Prof. Dr. Peter Friedrich (Eds.)

Regional Development under Stagnation

Nomos Verlagsgesellschaft
Baden-Baden

Table of Contents

Preface	5
---------	---

Chapter One Dynamic Aspects of Regional Stagnation

A. A Theory of Stagnation <i>Bernhard Felderer</i>	13
B. Modes of Propagation of Regional Economic Stagnation: A Dynamic Perspective <i>Sakari T. Jutila</i>	31
C. A Control Theory Approach to Regional Stagnation <i>Paul F. Lesse and Ron Sharpe</i>	57
D. The Role of Regional Decline in Adaptive Transformation <i>Phyllis C. Kaniss</i>	77
E. The Relationship between Economic Growth and Regional Inequality: A Critical Re-Appraisal <i>Ole Therkildsen</i>	91

Chapter Two Selected Topics of Regional Stagnation Research

A. Sectoral Stagnation Problems of Regions	
I. A Model of Regional Economic Growth and Decline in Agricultural Regions <i>Rodney C. Jensen</i>	109
II. Export Stagnation and Import Price Inflation in an Interregional Input-Output Model <i>Jan Oosterhaven</i>	124

B.	Regional Employment under Stagnation	
I.	Spread and Diffusion Processes in Regional Industrial Employment Growth	149
	<i>Barry M. Moriarty</i>	
II.	Impacts of Environmental Controls on Industrial Employment under Conditions of Decline	178
	<i>Andrew A. Dzurik</i>	
III.	Employment Change in Urban and Regional Systems: The United Kingdom Case	196
	<i>William F. Lever</i>	
C.	Urban Problems of Stagnation	
I.	Are the Big Getting Bigger and the Small Getting Smaller – or How Stable Is a Central Place System?	219
	<i>Martin J. Beckmann</i>	
II.	Some Problems of Forecasting Spatial Patterns in Declining Metropolitan Regions	227
	<i>Stephen H. Putman</i>	

Chapter Three

Methodical Approaches to Regional Stagnation Analysis

A.	Soft Models of Herman Wold's Type: Models of Environmental Problems and Underdevelopment	259
	<i>Heino Apel</i>	
B.	A Supply-Constrained Interindustry Model: Forecasting Performance and an Evaluation	281
	<i>Frank Giarratani</i>	
C.	A Multivariate Analysis of Spatial Inequalities	293
	<i>Hans J. Blommestein, Peter Nijkamp and Piet Rietveld</i>	

D. Exploratory Analysis of Spatio-Temporal Data Series: With Applications to Regional Unemployment <i>Tony E. Smith</i>	319
Summaries in English, German, French, and Russian	375
Index of Names	391
Index of Subjects	395
