CONTENTS

PART I INTRODUCTION AND OVERVIEW	1
1. Business Strategy: The Concept and Trends in its Management	3
What Is a Business Strategy?	4
Sustainable Competitive Advantage / 6	
A Strategic Business Unit	8
Strategic Market Management: An Historical Perspective	9
Strategic Market Management: Thrusts and Trends	13
Why Strategic Market Management?	17
2. Strategic Market Management: An Overview	20
External Analysis	20
Customer Analysis / 22	
Competitive Analysis / 23	
Industry Analysis / 24	
Environmental Analysis / 25	
Self-Analysis	26
Strategy Identification and Selection	28
Specifying the Mission / 28	
Identifying Strategic Alternatives / 29	
The Process	32
3. The Business Mission	35
Product Definition	37
Generic Customer Need	39
Market Definition	41
Technology	42

Levels of Production/Distribution	43
Distinctive Competence or Asset	43
Growth Directions	43
PART II EXTERNAL ANALYSIS	47
4. Customer and Competitor Analysis	49
Customer Analysis	50
Segmentation / 51	
Customer Motivation / 53	
Identifying Unmet Needs / 54	
Competitor Analysis—Identifying Competitors	56
Identifying Competitors—Customer-Based Approaches / 56	
Identifying the Competitors—Strategic Groups / 58	
Potential Competitors / 61	
Competitor Analysis—Understanding Competitors	61
5. Industry Analysis	69
Dimensions of an Industry Analysis	71
Actual and Potential Industry Size	72
Industry Structure	74
Cost Structure	76
Distribution Systems	77
Industry Trends and Developments	79
Industry Growth and the Product Life Cycle	79
Evaluating Declining Markets	82
Are High Growth Areas Always Attractive?	86
6. Environmental Analysis	92
Dimensions of Environment Analysis	93
Technology / 93	
Government / 96	
Economics / 97	
Culture / 97	
Demographics / 98	
Forecasting Environmental Trends and Events	99
Scenario Analysis	101
Impact Analysis	103
A Strategic Information Scanning System	108
PART III SELF-ANALYSIS	113
7. Self-Analysis	115
Performance Analysis	116
Past and Current Strategy	117

Strategic Problems	118
Analysis of the Internal Organization	118
Cost Analysis	119
Portfolio Analysis	120
Financial Resources and Constraints	120
Organizational Strengths and Weaknesses	121
The KSF/Competitor Strength Grid / 124	
Appendix: The Analysis of Financial Resources	126
8. Evaluating Performance and Setting Objectives	130
Profitability	133
The Required Return on Investment—The Hurdle Rate	135
The Capital Asset Pricing Model / 136	
Intervening Objectives—The Long-Term View	138
Flexibility Objectives	139
Growth Objectives	139
Key Result Areas	140
Tradeoffs	142
Consider the Stakeholders	143
9. Strategy and the Organization	145
A Conceptual Framework	146
Structure	152
Contingency Theory / 153	
The Peters and Waterman Study / 154	
Structures for the Future / 155	
People	157
Theories of Management / 157	
The Japanese Model—Theory Z / 159	
Corporate Culture	160
Shared Values / 161	
Norms / 162	
Symbols and Symbolic Action / 162	
Strategic Types	165
10. The Experience Curve	170
A Historical View	171
What Causes the Experience Curve?	174
Strategy Implications	176
Applying the Experience Curve—Complications and Problems	177
When Does the Experience Curve Model Apply?	184
Matrix of Competitive Environments / 185	

11. Portfolio Analysis	188
The BCG Growth-Share Matrix	190
The Industry Attractiveness-Business Position Matrix	198
The Directional Policy Matrix	201
Portfolio Models in Practice	205
PART IV ALTERNATIVE BUSINESS STRATEGIES	209
12. Differentiation, Low Cost, Focus and Selecting Investment Levels	211
Obtaining a Sustainable Competitive Advantage	212
Differentiation Strategies	213
Low Cost Strategies	218
Focus Strategy	221
The Investment Level	224
Divestment or Liquidation / 225	
Milking or Harvesting / 227	
Holding or Maintaining / 228	
13. Penetration, Product-Market Expansion, and Vertical Integration	231
Growth in Existing Product-Markets	232
Product Development for the Existing Market	236
Market Development Using Existing Products	239
Vertical Integration Strategies	241
Benefits / 242	
Costs / 246	
Alternatives to Integration / 248	
Are Integrated Firms More Profitable? / 248	
14. Diversification	251
Related Diversification	253
Achieving Economies of Scale / 253	
Exchanging Skills and Resources / 253	
Risks of Related Diversification / 255	
Unrelated Diversification	257
Performance of Diversified Firms	264
15. Acquisitions	267
Advantages of Acquisitions	268
Disadvantages of Acquisitions	268
Acquisition Criteria	269
Antitrust Considerations	272
Market Concentration / 273	
Factors Other Than Concentration / 276	

Vertical Integration / 277	
Conglomerate Mergers / 278	
Avoiding a Takeover	280
16. Strategies for Multinational Firms	283
Exporting	284
Licensing	285
Joint Ventures	286
Direct Investment—A Foreign Subsidiary	290
Global Strategies	292
Organizational Structure and Global Strategies / 295	
PART V THE PROCESS	299
17. Formal Planning Systems	301
The Formal Planning System	302
The Pitfalls of a Formal Planning System	306
Modifying the Planning System—A Case Study	309
Streamlining Reports / 309	
Strategy Review Levels / 310	
Flexible Scheduling / 311	
Top-down Strategizing / 311	
The Role of the Planning Staff / 311	
Getting Started	312
Appendix: Planning Forms	313
1. SBU Definition / 313	
2. Customer Analysis / 313	
3. Competitor Analysis / 314	
4. Industry Analysis / 317	
5. Environmental Analysis / 320	
6. Summary of Opportunities, Threats and Assumptions / 321	
7. Self-Analysis / 321	
8. Summary of Proposed Strategy / 325	
9. Financial Projections Based Upon Proposed Strategy / 325
