Some meteorological insights  
on winter weather operations at two major  
German airports

P. Röhner and T. Hauf

Hannover 2008

**ULB Darmstadt**

17159259

## Table of contents

1. Introduction.....	1
2. Data.....	4
2.1 Winter climate data and weather data.....	4
2.2 Punctuality and traffic data.....	5
2.3 Method.....	6
3. Winter operations.....	7
3.1 Surface de-icing.....	7
3.2 Aircraft de-icing.....	10
4. Results.....	12
4.1. Winter climate at Frankfurt and Munich airport.....	12
4.2. Climatology of winter weather event days.....	18
4.3. Quantitative delay studies.....	20
4.4 Influence of surface de-icing operations on punctuality.....	31
5. Conclusions.....	32
6. Acknowledgements.....	35
7. References.....	35
