| Acknowledgments                            |    |
|--|----|
| Chapter 1. Problems and Issues             |    |
| 1.1. The Spectrum                          | 1  |
| 1.2. Issues                                | 3  |
| 1.3. Viewpoints                            | 5  |
| General Bibliography                       | 6  |
| Chapter 2. Computer Use: Extent and Growth |    |
| 2.1. The Number of Installations           | 8  |
| 2.2. Other Measures                        |    |
| 2.3. The Change in Quality                 | 13 |
| 2.4. Projections                           |    |
| 2.5. Disparities                           | 18 |
| Bibliography                               | 22 |
| Problems and Further Work                  | 23 |

#### Contents

#### Chapter 3. Computer Use: Where and Why

| 3.1. Areas of Use                      | 26 |
|--|----|
| 3.2. Motivating Forces                 | 29 |
| 3.3. Limiting Factors                  | 35 |
| 3.4. Computers in Developing Countries | 36 |
| Bibliography                           | 39 |
| Problems and Further Work              | 39 |

#### Chapter 4. Files, Data Banks, and Information Systems

| 4.1. System Requirements  | 41 |
|---------------------------|----|
| 4.2. Organization         | 44 |
| 4.3. Complexity           | 46 |
| 4.4. Record Linkage       | 54 |
| 4.5. System Security      | 57 |
| Bibliography              | 65 |
| Problems and Further Work | 65 |

#### Chapter 5. Information Systems and Privacy

| 5.1. Pe | ersonal Data                    | 68 |
|---------|---------------------------------|----|
| 5.2. Pr | ivacy and Information Gathering | 71 |
| 5.3. Da | ata Banks and Dossiers          | 73 |
| 5.4. Le | egal Guarantees to Privacy      | 76 |
| 5.5. Ba | lances                          | 78 |
| 5.6. Pr | oposals and Actions             | 80 |
| Bi      | bliography                      | 88 |
| Pr      | oblems and Further Work         | 89 |
|         |                                 |    |

#### Chapter 6. Surveying and Predicting

| 6.1. Surveys about Computers              | 90  |
|---|-----|
| 6.2. Technological Change and Forecasting | 98  |
| Bibliography                              | 108 |
| Problems and Further Work                 | 108 |

#### Chapter 7. Systems, Models, and Simulations

| 7.1. Computers and Planning                 | 111 |
|---|-----|
| 7.2. The Systems Approach                   | 114 |
| 7.3. Types of Models                        | 116 |
| 7.4. A Mathematical Simulation              | 118 |
| 7.5. Discrete Event Simulation              | 122 |
| 7.6. A Stochastic Discrete Event Simulation | 123 |

¥ (

| 7.7. Social Systems       | 126 |
|---------------------------|-----|
| Bibliography              | 137 |
| Problems and Further Work | 137 |

#### Chapter 8. Computer Capabilities and Limitations

| 140 |
|-----|
| 146 |
| 150 |
| 156 |
| 160 |
| 161 |
|     |

#### Chapter 9. Computers and Employment

| 9.1. Technology, Productivity, and the Labor Force   | 164 |
|--|-----|
| 9.2. Productivity and Automation: Mitigating Factors | 170 |
| 9.3. Automation and Skill Levels                     | 174 |
| 9.4. Automation and Attitudes                        | 180 |
| 9.5. Some Specific Considerations                    | 184 |
| Bibliography   | 191 |
| Problems and Further Work                            | 192 |

#### Chapter 10. The Distribution of Computer Products and Services

| 10.1. | Antitrust Actions         | 194 |
|-------|---------------------------|-----|
| 10.2. | Communications            | 196 |
| 10.3. | Protection of Software    | 201 |
| 10.4. | Standards                 | 204 |
|       | Bibliography              | 207 |
|       | Problems and Further Work | 207 |

#### Chapter 11. Shifts in Power

| 11.1. Information as Power                   | 211 |
|--|-----|
| 11.2. Centralization versus Decentralization | 213 |
| 11.3. Computers in the Political Process     | 217 |
| 11.4. Computers and the Individual           | 223 |
| Bibliography                                 | 228 |
| Problems and Further Work                    | 229 |

#### Chapter 12. Professionalization and Responsibility

| 12.1. | Professional | Societies   | 231 |
|-------|--------------|-------------|-----|
| 12.2. | Professional | Imperatives | 238 |

vii

| 12.3. | Social Responsibilities   | 242 |
|-------|---------------------------|-----|
|       | Bibliography              | 247 |
|       | Problems and Further Work | 247 |

### Chapter 13. Values, Technology, and Computers

|                               | <b>•</b> 10 |
|-------------------------------|-------------|
| 13.1. The Nature of Values    | 249         |
| 13.2. Technologies and Values | 252         |
| 13.3. Leisure                 | 257         |
| 13.4. Value Conflict          | 262         |
| 13.5. Some Directions         | 266         |
| Bibliography                  | 269         |
| Appendix. Statistical Tests   | 270         |
