Contents

<i>Preface</i>	<i>page ix</i>
1 Technological innovation and international competitiveness	1
2 New product development and purchasing decisions	8
3 Research design	24
4 Patterns of technological innovation in British and West German machine tool manufacturing	33
5 The role of the customer in new product development	61
6 Buyer–seller interaction in new product development	83
7 Implications of the study	96
Appendix A: The British and West German machine tool industries 1950–83	106
Appendix B: Previous research evidence	120
<i>References</i>	125
<i>Index</i>	130
