Function" / The Aggregate American Production Function / Marginal-Products Defined / Marginal-Physical-Products and Diminishing Returns / Distribution Solved by Marginal-Products / Competitive Equilibrium a Good Thing? / The Concept of Exploitation / Marginal-Product Theory of the Single Firm</i>	
	Summary Questions for Discussion	
	Appendix: Graphical Depiction of Production Theory	512
	<i>The Law of Diminishing Marginal-Physical-Product / Least-Cost Factor Combination for a Given Output / Equal-Product and Equal-Cost Contours: Least-Cost Tangency / Least-Cost Conditions / Marginal-Revenue-Product Condition of Maximum-Profit / Fixity of Proportions / Intercommodity Substitution and Qualifications</i>	
	Summary to Appendix Questions for Discussion	

- 28 Pricing of Factor Inputs: Land Rents and Other Resources** **524**
- Demand for Factors a Derived Demand / Factor-Price Determination by Supply and Demand / Rent and Costs / Henry George's Single-Tax Movement: Taxing Land's Surplus / Supply and Demand for Any Factor / Factor Pricing and Efficiency: Rent and Factor-Prices as Devices to Ration Scarce Resources / Conservation and Land Tenure / Conclusions*
- Summary Questions for Discussion**
- 29 Competitive Wages and Collective Bargaining** **536**
- A. Wage Determination under Perfect Competition**
- Real Wage Determination for a Single Grade / Resources, Capital, and Technology / Immigration and Restrictions of Labor Supply / Theory of the Optimum Population / The Iron Law of Wages: Malthus and Marx / Lump-of-Labor Fallacy and the Thirty-hour Week / General Supply Curve of Labor / Rent Elements in Wages of Unique Individuals / Equalizing Differences in Wages / Nonequalizing Differentials: Differences in Labor Quality / "Noncompeting Groups in the Labor Market" / General Equilibrium of Labor Market*
- B. Imperfections of the Labor Market and Collective Bargaining**
- Four Ways Unions Seek to Raise Wages / Theoretical Indeterminacy of Collective Bargaining / Qualifications*
- Summary Questions for Discussion**
- 30 Interest and Capital** **557**
- Land, Labor, and Capital / Capitalization of Assets / Net Productivity of Capital / Definition of Net Productivity of a Capital Good or Investment Project / A Bird's-Eye View of Interest Determination / Graphical Determination of Interest / Ancient Misconceptions about Interest / Summary of Interest Determination / Some Major Qualifications / Public and Private Policy in Determining Capital Formation*
- Summary Questions for Discussion**
- Appendix: Theoretical Aspects of Interest** **570**
- Productivity or Impatience? / Determination of the Interest Rate / An Uncertainty Floor to Risky Return? / Market Capitalization of Assets Equals Present Discounted Value / Reswitching and All That*
- Summary to Appendix Questions for Discussion**
- 31 Profits and Incentives** **579**
- Reported Profit Statistics / First View: Profit as "Implicit" Factor Returns / Second View: Profit as the Reward to Enterprise and Innovation / Third View: Risk, Uncertainty, and Profit / Fourth View: Profit as a Premium for Risk Bearing / Fifth View: Profit as a "Monopoly Return" / Sixth View: Profit as Marxian Surplus Value*
- Summary Questions for Discussion**
- 32 Epilogue to Microeconomic Pricing** **587**
- Survey of the Interdependent Pricing Process / Simultaneous Mutual Determination / Imperfections of Competition / A Word on Welfare Economics / Conclusion*

Appendix: Review of Commodity and Factor Pricing: General Equilibrium and the Parable of Ideal Welfare Pricing 593

Parable of Utopian Pricing / A Dilemma for Centralized Planning / Pricing in a Utopian State: Consumer-Good Prices / The Distribution of Income / Pricing of Nonhuman Productive Resources and Intermediate Goods / The Example of Land Rent / Marginal-Cost Pricing / Rules for Resource Pricing / Role of the Interest Rate in Utopia / Wage Rates and Incentive Pricing / Summary of Utopian Pricing / Brief History of Welfare Pricing / Mixed-Economy Welfare Economics

Summary to Appendix Questions for Discussion

Part Five INTERNATIONAL TRADE AND FINANCE

33 The Balance of International Payments 605

A. Mechanisms of Foreign-Exchange and Trade

Foreign Exchange Rates / Stable Exchange Rate under the Classical Gold Standard / Flexible or Floating Exchange Rates / Modified Gold and Dollar Standards / Demise of the Gold Standard and Bretton Woods

B. Balance of International Trade and Capital Movements

The Balance of International Payments / Stages of the Balance of Payments / Basic Significance of International Capital Movements

Summary Questions for Discussion

Appendix: Unemployment Aspects of International Trade and Overvaluation 621

Foreign-trade Multiplier / Overvaluation of a Currency and Unemployment

34 International Trade and the Theory of Comparative Advantage 626

Diversity of Conditions between National Regions / A Simple Case: Europe and America / The Law of Comparative Advantage / Other Causes of International Trade / Foreign-Trade Supply-and-Demand Charts / Effects of Tariffs and Quotas / Qualifications and Conclusions

Summary Questions for Discussion

Appendix: Comparative Advantage Amplified and Qualified 638

America without Trade / Europe without Trade / The Opening Up of Trade / Exact Determination of the Final Price Ratio / Many Commodities / Many Countries / Increasing Costs / International Goods Movements as a Substitute for Factor Movements

Summary to Appendix Questions for Discussion

35 Protective Tariffs, Quotas, and Free Trade 651

Noneconomic Goals / Grossly Fallacious Arguments for Tariffs / Some Less Obvious Fallacies / The "Foreigner-Will-Pay," or Terms-of-Trade, Argument / Arguments for Protection under Dynamic Conditions / Conclusion

Summary Questions for Discussion

36	Current International Economic Problems	662
	A. Modern Trends and Institutions of International Finance	
	<i>Trends, 1914-1950 / Marshall Plan, Military Aid, and Other Programs / Foreign Lending and the Bretton Woods System / The International Bank for Reconstruction and Development / The International Monetary Fund / The European Common Market (EEC) / Freer Multilateral Trade: GATT</i>	
	B. Breakdown and Reconstruction of the International System	
	<i>From Dollar Shortage to Dollar Glut / Reasons for U.S. Chronic International Deficit / Therapy for a Chronic Deficit and Depreciating Currency / The New System of Managed Floating Exchange Rates / What Role for Gold? / How Floating Rates Worked Out / European Monetary System / Finance in a World of Nationalisms</i>	
	Summary Questions for Discussion	
Part Six CURRENT ECONOMIC PROBLEMS		
37	The Theory of Growth	679
	<i>Stages of History / Fact and Fiction / The "Magnificent Dynamics" of Smith and Malthus / Detailed Economic Analysis of Smith-Malthus / Land Rent Ends the Labor Theory of Value / Technical Advance and Classical Growth Theory / Ricardo-Marx-Solow Models of Capital Accumulation / Deepening of Capital in Diagram Form / Technical Progress and Wages / The Approximate Facts of Modern Development / Six Basic Trends of Economic Development / Analyzing the Laws of Motion of the Mixed Economy / Are Inventions Labor-Saving or Capital-Saving?</i>	
	Summary Questions for Discussion	
	Appendix: Modern Discussions of Development Theory	696
	<i>Schumpeterian Innovation / Unemployment in the Stationary State? / Unchangeable Capital-Output Ratio? / Harrod-Domar Growth Models / Neoclassical Dynamics / Alternative Theories / Compensating Fiscal Policy / The Expanding Universe: A Digression / Leontief's Interindustry Input-Output</i>	
	Summary to Appendix Questions for Discussion	
38	Problems of Economic Growth and Development	711
	<i>Defining Developing Economies / Characteristics of Underdeveloped Economies / Urgency of the Problem / Superficial Theories of Development / Recent Concepts to Describe Development / Balanced Growth and Industrialization / Import Substitution versus Export Promotion / North-South Dialogue / Population Problems / Natural Resources / Capital Formation / Technological Change and Innovations / Five-Year Plans: How to Get from Here to There</i>	
	Summary Questions for Discussion	
39	Economics of Discrimination: Race and Sex	730
	<i>Immigration and the Melting Pot / Economics of Slavery / Discrimination in Diagrams / Changes in Attitudes / Professional and Entrepreneurial Opportunity: "Black Capitalism" / Economics of Ghetto Housing / Summation: Palpable Progress for Minorities / Economic</i>	

Disadvantages of Women / Changing Occupational and Industrial Patterns by Sex / Economic Analysis of Sex Discrimination: A Technical Digression / Qualifications and Challenges

Summary Questions for Discussion

40 The Quality of Life: Poverty and Inequality, Ecology and Growth, Love and Justice 742

Analysis in the Service of Controversy / The Polluted Environment / Oil Price Diagrams / The Energy Crisis: OPEC and Beyond / Entropy Economics / Hard Choices and the Ecology of Nature / Zero Population Growth? Zero Economic Growth? / The New Microeconomics / Since Eden: Inequality / Inevitable Laws of the Dismal Science? / The Welfare State / Equity versus Efficiency / Causes of Inequality / Direct Programs against Poverty and Inequality / The Negative Income Tax / When Scarcity Ends?

Summary Questions for Discussion

41 Full Employment, Price Stability, and Stagflation in the Mixed Economy 766

Prosperity and War Expenditures / The Open Question / Demand-Pull Inflation / A New Kind of Inflation? / Cost-Push, or Sellers', Inflation / Worldwide Inflation and Recession / Microfoundations of Unemployment and Inflation / The Phillips-Curve Tradeoff: Full Employment or Price Stability? / Wanted: An Incomes Policy / The Humane Economy

Summary Questions for Discussion

42 Winds of Change: Evolution of Economic Doctrines 783

Prehistory of Economics / Classical Economics: Smith, the Prophet of Laissez Faire / Classical Economics: Autumn for Malthus and Ricardo / Neoclassical Economics / The Keynesian Revolution / Mainstream Economics / Romantic and Nationalistic Rejections of Classical Economics / Institutional Economics and Veblen / Conservative Counterattacks against Mainstream Economics / Galbraithian Critique / The New Left and Radical Economics / New Left Thought / Biography of Karl Marx / Marx's Schemata / Crisis in Marxism / The New Left and the Young Marx / The Class Struggle and Dynamics of Social Life

Summary Questions for Discussion

Appendix: Rudiments of Marxian Economics 799

Surplus Value and Exploitation / Labor-Saving Invention and the Reserve Army of the Unemployed / Rejection of Marginal-Productivity Distribution Theory / Steady and Expanded Reproduction / Secularizing Marxian Economics

43 Alternative Economic Systems 812

The Crisis of Capitalism? / The New Look / A Bouquet of Isms / Fascism / Socialism / Marxian Communism and Soviet Russia: History / Diversity on the Left: Yugoslavia / Post-Mao China / The Soviet Economy / New Trends in Eastern European Economics? / Comparative Economic Growth: The Future / A Final View: Business and Human Freedoms

Questions for Discussion

Index 829
