

# Concrete for Transportation Infrastructure

Proceedings of the International Conference  
held at the University of Dundee, Scotland, UK  
on 5-7 July 2005

**Edited by**

**Ravindra K. Dhir**

*Director, Concrete Technology Unit  
University of Dundee*

**Michael J. McCarthy**

*Senior Lecturer, Concrete Technology Unit  
University of Dundee*

and

**Sinan Caliskan**

*Research / Teaching Fellow, Concrete Technology Unit  
University of Dundee*

# CONTENTS

<b>Preface</b>	iii
<b>Introduction</b>	iv
<b>Organising Committee</b>	v
<b>Scientific and Technical Committee</b>	vi
<b>Collaborating Institutions</b>	vii
<b>Sponsoring Organisations With Exhibition</b>	vii
<b>Exhibiting Organisations</b>	viii
<b>Supporting Institutions</b>	ix
<b>Opening Paper</b>	
<i>Concrete for Major Infrastructural Links</i>	1
E S Larsen, COWI A/S, Denmark	
<b>THEME 1 CONCRETE PAVEMENTS</b>	
<b>Keynote Paper</b>	
<i>Recent Developments in French Concrete Pavement Technology</i>	19
F de Larrard, A Chabot, T Sedran, B Pouteau, V Mathias, Laboratoire Central des Pont et Chaussees, France	
<i>Roller Compacted Concrete for Low Cost Roads</i>	27
G H W Silva	
<i>Roller Compacted Concrete</i>	35
E De Winne, W de Corte, S Heuninck, L Rens, P de Winne	
<i>The A10 and the Lorraine Avenue: Two Fast-Track Reconstruction Projects Near Brussels</i>	47
A Jasienski, C Caestecker	
<i>Analysis of Top-down Transverse Cracking in Jointed Plain Concrete Pavement</i>	55
Y Wei, W Hansen, E A Jensen, Y Peng	
<i>Composite Pavement Performance Index for Concrete Pavements</i>	67
F Reza, S Bazlamit, K Boriboonsomsin	
<i>High Performance Concrete for Motorway Pavements</i>	75
H Sommer	
<i>Frameworks and Partnering - What Can Be Learned?</i>	81
D Gullick, R Cairns, D Pearson-Kirk	
<i>US Concrete Pavement Technology</i>	93
S Tayabji, K Smith, S Tyson	

<i>Effect of Cement Type and Curing Conditions on Flexural Strength of Concrete or Pavement Slabs</i>	103
J Zhang, J Harvey, P Monteiro, A Ali	
<b>THEME 2 BRIDGES</b>	
<b>Keynote Paper</b>	
<i>The Role of Concrete for Bridges and Flyovers</i>	111
S A Reddi, Gammon India, India	
<i>Control of Cracking in Walls Restrained Along Their Base Against Early Thermal Movements</i>	123
A W Beeby, J P Forth	
<i>Replacement of the Luckenberger Bridge Across The Havel in Brandenburg</i>	133
H P Andra, U Haberle	
<i>Selection of a Concrete Bridge Girder Cross Section</i>	143
D Saje, F Saje	
<i>Lightweight Concrete Application in Bridges</i>	151
A Paeglitis, G Sahmenko	
<i>Experimental Study of Prefabricated Bridge Systems in MTO</i>	159
A Au, C Lam, B Tharmabala	
<i>The Effects of Connections in Decked Bulb Tee Bridges</i>	169
Z Ma, S Chaudhury	
<i>Long-Term Corrosion Testing and Evaluation of Partially Submerged Post-Tensioned Column Specimens</i>	179
R M Salas, J S West, A J Schokker, J E Breen, M E Kreger	
<i>Influence of Corrosion of Prestressed Reinforcement on the Flexure-Shear Interaction</i>	187
A Ghersi, A Recupero, P P Rossi	
<i>Concrete Footbridges</i>	195
R Cooke	
<i>Structural Performance of Lightweight Concrete Columns Subjected to Reversed Cyclic Loading</i>	205
M Iwanami, E Ito, H Kato, H Yokota	
<i>Promoting Best Value Through Bridge Management Studies</i>	215
D Pearson-Kirk, B A Pucknell, K S Croke, T M Callanan	
<i>PC-FRC for Replacement of Deteriorated Upper Part of Concrete Highway Bridge Deck</i>	223
J Sustersic, I Leskovar, A Zajc, V Dobnikar	

<i>Durability and Repair of Bridges in the Middle East</i> M A Samarai	233
<i>Development of a Maintenance Plan Optimisation System for Bridge Network</i> A Miyamoto, M Konno	241
<i>Monte Carlo Simulation of Chloride Diffusion in Concrete Exposed to Deicing Salts</i> P J Tikalsky	251
<i>Durability Assessment of Bridges on Croatian Road Network</i> J Radic, D Tkalic, J Bleiziffer	259
<i>A Discussion on the Importance of Considering Environmental Parameters in Brazilian Reinforced Concrete Bridge and Viaduct Inspection</i> J W Lencioni, M G de Lima	267
<i>Maintaining, Refurbishing and Strengthening Bridges</i> O Riches, K Brunton, M Murray	277

### **THEME 3 and 4 TUNNELS AND AIRPORTS**

#### **Keynote Paper**

<i>Fire Protection Concepts for Traffic Tunnels: Latest Developments and Recent Research Activities</i> A Haack, STUVA, Germany	285
<i>Microstructural Changes of High Density Concretes Exposed to High Temperatures</i> R C A Lima, L F Caetano, L C P Silva Filho	297
<i>Fire Protection Coating of Reinforced Concrete Lining in Lefortovsky Tunnel</i> A A Shilin, A I Zvezdov, V R Falikman	307
<i>Airpave Management - An Innovative Pavement Management System for Airports</i> J Sundahl	313

### **THEME 5 MARINE INFRASTRUCTURE**

#### **Keynote Paper**

<i>Marine Concrete Infrastructure - More Than Ready for 100 Years Service Life</i> P Fidjestol, Elkem Materials Ltd, Norway	321
<i>Fifty-Year-Old Jetties in Tropical Marine Environment</i> Y C Kog	333
<i>Some Experience of Concrete Design in Marine Structures</i> Z Romakov, K Jankovic, Z Kacarevic, L Loncar	341

<i>Performance of Lightweight Concrete with Aggregate Made of Yellow River Deposits</i>	349
H Yokota, M Iwanami, T Kawai, A Moriwake	
<i>Frustum Con Block (FCB) Anti Erosion and Breakwater Model</i>	359
S A Latheef	
<i>Application of Water Repellent Treatment Systems for the Protection of Offshore Constructions</i>	367
A Gerdes, H Zhishan	
<i>Inspection of Structures in the Marine Environment</i>	377
T J Collins	
<i>Degradation of Reinforced Concrete Structures Especially of Dam and Buildings in its Proximity</i>	385
R K Mishra	

## **THEME 6 OTHER TRANSPORTATION INFRASTRUCTURE**

### **Keynote Paper**

<i>The Development of Multi-Storey Jamarat Bridge and Surrounding Area: A Unique Structure for the Safety of Pilgrims</i>	393
H Zein Al Abideen, Ministry of Municipal and Rural Affairs, Saudi Arabia	
<i>Analysis of Reinforced Concrete Column Capacities</i>	409
R Jarquio	
<i>An Experimental Study on the Effect of New Anchorage Implements Attached to Rectangular Hooks of Tie Hoops in RC Columns Under Cyclic Loading</i>	417
H Ishida, T Endo, M Suga, M Kitatsuji	
<i>A Vibrationless Tram-Busway in Continuously Reinforced Concrete with Coloured Surface</i>	425
L Rens, M Diependaele	
<i>Analysis of Reinforced Concrete Columns Subjected to Biaxial Loads</i>	433
K Demagh, H Chabil, L Hamzaoui	
<i>Mechanical Properties of Micro-Concrete Under Dynamic Loading</i>	441
R Boutemour, J R Klepaczko	
<i>Geocryological Constructional Aspects at Antarctica and Indian Himalayas</i>	449
R C Pathak, A Diwedy	
<b>Closing Paper</b>	
<i>Fast Track Design and Construction of Concrete Bridges</i>	461
N Hussain, Ove Arup & Partners, Hong Kong, China	
<b>Index of Authors</b>	471
<b>Subject Index</b>	473
