*Published for  
Radiation Biology Laboratory,  
Smithsonian Institution  
by the  
Smithsonian Institution Press  
1977*

## CONTENTS

Preface .....	v
Bibliography .....	1
Author Index .....	251
Biological Materials Index .....	282
Taxonomic Index .....	318
Subject Index .....	348
Section I Types of Irradiance .....	348
Section II Phytochrome Molecular Properties .....	372
Section III Biological Responses .....	378
Section IV Reviews .....	408
