In Search of Economic Indicators,
Essays on Business Surveys

Edited by Werner H. Strigel
IFO Institute
for Economic Research, Munich

Fachbereich Mathematik
Technische Hochschule Darmstadt
Bibliothek

Inv.-Nr. B 16 264

Springer-Verlag
Berlin · Heidelberg · New York 1977

C o n t e n t s

	Page
Preface	
 <u>Chapter I</u>	
THE FINGER ON THE PULSE OF THE ECONOMY by W. H. Strigel	1
How it Started	3
On the Special Nature of the Surveys	7
Gaining information (7) - Saving time (9) - Synchroni- zation (10) - Data collection and data analysis in one hand (10) - Reaction speed and adaptability (10) - In- formation community (11)	
Construction and Development of the Surveys	11
Lines of Scientific Development	13
Analytical-empirical development (13) - Methodological developments (16) - Theoretical bases (19)	
Worldwide Diffusion	21
Summary	22
Notes	24
 <u>Chapter II</u>	
THE BUSINESS SITUATION: ON THE MEANING OF AN UNDETERMINED SURVEY VARIABLE by K. A. Vogler	29
Entrepreneurial Judgements in the IFO Business Survey	31
An Empirical Definition of the Concept "Business Situation" Orientation variables (35) - Scales of comparison (39)	32
Examining the Survey Results on an Aggregate Level	40
Summary	43
Notes	45

Chapter III

BUSINESS CYCLE INDICATORS FROM QUALITATIVE DATA

by J.-D. Lindlbauer

47

Business Cycle and Indicators

49

The Ideal Indicator

50

On the Selection of Indicators

53

Evaluation Data Closer to the Ideal Indicator

54

An Indicator System Approach

57

An Example: Qualitative Indicators for Consumer Goods

58

Relation between manufacture and distribution (58) -
 Stock keeping as a major unknown quantity (58) - Some
 experience with indicators (60)

Summary and Outlook

62

Notes

65

Chapter IV

THE "BUSINESS CLIMATE" AS LEADING INDICATOR

by W. H. Strigel

67

Introduction

69

The Business Climate as a Diffusion Index

70

Experience with the Indicator "Business Climate"

72

Summary

77

Notes

78

Chapter V

BRANCH INDICATORS FOR THE FUTURE DEMAND OF FIRMS

by G. Nerb	81
Forecasting Saves Costs	83
The Construction of Turning Point Indicators	84
Graph Analysis	85
Example 1: Plastics manufacturing machinery (85) -	
Example 2: Aluminium-light metal casting (87) -	
Example 3: Basic industry (89)	
Quantitative Forecasting Approaches	91
A Forecasting Function for Consumer Durables	92
Summary	93
Notes	94

Chapter VI

FORECASTING CAPITAL EXPENDITURE WITH PLAN DATA

by W. Gerstenberger	95
The Problem of Forecasting Investment	97
The Data	101
The Models Investigated	102
Planning practices, and specification of the realization function (102) - The reference model (105)	
Results of the Investigation	106
Results of estimation (106) - Results of the forecast simulation (110)	
Summary	117
Notes	119

Chapter VII

EXPECTATIONS CURBING GROWTH

by W. H. Strigel	121
Less Growth Anticipated	123
Purposive Pessimism Only?	126
Psychosocial Stimuli as Stress Factors for the Economy	127
Summary	129
Notes	130

Chapter VIII

SATISFACTION AND GROWTH EXPECTATIONS IN INDUSTRY AND TRADE

by G. Nerb and W. H. Strigel	131
Preliminary Note	133
More than 5,000 Replies	134
Excursus: What is Satisfaction?	135
Satisfaction Predominates	136
No Improvement of Living Conditions Expected	138
Widespread Pessimism about Economic Growth	139
Dissatisfaction with Political Conditions	143
Noise Impairs Living Conditions	144
Despite Stress, Vocation Satisfies	147
Economic Improvement Ranks First	150
Occupation Largely Determines Satisfaction	152
Summary	154
Notes	155

Chapter IX

BASIC RESEARCH WITH QUALITATIVE DATA AND WITH ANTICIPATIONS

by O. Anderson	157
Introduction	159
Investigations at the Micro-Level	160
Anticipations depending on the previous month's ex ante and ex post responses (160) - Forecasting KT balances with the aid of a modified Markoff procedure (161)	
Investigations at the Macro-Level	164
Estimating and forecasting the smooth component contained in the production index (164) - Use of the weather component in the business survey for analysis of construction activity (166)	
Investigations of Investment Survey Data	167
Summary	168
Notes	169

Chapter X

INTEGRATING THE IFO BUSINESS SURVEYS INTO THE FRAMEWORK OF ENTREPRENEURIAL VARIABLES

by K. C. Kuhlo	171
Characteristics of Goods	173
Equilibrium and Disequilibrium	175
The Disequilibrium in the Light of Conventional Statistics and Business Surveys	176
Selected Variables in the IFO Surveys	178
Conclusion	182
Notes	184

A N N E X

A. The IFO Institute for Economic Research	187
B. The Centre for International Research on Economic Tendency Surveys (CIRET)	190
C. List of Institutions Carrying Out Trade Cycle Surveys	192
D. The Authors	197
