Introduction xi

## Chapter One

### **Applications of Core Theory to Market Exchange 1**

- 1.1 Introduction 1
- 1.2 Consumer Surplus and Transferable Utility 3
- 1.3 Some Simple Trading Situations 9
- 1.4  $m$  Owners and  $n$  Nonowners 17
- 1.5 The Basic Core Constraints 26
- 1.6 Market Efficiency and Honest Brokers 30
- 1.7 Multiunit Trade 36
- 1.8 Increasing Returns and Public Goods from the Viewpoint of the Core 49
- 1.9 A Brief Historical Note 58
- Appendix 1.1 Consumer Surplus 62

## Chapter Two

### **Further Applications of Core Theory to Market Exchange 69**

- 2.1 Introduction 69
- 2.2 Balanced Collections of Coalitions 71
- 2.3 Empty Cores 80
- 2.4 The Feasibility of Trade 91

- 2.5 Group Rationality with Multiunit Trade 98
- 2.6 Competition and Numbers 107
- 2.7 The Number of Traders and the Emptiness of the Core 112
- 2.8 Conclusions 122

### Chapter Three

#### **Applications of the Core to Oligopoly 123**

- 3.1 Introduction 123
- 3.2 Properties of the Core Under Constant Returns 128
- 3.3 The Cournot-Nash Theory of Duopoly for Finite Horizons 135
- 3.4 The Cournot-Nash Theory of Duopoly for Infinite Horizons 151

### Chapter Four

#### **Theories of Expectations for $N$ Competing Firms 155**

- 4.1 Introduction 155
- 4.2 Expectation Models with Quantity as the Policy Variable 158
- 4.3 Expectation Models for Price as the Policy Variable 174
- 4.4 Summary 181

### Chapter Five

#### **Competition or Collusion? 185**

- 5.1 Introduction 185
- 5.2 The Nature of Competition and Collusion 186
- 5.3 Equilibrium with Product Variety Illustrated for Spatial Competition 194
- 5.4 The Costs of Maintaining Collusion 203
- 5.5 Sharing the Collusive Return 217

### Chapter Six

#### **The Monopoly and Cournot-Nash Equilibria Under Dynamic Conditions 231**

- 6.1 Introduction 231
- 6.2 Dynamic Demand Relations 237
- 6.3 Some Fundamentals on Optimal Policies 243
- 6.4 The Solvability of Certain Linear Equations 260
- 6.5 Properties of the Cooperative and the Noncooperative Dynamic Equilibria 269
- 6.6 Conclusions 294

## Chapter Seven

### **Estimates of Demand, Price Policy, and the Ratio of Price to Marginal Cost by Brand for Selected Consumer Goods 297**

- 7.1 Introduction 297
- 7.2 Estimates of the Demand Relation Between Market Share and Prices 306
- 7.3 Estimates of the Relations Among Competing Prices 318
- 7.4 Competition in a New Product 323
- 7.5 Conclusions 333

## Chapter Eight

### **Some Determinants of the Returns to Manufacturing Industries 335**

- 8.1 Introduction 335
- 8.2 Description of the Data and Some Simple Summary Statistics 340
- 8.3 Multiple Regression Analysis of the Census Data 348
- 8.4 An Analysis of Employment Turnover in Selected Manufacturing Industries 364
- 8.5 A Brief Survey of Findings by Other Investigators 378
- 8.6 Conclusions 381
- Appendix 8.1 Estimation of Payrolls, Annual Earnings, and Employment of Nonproduction Workers 383
- Appendix 8.2 Description of the Samples 385
- Appendix 8.3 The Two-Digit Industry Effects 387
- Appendix 8.4 The Relative Size Distribution of Firms 389
