Part I Introduction

1	Introducing Social Psychology Historically	3
	<i>Carl F. Graumann</i>	
	Introduction	4
	Social Thought before the Advent of Social Science	5
	Harbingers of Social Psychology	9
	<i>Völkerpsychologie</i>	9
	<i>Crowd psychology</i>	11
	Orientations and Differentiation in Modern Social Psychology	13
	<i>Social psychology in North America</i>	14
	<i>Social psychology in Europe</i>	17
	Summary and Conclusions	19
2	Evolutionary Social Psychology	23
	<i>John Archer</i>	
	Introduction	24
	Altruism and Natural Selection	25
	<i>Natural selection and behaviour</i>	25
	<i>Altruistic behaviour</i>	27
	<i>Inclusive fitness and the importance of kin</i>	28
	<i>Reciprocal altruism</i>	30
	<i>Cooperation and competition</i>	31
	Sexual Selection and Sex Differences in Behaviour	32
	<i>Sexual selection</i>	32
	<i>Sex differences in preferred numbers of partners</i>	34
	<i>Mate selection criteria</i>	36
	<i>Young men: risk, violence and honour</i>	41
	<i>Cuckoldry and jealousy</i>	43
	Summary and Conclusions	43

3	Developmental Social Psychology	47
	<i>Kevin Durkin</i>	
	Introduction	48
	The Nature of Socialization	49
	<i>Children as social beings from birth</i>	50
	<i>Socialization and social psychology</i>	51
	The Development of Relationships	52
	<i>Attachment</i>	52
	<i>Relationships, social development and social psychology</i>	55
	The Development of Language	56
	<i>Social factors in the acquisition of language</i>	57
	<i>Language and social psychology</i>	58
	The Development of Social Knowledge	59
	<i>Social interaction and understanding</i>	60
	<i>Understanding the social world</i>	64
	Summary and Conclusions	69
4	Methodology in Social Psychology: Tools to Test Theories	73
	<i>Antony S. R. Manstead and Gün R. Semin</i>	
	Introduction	74
	Selection of Research Strategies	79
	<i>Survey research</i>	79
	<i>Experiments and quasi-experiments</i>	80
	<i>The strategies compared</i>	83
	Key Features of the Social-Psychological Experiment	84
	Experimental Designs	89
	Threats to Validity in Experimental Research	92
	Data Collection Techniques	96
	<i>Observational measures</i>	97
	<i>Self-report measures</i>	99
	<i>Implicit measures</i>	103
	<i>Choosing a measure</i>	105
	Problems with Experimentation	106
	Summary and Conclusions	109
 Part II Construction of the Social World		
5	Social Cognition	115
	<i>Klaus Fiedler and Herbert Bless</i>	
	Introduction	116
	What is Social about Social Cognition?	119
	The Cognitive Stages of Social Information Processing	122
	<i>The structure of generic knowledge</i>	123
	<i>Perception and attention</i>	125

<i>Encoding and interpretation</i>	127
<i>Organization</i>	132
<i>Relating stimulus information to prior knowledge – consistent and inconsistent information</i>	133
<i>Judgements</i>	135
Verification and Falsification of Social Hypotheses	138
<i>Stereotypes and illusory correlations</i>	139
<i>Self-verification processes</i>	140
Cognitive Adaptation in a Social Environment	142
<i>Distribution of stimulus information</i>	142
<i>Language and communication</i>	143
<i>Cognitive–affective regulation</i>	146
Summary and Conclusions	147
6 Emotion	151
<i>Klaus R. Scherer</i>	
Introduction	152
What is an Emotion?	153
<i>The James–Lange theory</i>	155
<i>Emotion as a social-psychological construct</i>	155
<i>Summary</i>	157
Why do we have Emotions?	158
<i>The evolutionary significance of emotions</i>	158
<i>Emotion as a social signalling system</i>	159
<i>Emotion affords behavioural flexibility</i>	160
<i>Information processing</i>	161
<i>Regulation and control</i>	161
<i>Summary</i>	162
How are Emotions Elicited and Differentiated?	162
<i>Philosophical notions</i>	162
<i>The Schachter–Singer theory of emotion</i>	163
<i>Appraisal theory</i>	166
<i>Cultural and individual differences in event appraisal</i>	170
<i>Summary</i>	171
Are there Specific Response Patterns for Different Types of Emotions?	172
<i>Motor expression</i>	173
<i>Physiological changes</i>	181
<i>Subjective feelings</i>	183
<i>Summary</i>	187
How do the Emotion Components Interact?	187
<i>Catharsis</i>	188
<i>Proprioceptive feedback</i>	188
<i>Consequences of emotional regulation</i>	191
<i>Summary</i>	192
Summary and Conclusions	193

7	Attribution Theory and Research: From Basic to Applied	197
	<i>Frank Fincham and Miles Hewstone</i>	
	Introduction	198
	Theories of Causal Attribution	199
	<i>The naive analysis of action</i>	199
	<i>Covariation and configuration</i>	199
	Fundamental Questions for Attribution Research	205
	<i>The nature of causal attribution</i>	205
	<i>The instigation of causal attributions</i>	206
	<i>Errors and biases in the attribution process</i>	208
	<i>The process of causal attribution</i>	217
	Applications of Attribution Theory	221
	<i>Attributions and motivation</i>	222
	<i>Attributions and clinical psychology</i>	226
	<i>Close relationships</i>	231
	Summary and Conclusions	236
8	Attitudes	239
	<i>Gerd Bohner</i>	
	Introduction	240
	Basic Issues in Attitude Research	240
	<i>Definition of the attitude concept</i>	241
	<i>Attitude functions</i>	242
	<i>Attitude structure</i>	244
	Determinants of Attitudes	249
	<i>Persuasion</i>	249
	<i>Change in behaviour can lead to attitude change</i>	263
	The Consequences of Attitudes	267
	<i>Attitudes guide information processing</i>	268
	<i>Attitudes as predictors of behaviour</i>	270
	Summary and Conclusions	281
 Part III Social Interaction and Personal Relationships		
9	Prosocial Behaviour	285
	<i>Hans W. Bierhoff</i>	
	Introduction	286
	Why do People Help One Another?	288
	<i>Biological approach</i>	288
	<i>Individualistic approach</i>	289
	<i>Interpersonal approach</i>	299
	<i>Social-systems approach</i>	301
	Emergency Intervention: When do we Help?	305
	The Consequences of Receiving Help	308
	<i>Social support</i>	310
	Summary and Conclusions	311

10	Aggressive Behaviour	315
	<i>Amélie Mummendey and Sabine Otten</i>	
	Introduction	316
	Defining Aggression	317
	Theories of Aggression	317
	<i>Frustration and aggression</i>	318
	<i>Aggression as learned behaviour</i>	323
	<i>Observing aggression in the media</i>	325
	Aggression in Social Settings	327
	<i>Family aggression</i>	327
	<i>Aggression in school and at work</i>	329
	Aggression: From Act to Interaction	330
	<i>Norms as regulators of aggression</i>	334
	<i>Social information processing</i>	334
	<i>Collective aggression</i>	336
	Summary and Conclusions	338
11	Social Interaction: Cooperation and Competition	341
	<i>Paul A. M. Van Lange and Carsten K. W. De Dreu</i>	
	Introduction	342
	<i>Mixed-motive situations</i>	344
	<i>The domain of interdependence structure</i>	347
	Beyond Direct Self-Interest: Transformation of Situations	349
	<i>Sources of transformation</i>	352
	Beyond Dyads and Small Groups	360
	<i>From dyads to large groups</i>	360
	<i>From interpersonal to intergroup relations</i>	361
	Solutions for Conflict	362
	<i>Third-party intervention</i>	362
	<i>Structural solutions</i>	365
	Summary and Conclusions	367
12	Affiliation, Attraction and Close Relationships	371
	<i>Bram P. Buunk</i>	
	Introduction	372
	Affiliation – The Need for Social Contact	372
	<i>Situations fostering affiliation: when do people affiliate?</i>	372
	<i>Motives for affiliation: what do people look for when they affiliate under stress?</i>	374
	<i>Effects of affiliation</i>	377
	<i>Lack of affiliation and loneliness</i>	380
	<i>Lack of affiliation and health</i>	380
	Attraction and the Development of Friendships	381
	<i>The physical environment</i>	381
	<i>The similarity of attitudes</i>	383

<i>Friendship as a relationship</i>	385
<i>Gender and friendship</i>	386
Romantic Attraction	388
<i>The physical attractiveness stereotype</i>	389
<i>Gender differences in preferences for physical attractiveness and status</i>	391
Close Relationships: Satisfaction and Dissolution	393
<i>Satisfaction in relationships</i>	393
<i>Commitment in relationships</i>	396
<i>The consequences of break-ups</i>	397
Summary and Conclusions	398

Part IV Social Groups

13 Social Influence in Small Groups	403
<i>Eddy Van Avermaet</i>	
Introduction	404
Conformity, or Majority Influence	405
<i>Sherif and the autokinetic effect</i>	405
<i>The surprise of Solomon Asch</i>	407
<i>Why people conform: normative and informational influence</i>	409
<i>Normative and informational influence: experimental evidence</i>	410
Innovation, or Minority Influence	414
<i>The power of a consistent minority</i>	414
<i>Majority and minority influence: two processes or one?</i>	418
<i>Majority and minority influence: imitation vs. originality</i>	423
<i>An integrating perspective: the differential processing model</i>	425
Decision-making in Groups	426
<i>Group polarization</i>	426
<i>Explaining group polarization</i>	428
<i>Groupthink: an extreme example of group polarization</i>	431
Obeying Immoral Orders: The Social Influence of an Authority	433
<i>Milgram's obedience experiment</i>	433
<i>Situational determinants of obedience</i>	435
<i>What would you have done?</i>	437
<i>The dynamics of obedience</i>	438
Summary and Conclusions	440
14 Group Performance	445
<i>Henk Wilke and Arjaan Wit</i>	
Introduction	446
Determinants of Group Performance	446
<i>Process losses and gains</i>	446
Individual Performance in a Social Context	448
<i>Mere presence</i>	448
<i>Evaluation apprehension</i>	449

<i>Attention conflict</i>	451
<i>A multi-faceted approach</i>	451
Combining Individual Resources into a Group Product	452
<i>Interdependence</i>	452
<i>Assembly rules</i>	453
Process Losses in Three Task Activities	461
<i>Idea generation</i>	461
<i>Information sampling</i>	464
<i>Decision-making</i>	466
<i>Preventing process losses</i>	467
Group Structure	470
<i>Role differentiation</i>	471
<i>Status differentiation</i>	472
<i>Communication patterns</i>	474
<i>Overcoming dysfunctional aspects of group structure</i>	475
Summary and Conclusions	476
15 Intergroup Relations	479
<i>Rupert Brown</i>	
Introduction	480
What is Intergroup Behaviour?	480
Popular Notions of Intergroup Conflict and Prejudice	481
<i>Prejudice as personality type</i>	481
<i>The 'scapegoat' theory of prejudice: intergroup aggression as a result of frustration</i>	485
<i>Interpersonal vs. group behaviour</i>	486
Intergroup Behaviour as a Response to Real or Imagined Group Interests	487
<i>Sherif's summer-camp studies</i>	488
Mere Group Membership as a Source of Intergroup Discrimination	493
<i>Minimal group experiments</i>	493
<i>Explanations of intergroup discrimination in minimal groups</i>	497
Group Membership and Social Identity	500
<i>Who am I? Who are we?</i>	500
<i>Intergroup differentiation in naturalistic contexts</i>	502
<i>Ingroup bias and group identification</i>	504
<i>Subordinate status, intergroup comparisons and social unrest</i>	504
The Reduction of Intergroup Conflict and Changing Negative Stereotypes	509
<i>Superordinate goals</i>	509
<i>Redrawing the category boundaries</i>	509
<i>The contact hypothesis</i>	512
Summary and Conclusions	513

Part V Applications

16	Health Psychology: A Social-Psychological Perspective	519
	<i>Wolfgang Stroebe and Klaus Jonas</i>	
	Introduction	520
	Behaviour and Health	521
	<i>The impact of behaviour on health</i>	521
	<i>Determinants of health behaviour</i>	521
	<i>Strategies of health behaviour change</i>	532
	Stress and Health	541
	<i>The measurement of critical life events</i>	542
	<i>What makes critical life events stressful?</i>	545
	<i>How does stress affect health?</i>	546
	<i>Moderators of the stress–health relationship</i>	548
	Summary and Conclusions	554
17	Social Psychology in Organizations	559
	<i>Nico W. VanYperen and Evert Van de Vliert</i>	
	Introduction	560
	Organizational Outcomes	562
	<i>Job satisfaction, organizational commitment and turnover</i>	562
	<i>Health-related organizational outcomes</i>	563
	<i>Job performance</i>	564
	Understanding Organizational Outcomes	567
	<i>Goal-setting theory</i>	567
	<i>Social justice theory</i>	571
	<i>Productive conflict theory</i>	577
	Leadership Theories	580
	<i>Trait approach to leadership</i>	580
	<i>Behavioural approach to leadership</i>	582
	<i>Contingency theories of leadership</i>	582
	<i>The romance of leadership</i>	584
	Summary and Conclusions	585
	Glossary	589
	References	607
	Subject Index	683
	Author Index	697
