

Production and Operations Management

A Life Cycle Approach

Richard B. Chase

University of Southern California

Nicholas J. Aquilano

University of Arizona

TECHNISCHE HOCHSCHULE DARMSTADT	
Fachbereich 1	
<u>Gesamtbibliothek</u>	
<u>Betriebswirtschaftslehre</u>	
Inventar-Nr. :	38.527
Abstell-Nr. :	A03/289
Sachgebiete:	0.1.0
	1.4.3

Fourth Edition

1985

RICHARD D. IRWIN, INC. Homewood, Illinois 60430

Contents

1. Introduction, **2**

SECTION ONE Product Design and Process Selection, 24

- 2. Product Design and Process Selection—Manufacturing, **26**
- SUPPLEMENT Financial Analysis, **51**
- 3. Product Design and Process Selection—Services, **82**
- 4. Waiting Line Theory: Technical Note, **108**

SECTION TWO Design of Facilities and Jobs, 148

- 5. Facility Planning and Location, **150**
- 6. Facility Layout, **178**
- 7. Linear Programming: Technical Note, **212**
- 8. Job Design and Work Measurement, **250**

SECTION THREE Startup of the System, 292

- 9. Project Management, **294**
- SUPPLEMENT Learning Curves, **347**

SECTION FOUR The System in Steady State, 362

- 10. Design of the Forecasting System, **364**
- 11. Aggregate Planning, **408**
- 12. Simulation: Technical Note, **440**
- 13. Design of Inventory Systems for Independent Demand: Classical Models and Practice, **478**
- 14. Design of Inventory Systems for Dependent Demand: Material Requirements Planning, **528**
- 15. Operations Scheduling and Control, **578**
- SUPPLEMENT OPT and Q-Control, **607**
- 16. Design of the Quality Control System, **620**
- 17. Materials Management, **688**

SECTION FIVE Revising and Improving the System, 710

- 18. Just-in-Time Production Systems, **712**
- 19. Factories and Services of the Future, **750**
- 20. Manufacturing and Service Strategy, **778**

APPENDIXES

- A: Uniformly Distributed Random Digits, **800**
- B: Normally Distributed Random Digits, **801**
- C: Areas of the Standard Normal Distribution, **802**
- D: Areas of the Cumulative Standard Normal Distribution, **803**
- E: Negative Exponential Distribution: Values of e^{-x} , **809**
- F: Cumulative Poisson Distribution, **810**
- G: Interest Tables, **816**
- H: Answers to Selected Problems, **822**

INDEXES

- Author Index, **841**
- Subject Index, **845**
