New Delhi • Bangkok • Singapore • Tokyo • Sydney

Contents

VII Preface

Part I: Epithelial Restitution

1 Roles of Extracellular Matrix and Cytoskeleton in Intestinal Epithelial Restitution

Turner, J.R. (Chicago, Ill.); Basson, M.D. (Detroit, Mich.)

14 Cytokines in Restitution

Yoo, J.; Lotz, M.M.; Matthews, J.B. (Cincinnati, Ohio/Boston, Mass.)

29 Ca²⁺ Signaling in Epithelial Restitution

Rao, I.N.; Wang, J.-Y. (Baltimore, Md.)

43 Polyamines in Intestinal Epithelial Restitution

McCormack, S.A.; Ray, R.M.; Johnson, L.R. (Memphis, Tenn.)

57 Epithelial Restitution and Physical Stress

Osada, T. (Tokyo); Watanabe, S. (Akita); Sato, N. (Tokyo)

69 The Diacylglycerol/Protein Kinase C Pathway in Gastrointestinal Mucosal Injury and Defense

Miller, T.A.; Redlak, M.J.; Coy, L.M.; Taher, M.M. (Richmond, Va.)

Part 2: Mucosal Repair and Ulcer Healing

82 Expression of Early Primary Response Genes in Healing of Gastrointestinal Mucosal Injury

Wang, J.-Y. (Baltimore, Md.)

101 Role of Angiogenesis and Angiogenic Growth Factors in Mucosal Repair and Ulcer Healing

Tarnawski, A.S.; Jones, M.K. (Long Beach, Calif./Irvine, Calif.); Baatar, D.; Pai, R. (Irvine, Calif.)

117 Role of Platelets in Gastric Ulcer Healing: A Delivery System for Growth Factors

Ma, L.; Wallace, J.L. (Calgary)

129 Intestinal Mucosal Function following Ischemia/Reperfusion

Tso, P. (Cincinnati, Ohio); Wollin, A. (Saskatoon)

143 *Helicobacter pylori* Infection and Gastroduodenal Mucosal Damage and Healing

Xia, H.H.X.; Wong, B.C.Y.; Lam, S.K. (Hong Kong)

Part 3: Experimental Therapeutics

158 Nitric Oxide-Releasing Agents - A New Generation of Drugs for Gastrointestinal Diseases

Brzozowski, T. (Cracow); Konturek, P.C. (Erlangen); Konturek, S.J. (Cracow)

166 Cyclooxygenase Inhibitor, a Foe or a Friend in the Mucosal Protection and Repair

Peskar, B.M. (Bochum)

180 Polysaccharides: A New Role in Gastrointestinal Protection

Cho, C.C.M.; Liu, E.S.L.; Shin, V.Y.; Cho, C.H. (Hong Kong)

190 Modulators of Inducible Nitric Oxide Synthase: Potential Drugs for the Therapy of Gut Inflammation?

Whittle, B.J.R.; Cavicchi, M.; Lamarque, D. (London)

209 Peptide and Gene Therapy with Angiogenic Growth Factors bFGF, PDGF or VEGF in Gastrointestinal Ulcers in Rats

Khomenko, T.; Deng, X.; Ishikawa, H.; Sandor, Z.; Szabo, S. (Long Beach, Calif/Irvine, Calif.)

227 Gastrointestinal Protective Action of Prostaglandin E₂ and EP Receptor Subtypes

Takeuchi, K.; Kato, S.; Tanaka, A. (Kyoto)

243 Author Index

244 Subject Index
