Patterns of Technological Innovation

Devendra Sahal New York University

Foreword by Richard R. Nelson Yale University

TECHNISCHE HOCHSCHULE DARMSTADT
Fachbereich 1
Gesamtbibliothek
Betriebswirtschaftslehre
Inventar-Nr.: 35.196
Abstell-Nr.: 431/159
Sachgebiete: 1.8.3

ADDISON-WESLEY PUBLISHING COMPANY, INC.

Advanced Book Program/World Science Division Reading, Massachusetts

London · Amsterdam · Don Mills, Ontario · Sydney · Tokyo

CONTENTS

Preface	lgment to Publishers	xii xii xv
Chapter 1	Introduction: Problems and Approaches	1
1.	Background: The Productivity Puzzle	1
2.	The Analytic Framework	6
3.	The Organization of the Work	10
4.	Toward an Epistemology of Technology	12
Chapter 2	The Conception of Technology	15
1.	Three Concepts of Technology?	15
2.	A Guided Tour of the Three Concepts	16
	2.1 The Production Function Concept of	
	Technology	16
	2.2 The Pythagorean Concept of Technology	22
	2.3 The Systems Concept of Technology	25
3.	On the Two-Way Street Between Science and	
	Technology	30
4.	A Principle of Technological Guideposts	32
5.	The Evolutionary Nature of Innovative Activity and the	
	Various Concepts of Technology	36
6.	Principal Conclusions	39
Chapter 3	The Origin of New Techniques	41
1.	Design and Contingency in Technological Innovation	41
2.	A Probabilistic Model of Innovation Processes	42
3.	Case Studies: Origin of New Techniques in the Farm	
	Equipment, Railroad, Paper-Making, and Petroleum-	
	Refining Industries	46
4.	On Certain Spatial and Temporal Aspects of Inventive	
	Activity	53

viii Contents

5.	Toward a Principle of Technological Insularity	57
6.	Principal Conclusions	60
Chapter 4	A General Theory of the Evolution of Artifacts	64
1.	The Self-Organizing Nature of Evolutionary Processes	64
2.	Scale of Technology and Limits to Growth	65
3.	A Principle of Creative Symbiosis	69
4.	Principal Conclusions	74
Chapter 5	The Diffusion of Technology	77
1.	The Backdrop of Prior Research	77
2.	The Viewpoint of Technological Substitution	79
3.	Two Models of Technological Substitution	82
	3.1 Temporal Aspects of Technological Substitution.	85
	3.2 Spatial Aspects of Technological Substitution	87
	3.3 An Overview of the Theoretical Relationships	89
4.	Case Studies: Diffusion of New Techniques in the Agri-	
	culture, Electricity Generation, Manufacturing, Steel	
	Production, and Textile Industries	90
5		
5.	Principal Conclusions	98
5. Chapter 6		
	Principal Conclusions	98
Chapter 6	The Long-Term Development of Technology Toward a Macroview of Innovative Activity	98 107
Chapter 6	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation	98 107 107
Chapter 6 1. 2.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation	98 107 107 108
Chapter 6 1. 2.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology	98 107 107 108 122 122
1. 2. 3.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations	98 107 107 108 122 122 124
Chapter 6 1. 2. 3.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions	98 107 108 122 122 124 125
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies	98 107 107 108 122 122 124
Chapter 6 1. 2. 3.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor	98 107 108 122 122 124 125 130
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968)	98 107 108 122 122 124 125
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive	98 107 108 122 122 124 125 130
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft	98 107 108 122 122 124 125 130
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft (1932–1965)	98 107 108 122 122 124 125 130
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft (1932–1965) 5.3 Technological Innovations in Digital Computers	98 107 108 122 124 125 130 132
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft (1932–1965) 5.3 Technological Innovations in Digital Computers (1944–1967)	98 107 108 122 122 124 125 130
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft (1932–1965) 5.3 Technological Innovations in Digital Computers (1944–1967) 5.4 Technological Innovation in the Generation of	98 107 107 108 122 124 125 130 132
1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft (1932–1965) 5.3 Technological Innovations in Digital Computers (1944–1967) 5.4 Technological Innovation in the Generation of Electricity (1920–1970)	98 107 108 122 124 125 130 132
Chapter 6 1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft (1932–1965) 5.3 Technological Innovations in Digital Computers (1944–1967) 5.4 Technological Innovation in the Generation of Electricity (1920–1970) Differential Learning, Scale Invariance, and Techno-	98 107 107 108 122 124 125 130 132 154 177 183
1. 2. 3. 4. 5.	The Long-Term Development of Technology Toward a Macroview of Innovative Activity Learning, Scaling, and Technological Innovation Alternative Hypotheses of Technological Innovation 3.1 The Hypothesis of Demand for Technology 3.2 The Hypothesis of Induced Innovations Formal Specification of the Theoretical Propositions Case Studies 5.1 Technological Innovation in the Farm Tractor (1920–1968) 5.2 Technological Innovation in the Locomotive (1904–1967), Tank Ship (1914–1970), and Aircraft (1932–1965) 5.3 Technological Innovations in Digital Computers (1944–1967) 5.4 Technological Innovation in the Generation of Electricity (1920–1970)	98 107 107 108 122 124 125 130 132

Contents	i	

Chapter 7	Technological Cycles	05
1.	The Role of Innovations in Business Cycles	:05
2.	The Origin of Technological Cycles	07
3.		08
4.	Case Studies of Cyclical Phenomena in Technological	
5.	· · · · · · · · · · · · · · · · · · ·	14 28
Chapter 8	The Maximum Capability of Technology	32
1.	The Stepwise Growth of Plant and Equipment Sizes 2	32
2.	A Case Study of Technological Innovations in Electric	
3.		35 39
3. 4.		.39 246
4. 5.	•	48
٥.	Finicipal Conclusions	40
Chapter 9	The Inner Dynamics of Technological Innovation 2	50
1.	Toward a Microview of Innovative Activity	250
2.	A Reconsideration of Learning and Scaling in Techno-	
	<u> </u>	52
3.	•	56
4.	•	62
5.	· · · · · · · · · · · · · · · · · · ·	67
6.	Case Studies: Lawlike Aspects of Technological Innova-	
	tion in Farm Machinery, Transportation Systems, Digital	
	1	72
7.	Principal Conclusions	99
Chapter 10	Principal Theoretical and Policy Implications	06
1.	Two Propositions in a Theory of Technological Inno-	
1.		06
2.		09
3. 4.		13 14
	<i>C. C.</i>	
5.	Toward a Science of Technology Policy	17
Appendix:	The Data and Their Sources	19
