Contents

1	Introduction	1
1.1	Anthony's framework for planning	4
1.2	Developments in production planning	6
1.3	Research motivations and objectives.	11
1.4	A guided tour through the thesis	13

I Single Level Lotsizing Problems

2	Model Survey	17
2.1	Introduction	17
2.2	A framework for production planning	18
2.3	A METAMODEL for lotsizing	19
2.4	Uncapacitated problems	23
2.4.1	The EOQ-model	23
2.4.2	The Wagner-Whitin model	23
2.5	Capacitated problems	27
2.5.1	The Economic Lotsizing and Scheduling Problem (ELSP).	27
2.5.2	The Capacitated Lotsizing Problem (CLSP) . . .	29
2.5.3	The Continuous Setup Lotsizing Problem (CSLP)	33
2.5.4	The Discrete Lotsizing and Scheduling Problem (DLSP).	36
2.6	Summary and discussion	37

3	The Discrete Lotsizing and Scheduling Problem (DLSP)	39
3.1	Introduction	39
3.2	Standard problem notation	40
3.3	Complexity results	42
3.3.1	Feasibility problems	43
3.3.2	Optimization problems	49
3.4	Summary and discussion	54
	Appendix A	55
4	The Single Item DLSP	57
4.1	Introduction	57
4.2	Problem formulation	58
4.3	A Strong LP-formulation	61
4.4	A Dynamic Programming approach	69
4.5	Summary and discussion	77
5	The Multi-item DLSP	79
5.1	Introduction	79
5.2	Dynamic Programming algorithms	80
5.3	Problems with zero setup time	81
5.3.1	Fleischmann's algorithm for 1/N/SI/G/A	81
5.3.2	Fleischmann's algorithm for 1/N/SD/G/A	84
5.4	Problems with setup time	86
5.4.1	Column generation heuristics	87
5.4.2	Lower bounding procedure	89
5.4.3	Upper bounding procedure	94
5.5	Computational results	95
5.6	Summary and discussion	101

II Multilevel Lotsizing Problems

6 The Uncapacitated Problem	103
6.1 Introduction	103
6.2 A simple decomposition heuristic	109
6.3 Computational Results	113
6.4 Summary and discussion	117
7 The Capacitated Problem	119
7.1 Introduction	119
7.2 Three new heuristics	122
7.2.1 Searching with simulated annealing	122
7.2.2 Searching with a tabu list	127
7.2.3 Linear programming based heuristics for assembly systems	128
7.3 Computational results	132
7.4 Summary and discussion	139
Appendix	140
Epilogue	143
Bibliography	147
