List of tables.....	x
1 Introduction.....	1
1.1 Background.....	1
1.2 Administrative setting of Cairo Governorate.....	2
1.3 Statistical and spatial data sources.....	2
1.4 Literature review.....	4
1.4.1 Classification of housing patterns in the Developing World.....	4
1.4.2 Classification of housing patterns in Egypt.....	6
1.4.3 Classification of housing patterns in Cairo.....	8
1.5 Research objectives.....	10
1.6 Thesis structure.....	11
 2 The Housing problem in Cairo; its historical development, influential factors and outcomes	 13
2.1 Housing policy in Cairo: historical background.....	13
2.1.1 First half of the 20 th century.....	15
2.1.2 The National State Economy Period 1954 – 1974.....	16
2.1.2.1 Laws of housing rent control during the period 1954 –1974.....	20
2.1.3 The Open Door Era 1974 – 1981.....	21
2.1.3.1 Laws of housing rents control during the period 1974 – 1981.....	27
2.1.4 The Neoliberal Period 1981 – 2005.....	27
2.1.4.1 State plans during the neoliberal period 1981 – 2005.....	29
2.1.4.2 Laws of housing rents control during the period 1981 – 2005....	34
2.1.5 The reformist period from 2005 to the Revolution of 25 January 2011.....	36
2.1.5.1 The national housing program or ‘Ebni Bietk’.....	37
2.1.6 Housing policy after the Revolution of 2011 until 2013.....	41
2.1.7 Summary.....	42
 2.2 Factors influencing the housing problem.....	 45
2.2.1 Demographic factors.....	45
2.2.1.1 High population growth rate and urbanization.....	45

2.2.1.1.1 Natural increase.....	49
2.2.1.1.2 Migration and urbanization.....	52
2.2.1.2 Age-sex structure.....	60
2.2.2 Poverty.....	63
2.2.3 Access to urban land.....	65
2.2.4 The increase of the price of building materials.....	67
2.2.5 Summary.....	70
2.3 Population density in Cairo Governorate.....	73
2.3.1 Methodology.....	74
2.3.2 Change of the population density in Cairo Governorate 1996 – 2006.....	76
2.3.3 Population density in selected informal areas.....	81
2.3.4 Population density of the built-up area in Cairo Governorate 2006.....	84
2.3.5 Shifting of the weighted population center 1996 – 2006.....	87
2.3.6 Summary.....	88
2.4 Socio-economic indicators of the population of Cairo Governorate.....	89
2.4.1 Economic attributes.....	92
2.4.1.1 Population below the poverty line.....	92
2.4.1.1.1 Historical perspective of the population below the poverty line in Egypt and the GCR.....	93
2.4.1.1.2 The spatial distribution of urban poverty in Cairo Governorate.....	95
2.4.1.2 Unemployment rate.....	96
2.4.2 Educational attributes.....	99
2.4.2.1 Illiteracy rate.....	99
2.4.2.2 School enrollment rate.....	103
2.4.2.3 Drop-out in primary education.....	105
2.4.3 Health attributes.....	106
2.4.3.1 Infant mortality rate (IMR).....	107
2.4.3.2 Children under the age of five mortality rate (U5MR).....	110
2.4.4 Housing conditions.....	110
2.4.4.1 Rate of overcrowding.....	112
2.4.4.2 Access to safe drinking water.....	115
2.4.4.3 Access to improved sanitation.....	117

2.4.4.4 Access to electricity.....	120
2.4.5 Developing the socio-economic opportunity index (SEOI).....	121
2.4.5.1 Economic domain.....	122
2.4.5.2 Educational domain.....	123
2.4.5.3 Health domain.....	124
2.4.6 Evaluating the socio-economic opportunity index.....	125
2.4.7 Summary.....	127
3 Empirical investigations from case study areas.....	129
3.1 Historical perspective of the case study areas.....	130
3.1.1 El-Ma'desa.....	130
3.1.2 Ain el-Sira.....	133
3.1.3 El-Marg el-Qibliya.....	134
3.1.4 El-Nozha.....	135
3.2 Built-up area in the case study areas; its urban growth, structural and functional composition.....	137
3.2.1 Quantitative measures.....	138
3.2.2 Urban growth of the built-up area 1993 – 2006.....	139
3.2.3 Structural composition of the built-up area	143
3.2.3.1 Street network.....	143
3.2.3.1.1 Connectivity.....	150
3.2.3.1.2 Building density.....	152
3.2.3.2 Types of residential buildings.....	153
3.2.3.3 Housing tenure.....	159
3.2.4 Functional composition of the built-up area.....	162
3.2.4.1 Land use pattern.....	163
3.2.4.2 Aspects of informal land use in the area of study.....	163
3.2.4.3 Land use mix.....	167
3.2.5 Summary.....	170
3.3 Provision and accessibility to public services in the case study areas....	171
3.3.1 Methodology.....	173
3.3.2 Provision and accessibility to educational services.....	175
3.3.2.1 Provision and accessibility to kindergartens.....	175

3.3.2.2 Provision and accessibility to primary schools.....	178
3.3.2.3 Provision and accessibility to preparatory schools.....	183
3.3.2.4 Provision and accessibility to secondary schools.....	184
3.3.3 Provision and accessibility to health services.....	188
3.3.4 Provision and accessibility to fire brigade centers.....	192
3.3.5 Provision and accessibility to police stations.....	195
3.3.6 Provision and accessibility to post offices.....	198
3.3.7 Provision and accessibility to recreational facilities.....	200
3.3.7.1 Provision and accessibility to parks.....	200
3.3.7.2 Provision and accessibility to sport facilities	203
3.3.8 Provision and accessibility to religious institutions.....	206
3.3.9 Summary.....	210
4 Conclusion, potential limitations and recommendations for further research.....	213
4.1 Objectives revisited: a summary of findings.....	213
4.1.1 Addressing objective 1: Reviewing the housing policy of Egypt.....	213
4.1.2 Addressing objective 2: Analyzing the factors of the housing problem in Egypt.....	214
4.1.3 Addressing objective 3: Applying RS and GIS in urban geography.....	215
4.1.4 Addressing objective 4: Exploring population density in Cairo Governorate.....	216
4.1.5 Addressing objective 5: Investigating socio-economic characteristics and developing SEOI for the population of Cairo Governorate.....	217
4.1.6 Addressing objective 6 and 7: Analyzing the urban landscape and assessing public services provision and accessibility.....	218
4.2 Limitations of the study.....	219
4.3 Recommendations for further research.....	221
– Reference list.....	223
– Appendix.....	237
