# CONTENTS

List of Tables	ix
List of Figures	xiii
Preface and Acknowledgments	xv
List of Contributors	xvii
1. Introduction and Background: A New Beginning <i>James P. Dorian</i>	1
<b>PART ONE: COMMONWEALTH MINING INDUSTRY</b>	
2. Energy and Fuel Resources in the Commonwealth of Independent States: Major Developments and Prospects <i>Vitaly T. Borisovich, Valery G. Belitzky and Vsevolod I. Potapov</i>	11
3. Commonwealth Mineral Resources and Economic Development <i>Yuri M. Arsky, Vitaly T. Borisovich, and Boris V. Kochetkov</i>	29
4. Joint Mining Ventures in the Former Soviet Union: A Focus on the Russian Federation <i>James P. Dorian and Pavel V. Karaulov</i>	49
5. New Perspectives on an Old Gold Mining Country <i>Stewart Murray</i>	71
6. Opportunities for Technology Transfer Between the United States and the Commonwealth of Independent States: A Focus on the Mining Sector <i>Chennat Gopalakrishnan and Valentin N. Tarasov</i>	83

**PART TWO: REGIONAL ISSUES AND AFFAIRS**

- |     |   |     |
|-----|---|-----|
| 7.  | Development of the Armenian Mining Industry: Rational Exploitation and Use of Joint Ventures<br><i>Yury A. Agabalyan, Stepan K. Mekhikian, and Levon M. Bagdasaryan</i> | 99  |
| 8.  | Kazakhstan's Mineral Raw Materials Industry and Its Potential<br><i>Shakarim F. Zhansetov and Madenyat A. Asanov</i>  | 113 |
| 9.  | Geology, Mineral Resources and the Mineral Development Potential of the Russian Far East<br><i>Allen L. Clark and Genady V. Sekisov</i>                                 | 127 |
| 10. | Energy Supplies of the Russian Far East: Prospects for Using Natural Gas and Nuclear Power<br><i>Nikolai I. Tsvetkov</i>  | 157 |
| 11. | Mineral Resources of the Far East: Prospects for Export<br><i>Yuri I. Bakulin and Vitaly T. Shishmakov</i>  | 163 |
| 12. | The Russian Far East: Economic Conditions and Prospects for Cooperation in Northeast Asia<br><i>Pavel A. Minakir</i>  | 177 |

**PART THREE: INTERNATIONAL TRADE AND RELATIONS**

- |        |  |     |
|--------|--|-----|
| 13.    | Issues Affecting Northeast Asian Minerals and Energy Markets<br><i>Terry Sheales and Vyrene Smith</i>  | 191 |
| 14.    | Exploration and Mining Conditions in the Asia-Pacific Region: An Industry Perspective<br><i>Douglas Ritchie</i>                              | 225 |
| 15.    | Soviet Asia-Pacific Minerals Trade: Past Performance and Future Outlook<br><i>Ping-Sun Leung, John F. Yanagida, and Vitaly T. Borisovich</i> | 243 |
| 1/ 16. | Multilateral Energy Cooperation in Northeast Asia: A Focus on Oil and Natural Gas Development<br><i>Keun-Wook Paik</i>                       | 293 |
| 17.    | Australia-Commonwealth Ties in the Minerals Sector<br><i>Alaster Edwards and Christopher Findlay</i>   | 315 |

18.	Prospects for Sino-CIS Cooperation in Nonferrous Metals <i>Youhua Chen</i>	325
19.	Evolving Commonwealth-Japan Economic Relations <i>Hiroshi Takahashi</i>	333
20.	The New Zealand-Soviet Union/CIS Economic Relationship: Problems and Prospects in a Time of Change <i>John H. Beaglehole</i>	341
Appendix A: Mineral Production Statistics of the Former Soviet Union		359
