## PART I CONSUMPTION

<b>Introduction</b>	3
References	5
<b>A1 Income—Leisure Choice</b>	6
A1.1 The Individual's Supply Curve of Labour	6
A1.2 Overtime Work	12
A1.3 Tax Allowances and Income Tax	16
A1.4 Some Empirical Results	19
A1.5 National Insurance Contributions and Supplementary Benefits	23
Notes	27
Questions for Application A1	28
References	30
<b>A2 Insurance</b>	32
A2.1 Basic Analysis	32
A2.2 Different Probability Assessments	41
A2.3 Transactions Costs of Insuring	45
A2.4 Measure of Risk Aversion	46
A2.5 Optimal Insurance	48
Notes	51
Questions for Application A2	52
References	53

<b>A3</b>	<b>Changes in Real Income</b>	55
	A3.1 Consumer and Producer Surpluses: Marshallian Approach	56
	A3.2 Hicksian Measures of Consumer Surplus	57
	A3.3 Indirect Utility Functions	62
	A3.4 Welfare Changes and Index Numbers in Terms of Cost Functions	64
	A3.5 The British Tax and Price Index (TPI)	70
	Notes	73
	Questions for Application A3	74
	References	76
<b>A4</b>	<b>The Common Agricultural Policy</b>	77
	A4.1 Tariffs and Welfare	77
	A4.2 Introduction to CAP	79
	A4.3 Support Pricing in CAP	82
	A4.4 Assessing the Costs of CAP	88
	A4.5 Some Policy Questions	92
	A4.5.1 Devaluation of the 'Green' Pound	92
	A4.5.2 Raising Support Prices	94
	Notes	95
	Questions for Application A4	95
	References	96

## PART II PRODUCTION, COSTS AND LABOUR INPUT

	<b>Introduction</b>	101
	References	103
<b>A5</b>	<b>Production Functions</b>	104
	A5.1 General Statement	104
	A5.1.1 Number of Inputs	106
	A5.1.2 Management	106
	A5.1.3 Identical Production Functions	107
	A5.2 Stages of Production	108
	A5.3 Cost Minimising Input Choices	112
	A5.4 The Elasticity of Factor Substitution	116
	A5.5 Labour's Share in National Income	120
	Notes	122
	Questions for Application A5	122
	References	123

<b>A6</b>	<b>Efficiency and Inefficiency</b>	125
	A6.1 Types of Efficiency: Constant Returns to Scale	126
	A6.2 Types of Efficiency: Non-homogeneous Functions	132
	A6.2.1 Scale Elasticity	132
	A6.2.2 Linear Homogeneity	135
	A6.2.3 Non-homogeneous Production Functions	135
	A6.3 Structural Efficiency	137
	A6.4 Allocative Inefficiency and <i>X</i> -Inefficiency	139
	A6.5 Productivity	144
	Notes	149
	Questions for Application A6	150
	References	151
 <b>A7</b>	 <b>Economies of Scale</b>	 153
	A7.1 Returns to Scale	153
	A7.2 Long Run Average Cost Curves	157
	A7.3 Minimum Efficient Scale	162
	A7.4 Economies of Scale	165
	A7.5 The Learning Effect	168
	Conclusion	171
	Notes	172
	Questions for Application A7	173
	References	174
 <b>A8</b>	 <b>Labour Demand and Employment Subsidies</b>	 176
	A8.1 A Firm's Demand for Labour	176
	A8.2 The Elasticity of Demand for Labour	180
	A8.3 The Role of Employment Subsidies	184
	A8.4 The Regional Employment Premium	186
	A8.5 The Temporary Employment Subsidy	188
	Conclusion	192
	Notes	193
	Question for Application A8	194
	References	195

**PART III WELFARE**

<b>Introduction</b>	199	
References	204	
 <b>A9</b>	 <b>Externalities</b>	 205
	A9.1 Problems of Definition	206

A9.2	Pareto Optimality in the Presence of Externalities	209
A9.3	Internalising the Externality	214
	A9.3.1 A Per Unit Tax (or Subsidy)	216
	A9.3.2 Setting Standards	216
A9.4	Property Rights	217
	A9.4.1 The Coase Theorem	218
A9.5	Some Final Comments	221
	Notes	223
	Questions for Application A9	224
	References	225
<b>A10</b>	<b>The Provision of Public Goods</b>	227
A10.1	What are Public Goods?	228
A10.2	The Optimal Supply of Pure Public Goods	229
	A10.2.1 General Equilibrium Approach	230
	A10.2.2 Partial Analysis	232
A10.3	Lighthouses – the example that never was	236
A10.4	The Tax Share in the Provision of Public Goods	237
A10.5	Mixed Goods	240
	Notes	242
	Questions for Application A10	243
	References	244
<b>A11</b>	<b>The Blue Whale</b>	245
A11.1	A Brief History of Whaling	245
A11.2	Over Exploitation	249
A11.3	A Dynamic Model of Whaling	250
A11.4	Some Special Cases	257
A11.5	Protection	261
	Notes	263
	Questions for Application A11	264
	References	265
<b>A12</b>	<b>Pollution: Taxes or Standards?</b>	267
A12.1	Some General Comments on Pollution	267
A12.2	The Pigovian Tax	273
A12.3	Standards	277
	A12.3.1 Sulphur Dioxide	278
A12.4	Taxes Compared with Standards	279
	Notes	284
	Questions for Application A12	285
	References	287
	Index	288
