Table of Contents

What This Book Can Do for You	8
1. Projects and Controls in Perspective to the Overall EDP Effort	17
EDP Functions	
Development Efforts · Operations Effort · Summary	
EDP Organization	
Managing EDP	
Operations Efforts · Development Efforts	
Emphasis on Control	
2. Determining and Assigning Project Responsibility	28
Study	
Preliminary Request Evaluation and Follow-Up · Initial Study · Conceptual Design · Analysis · Project Justification · Request for Authorization	
Development	
Detail Design and Programming · Testing and Conversion · Manual Systems — Study and Writing · Manual Systems — Training and Conditioning	
Operations	
User Operations · Computer Operations · Expected Benefits	
Summary	
3. Originating the Project and Conducting Basic Studies	44
Handling Project Requests	
Project Request Form · Preliminary Request Evaluation · Request Follow-Up	
Initial Study	
Preparation · Conduct · Results · Primary Benefit · Initial Survey Follow-Up	
Feasibility Study	
Conduct	
Controls and Reports	

4. Setting Priorities and Authorizing Projects	65
Analyses	
Resource Requirements · Costs · Benefits · Risk	
Weighted Point Evaluation	
Definition and Weighting · Point Assignment · Utilization	
Obtaining Project Authorization	
Preparation — General · Preparation — Project Justification · Submission —	
Project Justification and Request for Project Authorization · Control of	
Authorized Projects	
5. Developing the Project Schedule and Monitoring Its Progress	81
Estimate of Development	
General · As a Control Mechanism · Coding System · Method of Estimation ·	
Shortcomings	
Project Schedule (Gantt Chart)	
General · As a Control Mechanism · Coding System · Shortcomings	
Modified CPM	
General · As a Control Mechanism · Coding · Shortcomings · Beginning	
Controls	
Periodic Control Report	
Benchmark Control Report	
Exception Control Report	
Changes in Estimates	
Analyzing Changes	
6. Ensuring Project Quality and Eliminating the Problems in Testing	97
Quality Controls	
Documentation · Standards · Benchmark Reviews	
Types of Testing	
Desk Checking · Program (Programmer) · Program Test · Linkage Test	
Systems Test · Parallel Test · Pilot Test	
Managing the Testing Effort	
Planning · Organizing · Direction · Control	
System Acceptance	

7. Converting Files, Programs, and People	116
Data Base	
Functions · Overcoming Problems · Establishing Controls	
Program Preparation	
People and Procedures	
Data Preparation and Information Dissemination · Computer Operations ·	
File Library and Scheduling · Quality Control · Manufacturer's Systems Modi-	
fication · Applications Systems Modification	
8. Determining Costs, Cash Flow, and Payback	131
Cost Accounting	
Development Cost Estimates · Operations Cost Estimate · Development Cost	
Controls · Operations Cost Controls · Summary	
Cash Flow	
Payback Period	
9. Using Informal and Multi-Project Controls	149
Informal Controls	
Project Initiation · Personal Contact · Review Meetings	
Multi-Project Controls	
Project Progress Report · Multi-Project Progress Report · Manpower Schedule	
and New Project Computer Time Requirements	
10. Managing Production Areas for Successful Projects	166
Operational Controls	
Cost Controls · Schedule Controls · Quality Controls · Summary	
Managing Systems Modifications	
Planning · Controls · Costs	
11. Illustrating the Master Control Plan	183
Project Origination and Study	
Request · Preliminary Review · Initial Survey · Feasibility Study · Request for	
Project Authorization · Authorization	
Project Implementation	
Initiation · Implementation Through 7/26/ · Implementation 7/26/ –	
10/2/ · Implementation 10/2/ – 10/30/	

11. Illustrating the Master Control Plan (Continued)

Operation

Summary

12. Implementing the Master Control Plan 198

Control Plan Structure

Control Yardstick · Control Data · Primary Control Comparisons

Modular Implementation

Critical Control Elements · Implementation of Critical Control Elements ·
Maintaining Control During Implementation · Summary · Non-Critical Control
Elements**13. Avoiding Problems During Implementation 213**

Resistance to Change

Method of Elimination · Illustration – Weighted Point Evaluation Technique

Increased Coordination

Methods of Elimination · Illustration – Accounting Analysis

Responsibility Accounting

Method of Elimination · Illustration – Three-Point Estimate of Income

Lack of Measurable Benefits

Method of Elimination · Illustration – Using Outside Resources

Summary

Index 223
