List of Figures	xvii
Foreword	xix

PART I GENERAL ISSUES

1 Introduction	3
Opening remarks	3
Definition of the subject	4
Organisation of the volume	5
2 Fundamental Concepts	9
General	9
Goods markets	15
Service markets	17
Production factors: labour markets	20
Production factors: capital markets	23
Policy; positive integration	27
Summary and conclusions	30
3 Short History	33
Introduction	33
Until 1815, a traditional world with little integration	34
1815 – 1870: progressive integration following the Industrial Revolution	36
1870 – 1914: stagnating integration	41
1914 – 1945: disintegration	45
1945 – the present: a new upsurge of integration	48
Summary and conclusions	52
4 Institutional Economics of the European Community	55
Objectives and means	55
The institutions	59

The Commission	62
The Council of Ministers	64
The European Parliament	66
Court of Justice	67
Laws and rules, decision making	69
Budget	73
Summary and conclusions	78

PART II THEORETICAL FOUNDATIONS

5	Customs Union	83
	Introduction	83
	Free trade versus protection	86
	Short-term static effects	93
	Long-term restructuring effects	103
	Summary and conclusions	112
6	Common Market	115
	Introduction	115
	Integration of factor markets; disregard of goods movements	117
	Interrelations between goods and factor markets and the effects of barriers to movement	128
	Towards a theory of international production	136
	Summary and conclusions	143
7	Economic and Monetary Union	145
	Introduction	145
	Allocation policies	146
	Stabilisation; macro and monetary policies	150
	Redistribution policies	162
	External policies	166
	Some common aspects	168
	Summary and conclusions	170

PART III PRODUCTS AND PRODUCTION FACTORS

8	Goods	175
	Introduction	175
	Community regime	176
	Trade patterns	178

Explanation of spatial trade patterns	190
Price differences	193
Welfare effects	195
Summary and conclusions	199
9 Labour	201
Introduction	201
Community regime	202
International exchange of labour (migration)	207
Wage structures, convergence or divergence?	215
Welfare effects	220
Summary and conclusions	221
10 Capital	225
Introduction	225
Community regime	226
Direct investments	231
Portfolio investment; stock-market integration	237
Other capital	240
Welfare effects	243
Summary and conclusions	244
PART IV SECTORS OF ACTIVITY	
11 Agriculture	249
Introduction	249
Community regime	250
Sketch of the sector	255
Market regulation and its effects	259
Conflicts and solutions	268
Summary and conclusions	271
12 Manufacturing	273
Introduction	273
Community regime	274
Sketch of the sector	279
Case study 1: Steel	285
Case study 2: Cars	289
Case study 3: White goods	293
Summary and conclusions	295

13	Energy	297
	Introduction	297
	Community regime	298
	Sketch of the sector	302
	Case study 1: oil refining	311
	Case study 2: electricity	314
	Summary and conclusions	318
14	Services	321
	Introduction	321
	Community regime	322
	Sketch of the sector	325
	Case study: insurance	330
	Summary and conclusions	335
15	Transport	337
	Introduction	337
	Community regime	338
	Sketch of the sector	346
	Case study 1: inland goods transport	349
	Case study 2: passenger transport by air	353
	Summary and conclusions	356
PART V CONDITIONS FOR BALANCED GROWTH		
16	Allocation, Internal Market Policies (1992)	361
	Introduction	361
	Community regime	362
	Competition	365
	Direct intervention in prices and quantities	370
	Indirect influence on prices, fiscal barriers	374
	Access to markets, technical barriers	381
	Welfare effects	384
	Summary and conclusions	386
17	Stabilisation: Macro-Economic and Monetary Policy	389
	Introduction	389
	Community regime	390
	Monetary policy: stability of exchange rates	395
	Macro-policy: the need for convergence of inflation rates	404

Growth policy, convergence of wealth levels	411
Summary and conclusions	414
18 Redistribution: Regional and Social Policies	417
Introduction	417
Regional disparities and policy	418
Social policy	429
Summary and conclusions	436
19 External Relations	439
Introduction	439
External policy: general issues	439
Trade policy: a fan of instruments	443
Trade policy: differentiation by area	449
From trade to foreign policy	459
Summary and conclusions	465
PART VI CONCLUSIONS	
20 Evaluation and Outlook	471
Introduction	471
Progress of integration; economic indicators	472
Progress of integration; policy indicators	475
Welfare effects	481
Towards new objectives	482
Summary and conclusions	488
ANNEXES	
List of Abbreviations	493
Bibliography	497
Index	535

List of Tables

3.1	Some indicators of European economic development, 1810–1870	38
3.2	Some indicators of European economic development between 1870 and 1910	42
3.3	Some indicators of European (EC12) economic development, 1913–1938	46
5.1	Effects of various forms of protection on trade and production of country A	89
5.2	Trade effects of a Customs Union, countries A and B	96
5.3	Trade and production effects of a CU under conditions of economies of scale (countries A and B)	108
6.1	Welfare effects of integrated production-factor markets	118
6.2	Effects of the integration of production-factor markets	122
6.3	Welfare effects of various trade instruments with and without capital mobility	132
6.7	The product life cycle and international production patterns	138–139
7.1	Effects of co-ordinated and non-co-ordinated policies on utility and its distribution among countries	156
8.1	Percentage share of goods imports and exports in total GDP (current prices), 1960–1985	179
8.2	Percentage shares of EC in total commodity imports and exports of (future) member states	180
8.3	Intra-EC trade by country, 1985	182
8.4	Geographical distribution by groups of countries, of the EC12's extra-Community trade in goods, 1958, 1972, 1985	185
8.5	Distribution of the EC12's foreign trade by commodity group, 1962 and 1985, in percentages	187
8.6	Percentage share of member states in EC extra-Community trade	188
8.7	Specialisation index of export trade in high-value technological products, 1963–1983 (OECD = 100)	189
8.8	Average levels of intra-industry trade, in selected EC countries 1959–1980	191
8.9	Price dispersion (coefficient of variation) in the EC9, by product group, 1975–1985	194
