# Water Safety Plans: Book 2

## Supporting Water Safety Management for Urban Piped Water Supplies in Developing Countries

*Edited by Sam Godfrey & Guy Howard*

*With contributions from:*

*Professor T. Harpham, Dr G. Howard, Dr S. Kayaga,  
Dr S. Pedley, Dr R. Few, Ms K. Johal, Ms S. Tibatemwa  
and Mr K. Sansom*

About the editors .....	v
Acknowledgements .....	vi
Who should read this book.....	vii
How to use this book.....	viii
How does this book fit into the overall guidelines?.....	ix
List of acronyms .....	xvi
<b>Chapter 1.....</b>	<b>1</b>
<b>Introduction .....</b>	<b>1</b>
<b>Section 1: Prerequisites .....</b>	<b>3</b>
<b>Chapter 2.....</b>	<b>5</b>
<b>Quantitative risk methods .....</b>	<b>5</b>
Introduction .....	5
Quantitative microbial risk assessment (QMRA) .....	6
Health-based targets.....	7
Establishing disease burdens for pathogens.....	9
<i>E.coli</i> O157:H7 .....	10
<i>Cryptosporidium parvum</i> .....	13
<i>Rotavirus</i> .....	15
Discussion .....	16
Risk assessment.....	17
Case study examples from Kampala.....	19
<i>E.coli</i> O157:H7 .....	22
<i>Cryptosporidium parvum</i> .....	23
<i>Rotavirus</i> .....	25
Discussion of case study findings.....	27
Using risk assessment data for investment planning .....	28
Conclusions .....	31
References .....	32
<b>Chapter 3.....</b>	<b>37</b>
<b>Institutional aspects .....</b>	<b>37</b>
Introduction .....	37
Institutional analysis for risk assessment .....	37
<i>Who's involved?</i> .....	37
<i>Who should be involved?</i> .....	43
<i>Key performance indicators and targets</i> .....	46
Risk management.....	47

<i>Who should implement the WSP?</i> .....	47
Water quality monitoring and verification .....	48
<i>Who should do the monitoring?</i> .....	48
<i>Who should do the verification?</i> .....	48
<i>Who should report the faults?</i> .....	49
How are the results communicated? .....	50
<i>Internal communication</i> .....	50
<i>External communication</i> .....	51
How will the WSP be updated? .....	51
<i>Activity 1: revision of risk points</i> .....	51
<i>Activity 2: investment planning</i> .....	52
Conclusions .....	52
References .....	52
<b>Chapter 4</b> .....	<b>55</b>
<b><i>Population susceptibility</i></b> .....	<b>55</b>
Introduction .....	55
Use of socio-economic criteria within the WSP .....	56
Means of collecting socio-economic data .....	57
Undertaking socio-economic assessments .....	59
Using proxy variables for household incomes or consumption expenditures ....	59
Rapid assessments .....	63
References .....	65
<b>Section 2: Supporting programmes</b> .....	<b>67</b>
<b>Chapter 5</b> .....	<b>69</b>
<b><i>Community perceptions and interactions</i></b> .....	<b>69</b>
Introduction .....	69
Objectives .....	69
Methods .....	70
Presentation and use of results .....	73
<b>Chapter 6</b> .....	<b>77</b>
<b><i>Development of risk maps</i></b> .....	<b>77</b>
Introduction .....	77
Risk matrix .....	79
Vulnerability indicators .....	80
<i>Pipe age</i> .....	81
<i>Pipe diameter</i> .....	84
<i>Pipe length</i> .....	85
<i>Pipe material</i> .....	85
Additional indicators .....	87
<i>Hydraulic pressure</i> .....	87

Hazard assessment.....	88
Susceptibility.....	89
Qualitative risk methods .....	91
Semi-quantitative risk methods .....	92
<i>Hazard identification</i> .....	93
<i>Vulnerability indicators</i> .....	95
References .....	98
<b>Annexe 1: Additional table .....</b>	<b>103</b>
<b>Annexe 2: Questionnaire.....</b>	<b>105</b>
<b>Annexe 3: Additional boxes.....</b>	<b>109</b>
