Contents

Introduction
Robert S. Kaplan

PART I Measures of Organizational Improvement
1. Limitations of Cost Accounting in Advanced Manufacturing Environments
   Robert S. Kaplan
   15

   Michiharu Sakurai
   39

3. Performance Measurement for Competitive Excellence
   H. Thomas Johnson
   63

4. The Choice of Productivity Measures in Organizations
   Howard M. Armitage and Anthony A. Atkinson
   91

PART II Measures to Facilitate Organizational Learning
5. Measurement, Coordination, and Learning in a Multi-plant Network
   W. Bruce Chew, Timothy F. Bresnahan, and Kim B. Clark
   129
6. Managing for Cost Improvement in Automated Production  
   *Anders Grönlund and Sten Jönsson*  163

7. An Architecture for a Process Control Costing System  
   *Ramachandran Jaikumar*  193

**PART III Measures for Product Design Improvements**

8. Activity Accounting: An Electronics Industry Implementation  
   *George Foster and Mahendra Gupta*  225

   *Rajiv D. Banker, Srikant M. Datar, Sunder Kekre, and Tridas Mukhopadhyay*  269

10. Internally Focused Activity-Based Cost Systems  
    *Robin Cooper and Peter B. B. Turney*  291

**PART IV Measures for Production Planning and Evaluation**

11. Measuring Delivery Performance: A Case Study from the Semiconductor Industry  
    *J. Michael Harrison, Charles A. Holloway, and James M. Patell*  309

12. Choosing Manufacturing Production Control and Cost Accounting Systems  
    *Uday S. Karmarkar, Phillip J. Lederer, and Jerold L. Zimmerman*  353
